

## Worden Will Not Take Advantage of Faults in the Recall Amendment; Wants to Fight at the Polls

### JAPAN TREATY WILL BE MADE WITHOUT DELAY

RYAN AND CHINDA AGREE ON GENERAL TERMS

Instead of "Gentlemen's Agreement," an Unmistakable Agreement Will Be Drawn Up and the Japs Will Be Given a Permanent Status in the United States—California legislature to Adjourn

Washington, May 13.—It is believed by officials of the state department that the new treaty with Japan will be negotiated quickly, and that the status of the Nipponese will be definitely settled without regard to what Governor Johnson of California does with the California anti-alien bill.

It is admitted that the time has arrived for the United States to definitely outline its policy with regard to Japs.

Secretary Bryan and Ambassador Chinda have determined on a common ground whereon they can meet. The result will be an unmistakable treaty, instead of the present "gentlemen's agreement."

Sacramento, May 13.—At noon today the legislators were still awaiting the call for the final adjournment. The uncompleted enrollment of bills passed Monday is causing the delay.

### BAPTISTS MEET IN CONVENTION

OVER A THOUSAND DELEGATES FROM ALL PARTS OF THE SOUTH ATTEND BIG CONCLAVE IN ST. LOUIS

United Press Service  
St. Louis, Mo., May 13.—More than a thousand delegates to the Southern Baptist convention assembled here today at the Third Baptist church for a week's session. The delegates include prominent ministers, lawyers, physicians and educators. The convention has no judicial or legislative function, as every Baptist church is absolutely independent. Figures showing a great growth of the church were presented today.

According to the report made today, there are now more than 2,000,000 registered members of Baptist churches. Encouraging reports also were read by delegates representing theological seminaries at Louisville, Ky., and Dallas, Tex., and from delegates representing state Baptist colleges in the south. Sectional meetings will be held daily throughout the week to discuss foreign missions, home missions, the Sunday school, the church, and the establishment of gymnasiums and recreation associations in the churches as a means of attracting and holding younger members.

James Grimes was in yesterday from his ranch near Olene.

F. A. Smith has gone to San Francisco to attend to business matters. Carl Grubb has returned to his ranch near Swan lake, after a visit in the county seat.

### Chief of N. Y. Health Board

Since Dr. Friedmann, the turtle germ man from Germany announced that he had sold his American rights for the alleged cure of consumption or \$125,000 in cash and a large share of stock in a corporation to be organized, the board of health of New York city, where most of his experiments have been conducted, has announced that it does not believe in the Friedmann treatment. Dr. Ernest Lederer, commissioner of health and the chief of the board, is believed to be largely responsible for this position. Physicians under him have watched those to whom Friedmann gave his treatment, and the board has announced that no progress toward recovery has been noted. In fact, the germ of Dr. Friedmann is not considered as efficacious as that of Dr. Koch, discovered many years ago, and has not gone so far toward curing tuberculosis.

### FAMED TRIANGLE GOES TO EUROPE

New York, May 13.—The entire membership of St. Patrick's chapter, No. 145, Royal Arch Masons, of Toronto, Canada, left here today for Europe, carrying with them the famous "traveling triangle," which is being sent on a journey to the Royal Arch jurisdictions of the world.

The arch is a magnificent piece of solid gold. It will make a ceremonial appearance at every Royal Arch jurisdiction in Europe, and will be returned to Toronto, Canada, with elaborate ceremonies.

Mr. and Mrs. T. W. Elliott are in from their ranch near the Gap.

### CLEAN-UP DAY ENRICHES THE MUNICIPALITY

RESULTS IN RECLAIMING OF MARSH

Setting Aside the Benefit to the Residents through Having Disease-Breeding Rubbish removed and the Streets and Yards Made More Neatly, the Improvement It Caused to City Park is Worth More Than Cost

There need be no fear on the part of members of the city council that the taxpayers will object to the cost to the city of the recent clean-up, according to expressions heard on the streets today. One prominent citizen was heard to remark that "It is worth more than a few hundred dollars to know that we have a clean city; one that we will not be ashamed to show to visitors."

This follows the complaint made by Fred Melhase that the city was imposed on by Cleanup day, and his hint that the establishment of an annual cleanup day was a bad precedent. Melhase held that the people were disposed to leave the matter to the city all the time, and have the cleaning up done at the expense of the municipality.

In addition to the unquestioned benefit of a clean, sanitary city, the "cleanup" resulted in the improvement of the city to a greater value than its entire cost. About half of block 88, which is owned by the city, has been converted from a marsh hole into good, solid real property. All of the rubbish obtained from "cleanup" day, was used as filling on this property, and the same, after receiving a top dressing of street sweepings and earth, makes a valuable piece of real estate.

As the result of the success of the city in filling block 88, it is probable that the park commission will take similar steps toward improving and filling its property which adjoins the city block. This entire tract could be gradually filled and built up until in a few years Klamath Falls would have excellent and valuable park grounds with very little cost.

Ed Akin, who was injured by a falling log at the Doak ranch, last week, is here to receive treatment from Dr. Hamilton. Akin's arm was broken, and he was badly bruised, but he is recovering nicely.

### Governor Calls Senator a Liar

The fiery Governor Hatfield of West Virginia has gone so far in defending his state against the attack of Senator Kern and others who want an investigation of labor conditions among the miners there that he has called the leader of the majority in the United States senate a liar.

Senator Kern has a resolution before the upper chamber for an investigation. He believes that what constitutes peonage exists in some of the mining districts of the state. "I wish to state that Senator Kern's charge is a fabrication out of whole cloth," said the governor. "His said one newspaper man was ejected from the trial of 'Mother' Jones. This is a willful and deliberate lie on the part of those who informed the senator."

