MRS. FORREST IS HEAD OF LEAGUE

TAKEN UP WORK OF CIVIC IMPROVEMENT S. COMMENDABLY CARRIED ON BY MRS. MARY A. JACKSON

Election of officers was the main order of business at Tuesday's meeting of the Women's Civic League, and the following new officers were chosen to guide the destinies of the organization for the coming year:

President, Mrs. W. T. Forrest; first vice president, Mrs. G. W. White; second vice president, Mrs. Thos. Hampton; third vice president, Mrs. R. H. Dunbar; secretary, Mrs. Robert B. Savidge; treasurer, Mrs. Louis F. Bath.

Regarding the plans for the coming year, the following was given by Mrs. Forrest:

"We shall endeavor to co-operate with the city officials and the Chamber of Commerce in all matters pertaining to civic improvement. The work of the past year has shown us that there is much to be done along this line.

"This year notes a united effort in the matter of Clean-Up Day. The day has been set aside by proclamation of the governor, and our mayor has followed with a local proclamation. The League will advance this work by every possible means.

"Although we feel that this is an important work, there is a growing feeling that the League should not confine its efforts to civic and economic subjects, but should lend our best efforts to the advancement of club work along social, educational, artistic and literary lines. This will no doubt be taken up in the near future by the League.

"There are many ladies in our city who are anxious to express themselves along the various lines of club work just named. The League hopes by a broader outline of work to give them opportunity for such expression.

"I sincerely hope that the spirit of civic improvement will so grow in Klamath Falls that all matters pertaining to the public welfare may be handled through a city federation of all the women's organizations. This has been successfully done in many cities, and it creates—through the delegations from the different clubs—a universal interest in this important subject."

The committees to work in connection with Clean-Up Day, together with an outline of the work, will be announced later.

Although organized only a year ago the Civic League, under the presidency of Mrs. Mary A. Jackson has already taken a prominent part in the civic betterment of the city. As a result of the agitation started by the League during the last year, Clean-Up Day was established as an annual affair, cash prizes were paid in a successful effort to create a greater interest in the appearance of lawns and yards, and other forward steps were taken.

By no means the least of the work accomplished during Mrs. Jackson's administration was the securing of a park site for the city, and the commencement of a fund for the beautifying of this site.

TO AILING WOMEN

A Little Sound Advice Will Help Many a Sufferer in Klamath Falls

No woman should consider herself healthy and well if the kidneys are weak. Poisons that pass off in the urine when the kidneys are well are retained in the body when the kidneys are disordered. This is the true cause of many bearing-down pains, lameness, backache, etc. Uric poisoning also causes headaches, dizzy spells, languor, nervousness and rheumatic pain.

When suffering so, try Doan's Kidney Pills. You will get better as the kidneys get better, and health will return when the kidneys are well. Let a fellow sufferer tell you about Doan's Kidney Pills.

Mrs. Esther Eads, 805 C St., Pass, Ore., says: "I used Doan's Kidney Pills for backache, and they gave me such great relief that I have recommended them to a number of my friends and I will always give this remedy my endorsement."
