JACK JOHNSON JURY IS SWORN IN; KENNEY GONE

POLICE FEAR WITNESS HAS BEEN MURDERED

Unaccountable Absence of Over a Week Causes Federal Authorities to Grow Apprehensive for the Safety of Enemy of Negro Fighter—The Taking of Testimony Will Commence Tomorrow Morning

United Press Service

CHICAGO, May 7.—At noon the jury was sworn in the federal district court to hear the evidence against Jack Johnson, the negro heavyweight champion, who is charged with violating the white slave law. He is being tried under the Mann act.

The taking of testimony will commence in the morning. Assistant federal district attorney made the opening statement for the prosecution this afternoon.

Thus far, all efforts have failed to locate Yank Kenney, one of the important witnesses for the government. Kenney has been missing since last Thursday, and the police are of the opinion that he has been murdered or foully dealt with in other ways.

Kenney was Johnson's trainer at Reno, Nevada, when Johnson fought Jeffries and won the title. He and the big black are bitter enemies now, and his evidence would be most damaging to the defendant.

It is said that Kenney intended to tell of the visits of white girls and women to the Johnson training quarters at Reno and other places. In order to head this off, officers are of the opinion that friends of Johnson spirited Kenney away and either murdered him or are detaining him.

The city police and detectives are working on the case in an effort to locate Kenney. In addition a number of secret service men have been detailed by the government.

Dr. Merryman reports the birth of a son to Mr. and Mrs. George Agers this morning. The Agers reside on the Keno road.

Jack H. Berry and O. H. Engle came in from the Fort Tuesday afternoon for a visit of several days.

Su'fs Who Posed in a Tableau

Some, perhaps most, of the young women selected to pose in the tableau at the Metropolitan opera house in New York to represent the advancement of women, are good to look upon. The managers of the woman suffrage party, who made the selections, picked out some of the most beautiful they could find. Particularly were they successful in the case of Pauline Fredericks, who represents woman, and Mrs. Sybilla Pope and Mrs. May Belle Morgan, who were among the ornaments of the show, dressed in Greek costumes.

appear in a Greek costume, and to live up to the part I am going to be barefooted, just like the Greeks in festivals and the boys in the spring time.

"Mother" is a name that is sanctified by all, and the beautiful custom of wearing a white carnation on the second Sunday in May will be almost universally celebrated this year.

The object of Mothers' Day is to honor and uplift motherhood and to give happiness to "the best mother who ever lived," your mother. Observance—loving remembrance of your mother (or her memory) through some distinct act of kindness, visit, tribute or letter. Live this day as your mother would have you live it. The badge is the white or colored carnation. Time—the second Sunday (the 11th) of May, annually; in the schools, Friday (May 9th). Founder—Miss Anna Jarvis, 2031 North Twelfth street, Philadelphia.

The idea came to Miss Jarvis while she was planning to commemorate the anniversary of her mother's death. Several years ago, while she was wondering what flower she would lay on her mother's grave, it occurred to her that it would be a beautiful tribute to all mothers, the living as well as the dead, if the children would unite in the simple wearing of white flowers.

Miss Jarvis thought that the white carnation would be the most appropriate blossom for Mothers' Day, and these are her reasons:

"Its whiteness stands for purity, its form for beauty, its fragrance for love, its wide field of growth for charity, its lasting qualities for faithfulness—all attributes of the true mother." Miss Jarvis asked everybody to wear a white carnation on his coat lapel on a day in honor of his mother. The idea spread rapidly, and on the appointed day scarcely a man appeared on the streets of Philadelphia whose coat was not adorned with the emblem.

A white carnation has now come to be symbolical of a mother deceased and a colored carnation of a mother living.

SEVERAL NEW ARRANGEMENTS MADE LAST NIGHT FOR THE SUCCESS OF THE SHOW—NEW OFFICIALS NAMED

The executive committee of the Klamath Rodeo held a meeting last night at which several new committees were appointed and plans were discussed and a program arranged for the coming big event. It was decided that bids would be asked for the concessions on the grounds.

The members of the committee are determined to make the second annual show a financial success as well as in other respects. They have placed D. B. Campbell as treasurer, and he will see that no money is improperly spent or wasted. Leslie Rogers will have charge of the auditing of all bills, and no indebtedness cannot be incurred without being passed upon by the executive committee.

Literature, cards, posters and lithographs are to be secured at once and placed at all points on the railroad between Portland and San Francisco. The new committee appointed were: Printing—J. J. Parker chairman, H. Boivin and W. D. Cofer. Music—E. B. Henry chairman, J. E. Bodge and F. R. Olds.

O. W. Robertson has been selected as chief of police on the grounds, and will appoint ten assistants to help in the work.

Dr. E. V. Morrow returned last night from Portland. He has been north for several weeks.