Went to Recover Through Attorney Charles F. Stone, the American Bank & Trust company, this afternoon, filed suit against E. L. Hopkins, to recover \$1,700, due on two notes, and \$150 attorney fees.

T. M. Beller is here from Manila, P. I., visiting Prof. and Mrs. W. E. Faught. Mr. Beller has just returned from the United States department of education, and may purchase a farm in this county.

County Commissioner Guy Merrill left Monday for Madocod and San Francisco. He will be away several days.

### FURTHER STREET WORK IS WANTED

EIGHTH AND NINTH STREET RESIDENTS WANT CRUSHED ROCK IMPROVEMENT—MILLS WANTS WANTLAND CROSSING

A petition for the improvement of Eighth street, from Main to High; from High to Prospect, and Upham from White avenue to Delta, was presented at last night's council meeting, signed by property owners affected by the improvement.

The petition asks for the improvement of the street by grading and the laying of crushed rock and oil. When this is completed it will form a first-class route to the business part of the city from the Shippington road.

The council expressed itself unanimously in favor of having the Southern Pacific establish a crossing where Wantland avenue joins the county road. This will give the Mills addition people a direct entrance into the business part of town.

Visits Navy Yards United Press Service

Washington, May 13.—Secretary of the Navy Daniels returned here today after a tour of inspection of navy yards in the south. It was announced at the navy department today that Secretary Daniels will shortly make a statement regarding the advisability of reducing the number of navy yards.

A New Boy Dr. Hamilton reports the birth of an eight-pound boy to Mr. and Mrs. J. L. Royce. The lad put in an appearance Monday night.

### IF DEFEATED SAYS HE WILL QUIT OFFICE

RESIGNATION WILL QUALIFY RECALL CANDIDATE

Believes the Holding of the Election Will Be for the Best Interests of the County, as It Will Put an End to the Long-Standing Controversy—Expense Will Run Over a Thousand Dollars, says DeLap

County Judge Will Worden this morning definitely announced that he would not take advantage of the technical faults in the recall legislation, and prevent the holding of the election on June 2. Pressure had been brought to bear to cause him to take legal steps to prevent County Clerk DeLap from putting the county to the expense of an election, but he decided not to take advantage of the law's fault.

"I realize that the county will be put to a considerable expense as a result of the activity of some of my enemies," said Judge Worden, "but I believe that it will be for the best interests of the county in the long run to hold an election. If I am successful at the polls there will probably be an end of this wrangling. If I am defeated I shall resign, and my successor will be selected according to law."

Attorneys differ as to the choosing of a successor of the county court in (Continued on Page 4)

### Woodmen to Gather For Big Convention

Delegates From as Far North as Eugene Will be Here May 20-21. Locals Plan Amusements

Tuesday evening, May 20, will see the invasion of Klamath Falls by the Woodchoppers. From Eugene south to the state line, members of the Woodmen of the World will come to this city on that date to attend the southern Oregon district convention, which will be held the following day. The delegates, upon their arrival on the night of the 20th, will be met at the train by a big delegation from Swann's camp, the local lodge, and will be escorted to W. O. W. headquarters. A banquet and dance will be tendered them on the night of the 21st. George Hayden is in charge of the banquet arrangements.

### Missing Butts Boy Working at Ranch

Lad Has Been Employed on Neubert Place in Swan Lake Valley Ever Since He Left His Home

George Butts, the 11-year-old son of Mr. and Mrs. T. C. Butts, who has been missing since April 23, has been working on the Neubert ranch ever since he left home. Word was received here yesterday to the effect that he was seen at that ranch Saturday, and this was confirmed later in the day. The youngster and a lad from this city have been working at the Neubert place, which is four miles north

### TONIGHT'S MEETING IMPORTANT TO ALL

#### LOWER LAKE HUNTING GETS INNING TONIGHT

SPORTSMEN AND BUSINESS MEN INCREASED OVER ORDER PROHIBITING SHOOTING ON PRIVATE TRACTS

Whether or not the government has acted without reason in closing the lands in the Lower Klamath lake reserve to hunters will be discussed to some length at tonight's meeting of the Klamath Chamber of Commerce, and some form of memorial may be prepared on the matter.

#### CRATER LAKE TRAFFIC FROM THIS CITY NEXT

CHAMBER OF COMMERCE WILL TALK OF THE POSSIBILITY OF GETTING AN AUTO STAGE LINE

Now that the Southern Pacific has granted a through rate from San Francisco to Crater lake via Klamath Falls, is the service to be hampered by the lack of a stage line from Klamath Falls to the lake? This is a matter to be threshed out at the Chamber of Commerce.

#### ORINDALE'S PUBLICITY MAY BE GIVEN STUDY

PROPERTY IS FOUR MILES FROM THE CITY; NO LOTS ARE OFFERED FOR SALE IN KLAMATH FALLS

Just what claims the Oregon Island Development company makes Orindale's addition, four miles from here on the Pelican bay wagon road, will be one of the matters for consideration at tonight's meeting of the members and directors of the Chamber of Commerce.

### Sanitation Was One Of Topics of Last Night

Cleanup Day, Better Sewage, Nuisance Ordinance and Other Progressive Matters Discussed

Now that the city has expended money to clean up the city, it is up to the residents of Klamath Falls to keep their premises free from rubbish and trash, or be forced to do so. This was the sentiment expressed by the members of the council last night. It is planned to provide in the nuisance ordinance a chapter as to the keeping of yards and alleys in a sanitary condition. In case of failure, the

city, under the provision, will clean up the yard at the expense of the owner or tenant.
