Carleton, assistant superintendent of the department of public instruction, is here from Salem. Mr. Carleton is a brother of Miss Carleton, assistant county school superintendent.

Carleton's visit here is part of a tour of the state, with a view to getting acquainted with the methods employed in the training courses. Outside of Portland, there are 23 institutions in the state that give teachers training, and two of these are in Klamath county.

London, May 12.—It is feared that friction between the Grecian and Bulgarian envoys to the Balkan peace convention will delay action. The two countries cannot agree as to the disposition of Macedonia, and each accuses the other of obstructing the meeting.

The Turkish envoys arrived this morning to resume negotiations toward a settlement of hostilities.

DELAJ TO CALL ELECTION AS ASKED
(Continued from Page 1)

sion to determine whether he was legally elected or not, or whether any official acts performed by him were legal and binding on the county.

The question has never been taken to the supreme court, although it has caused considerable discussion throughout the state. The attorney general's opinion on the matter is not very definite. He recited that the question has never been decided by the supreme court, but that a recall election was held in the city of Portland, wherein J. T. Ellis was recalled as councilman, and the result of the election was not contested.

The attorney general has just rendered an opinion on the recall petition of the county judge of Clackamas county, in which he advises that the petitions are in legal form, but the question of the legality of a recall election is apparently evaded.

CAR FRANCHISE IS THREATENED

CINCINNATI OFFICIAL NOT ONLY REFUSES TO PUT POLICE ON CARE, BUT TALKS OF REVOKING FRANCHISE.

Cincinnati, May 12.—The street car strike here has reached such a stage that the company is considering asking for militia. The service is badly crippled, and, with the militia in the city, the company hopes to use strike-breakers.

The mayor has flatly refused to put policemen on strikebreaking cars. He demands that the company arbitrate the strike immediately, or he will appoint a receiver for the road, and revoke its franchise.

Over 20,000 people have pledged themselves to walk until the strike is settled.