Second Unit Work is Far Ahead of Schedule

Maney Brothers' Contract Calls for 50 Per Cent Completed July 1. Work Now 40 p. c. Finished

Fifty thousand yards of dirt were moved in April by the sub-contractors under Maney Brothers on the excavation of the Second Unit laterals, according to figures compiled by the reclamation service. A still greater showing will be made during May, as the weather will permit full crews to work the entire month.

Last month's showing makes the excavation of the North and South Poe Valley and Griffith and Ness Lake laterals 40 per cent completed. The contract with the government calls for the completion of 50 per cent by July 1.

United Press Service
HONOLULU, Hawaii, May 7.—The threat of certain local business men to ask that Hawaii be "allowed to withdraw from the United States if a free sugar provision is enacted by congress," took concrete form today when a petition to this effect was completed and set in circulation throughout the island. Those behind the petition declare Hawaii will be unable to exist commercially if the free sugar provision goes through. They declare that if it does Hawaii should be allowed to resume her previous state of independence.

LAWYERS HOLD TRYOUT TODAY

LEGAL LIGHTS WILL DEPART AROUND MODOC PARK TODAY. MEDICOS HAVE MANY GOOD PROSPECTS

The report in The Herald Tuesday to the effect that the doctors of the city had organized a baseball team for the open and avowed purpose of getting a game with the lawyers was sufficient to set the attorneys to work searching for available material in the regular ranks of the profession.

It was found upon inquiry that there are several lawyers who have played baseball; in fact there are some who have played within the last ten years.

Marquard, Collins, Davis, Cobb and Baker have nothing on some of our barristers when it comes to playing ball. If what they have been telling their fellow lawyers is gospel.

However, all of the lawyers, for some unknown reason, have decided that the word of nobody is to be taken in the matter, and oratory must

WALKOUT WILL BE SEEN WITHIN ITS BOOFS

Failure of the Pacific Gas and Electric Company to meet the demand for an increase of wages in response to the Over Eight Hundred Out in San Francisco—Business in Bay Cities Is at a Standstill

United Press Service

SAN FRANCISCO, May 7.—The members of the affiliated unions employed in the various branches of the Pacific Gas and Electric Company throughout California, walked out this morning on account of a failure to agree on questions of wage increases and other matters.

The members of the unions called for an increase in wages and for one day a week rest.

From 1,500 to 2,000 men are now out, and more are expected to come out today and tomorrow.

Eight hundred men walked out in San Francisco, and it is likely that the city will be in darkness tonight, and transportation lines are badly crippled.

In Oakland, with 600 men out, the car service is tied up and the business district is paralyzed.

The transportation service of Berkeley, Alameda and East Oakland is tied up, and thousands are compelled to walk.

"Thirty-Seven—Ten" Settlers Victorious

Carnahan and Mills Receive Notice That They Have Won for Clients In Circuit Court of Appeals

Homesteaders have scored another victory over A. D. Daniels in the "37-10" land cases, according to telegraphic advice received by J. H. Carnahan and Fred H. Mills, attorneys for some of the defendants. The two attorneys have been notified that their clients were victorious in the United States circuit court of appeals at San Francisco.

Carnahan represented John C. Leonard, Vernal W. Whitehead, Valentine Bernhard and Mark T. Howard in the case. Mrs. C. I. Robertson is Mills' client.

The suit embraces sixteen cases in which Daniels, claimant of beneficial interest in certain forest land sections, sought to have the titles of the

defendants declared to be held in trust for him. The land is located mostly in townships 37 south of range 10 east. It grew out of the liquidation of lands in an American tract reserve by the American Cattle Company in lieu of bonds in that county. Part of the land was held by the station superintendent, Daniels seeks to have that land sold.

The matter has been in the courts several years, and the decision was rendered by the United States circuit court of appeals at San Francisco.

Dairy Butter Must Be Plainly Marked

State Food and Dairy Commissioner Sends Out Special Order Calling Attention to the Statute

The following ruling on the branding of dairy butter has been sent out by J. D. Michie, Oregon dairy and food commissioner, for the guidance of dairymen:

The statutes regulating the manufacture and sale of butter provide for the branding of creamery butter, but not for the branding of dairy butter except that each roll or square must be plainly marked 16 ounces full weight or 32 ounces full weight. We find some dairy butter that is not so marked, and we also find some that is short weight.

We would be glad to hold the manufacturer responsible for the misbranding, and also for the short

weight, but in the absence of any name and address on the butter so as to positively identify the manufacturer, we cannot do so. The following ruling is therefore made:

All dairy butter offered or exposed for sale will be considered misbranded if it does not have plainly marked on each roll or square the words "Dairy Butter," "16 ounces full weight" or "32 ounces full weight," and the name and address of the manufacturer. Any person offering or exposing for sale dairy butter not branded in compliance with this ruling will be prosecuted under the statutes provided for the branding of food products.
