Forty Thousand Fans Cheer for F. Chance

Peerless Leader's Popularity in Chicago is Shown By a Big Demonstration and Long Automobile Parade

Chicago, May 17.—This was Chance Day at the White Sox park—and nearly everywhere else in Chicago. In celebration some 40,000 fans, cheering so uproariously that they smothered the combined offerings of 100 musicians, packed Comiskey's ball grounds to show to the leader of the luckless Yanks that he is as popular here while leading an invading crew as he was in the good old days when he grabbed two pennants for the Cubs.
There was a long automobile parade, vaudeville performances, speeches

FRANK CHANCE

and the presentation of enough floral pieces to stock a season of weddings. But these were all trifling incidents when stacked up against the mighty roar that greeted the former Cub leader when an auto horn honked his entrance to the field. Mayor Carter Harrison, seated beside Chance in the automobile, never looked better—nor more insignificant, and the mayor never has been called that even by his enemies. The program said His Honor was there, but 99 out of 100 had to take the program's word for it, even when he took the center of the quadrangle at the home plate to set off the presentation pyrotechnics.
The gratifying feature of it all, Chance confided to a friend on the way to the park, was the fact that the movement for the biggest baseball celebration Chicago has seen in some years, came straight from the hearts of the loyal Chance rooters themselves. Fred Heeman, a grain broker, got it under way, and he received so many offers of assistance that he toward Comiskey's plant since noon. Arriving there they passed in review before the moving picture men who had been assigned to plant Chance Day firmly and everlastingly in history. Then they settled in their seats, tolerated a group of cabaret performers, and munched pop-corn and peanuts until the honk of a horn brought them to their feet to split the wind with a reverberating welcome to the Peerless Leader.
It was a big crowd, perhaps the largest that ever saw a game at the Sox Park, and President Dan Johnson of the American League—oh yes, he was among those present—who had made the prediction of a record crowd, smiled benignly as he theoretically counted the dollars the crowd meant to the A. L. coffers. And let it be thoroughly understood that when the gate receipts are counted at the close of the Yankee-Sox series, it's dollars to doughnut holes that Chance will have proven himself the greatest individual drawing card who has ever played in the Sox park.

What's the Matter With the Old Watch?

It's not getting any younger, you know, and once in a while it needs a rest and overhauling. Railroad watches are cleaned and overhauled once a year to insure accurate time-keeping. Why not bring yours in and let us give it the attention that is necessary for good time-keeping.

WOOD RIVER IS AFTER DAIRY COWS

HIG DEMAND FOR STOCK IS REPORTED, WITH BUT FEW RECEIPTS—SAW MILL IS NOW RUNNING

Special Correspondence
Fort Plamath, May 17.—Everything is beautiful in Wood River Valley; an abundance of warm rain which is bringing out all kinds of vegetation in profusion, and sowing of all kinds of seed is the order of the day—there will be several thousand acres sown to grain and grasses this year. The little valley is literally spotted with teams working in the fields, plowing, harrowing and seeding.

The Utter & Burns sawmill is now running full capacity. They expect to make a bigger run this year than ever before. The lumber will be hauled to the railroad by a large traction engine, which did most of the plowing last year.

Dairy cows are in big demand in this section, and there is but very few being brought in yet this spring. There is a market for about five hundred cows here this spring and about that many more this fall. All we need here is cows and plenty of them. We have the country to furnish the feed that will make any good dairy cow a profitable investment for the rancher.

It is understood that Marion Loosely leaves in a few days for Eastern Oregon and expects to be gone until about the first of the month.
