MISREPRESENTATION,
IGNORANCE AND WORDEN

In The Herald of May 20, Judge
Worden says: "Nineteen and five-
tenths mills was levied by the city
council and the city school board of
which Frank Ira White is a mem-
ber." His expert(?) accountant
says, "Boards of school directors are
responsible for the tax levy in school
districts," and explains that he
makes the statement for the pur-
pose of enlightening the taxpayers.
Every citizen of intelligence knows
that school taxes are voted by school
meetings of the people called to-
gether for that purpose. See Ore-
gon laws, section 4088. The law
directs how bonded indebtedness
shall be taken up. In no instance
do the directors determine the
amount of the tax levied. The duties
of school directors are stated in
Oregon Session Laws of 1911 at
page 336. What a campaign of
misinformation by an ex-educator!
Vote for Frank Ira White and peace
and sane progress in Klamath
county.

COUNTY SAVED MONEY BY
EMPLOYING HOME LABOR

To the Voters and Taxpayers of
Klamath County: In a letter to you,
written by the Hon. C. S. Moore,
from Phoenix, Ariz., under date of
March 7, 1913, Mr. Moore writes as
follows. Referring to a previous
communication of the writer, he
says:

"In one of his so-called letters of
explanation which don't explain any-
thing, one of the reasons given for
awarding the contract for steel for
the Northwest Steel company at a
higher price than the bid of the Pa-
cific Rolling Mill company was that
the measurements of the steel of the
latter company would not be true to
measurements, and could not be put
in place by anyone except skilled in-
borers, while that of the Northwest
Steel company would be true to
measurements, and could be put up
by unskilled local workmen. This
is a local workman's sound like a
joke. Who told him this? It must
have been the Northwest Steel com-
pany, and, though knowing nothing
about it, I will venture the assertion
that a steel structure like that of
the courthouse can be put in place
whether the steel comes from the
Northwest Steel company or any
other company, by skilled workmen
in that line for one-half of what it
can be done for by unskilled labor-
ers, be they otherwise ever so com-
petent. Every man to his trade."

In my letter of January 30, I
quoted the bid of the Pacific Rolling
Mills company for the erection of the
courthouse steel as \$5,113 for the
erection of 202 tons of steel. We
append below a statement of work
actually done on the new courthouse,
covering the excavating, erecting of
steel and laying of brick, and submit
the same as a table of actual re-
sults.

Statement
Klamath Falls, Or., May 20, 1913.
Showing the actual cost of grad-
ing and excavating, cost of erecting
the steel frame, and the cost of lay-
ing 125,000 common brick. Also
showing what this work would have
cost had it been let out by contract.
The average cost of grading and
excavating by day's labor
..... \$3,500.00
Actual cost of grading and
excavating by day's la-
bor 2,117.97

Actually saved..... \$1,382.03
The usual cost of laying
common brick by con-
tract is \$7 per 1,000;
125,000 brick at \$7..... \$ 875.00
Actual cost for laying
these brick by day's la-
bor 727.10

Actually saved..... \$ 147.90
The lowest bid received from an
outside firm for erecting the 202
tons of steel in the steel frame was
\$14 per ton.
202 tons at \$14 per ton...\$2,828.00
Actual total cost of erect-
ing 202 tons by home la-
bor 1,705.30

Actually saved..... \$1,122.80
Or a saving of about \$5.50 per
ton.
Total saved the county on these
three items, \$2,652.73.
(Signed) HARRY E. ANGLIN,
Superintendent.

We have taken as a basis \$14 per
ton for the erection of steel which is
about the rate at which this work
is usually done in the cities of San
Francisco or Portland, and shows a
great reduction from the bids sub-
mitted by the Pacific Rolling Mills
company, and also from the rate usu-
ally obtaining in the cities where
erection is common.

You will note that the total saved
the county in these three items alone
is \$2,652.73, in the face of the se-
vere criticism on the part of those
who are seeking the recall would get
courthouse is costing too much, and
that the county judge is incompetent
to carry on the work, and this
should convince any fair-minded
person that the accusations are un-
fair and untrue. These figures are
reliable, and can be shown should
the same be desired.

The county court has always em-
ployed home labor, and its record
has been that it favors the laboring
man in every particular.
If these disgruntled individuals
who are seeking the recall would get
out of the way, and cease their un-
reasonable opposition, work would
start at once sufficient to put every-
one at work who is in need of it.
The situation in Klamath Falls at
the present time is due to the un-
reasonable and senseless opposition
being made by the same men who
are back of the recall.
The county court has always stood
for the full dinner pail for the work-
ing man. It has had to fight its way

CHILOQUIN MAY
PLAY HERE, TOO

EFFORTS BEING MADE TO SE-
CURE A GAME WITH TOWN AT
THE NORTHERN END OF THE
RAILROAD

Klamath Falls versus Chiloquin
will be the game to be offered Sun-
day afternoon at Modoc park, or—
there'll be no game. Merrill is un-
able to be here Sunday, and Ft.
Klamath doesn't care to come, so
the next session on the diamond is
up to the pleasure of Chiloquin ball-
tossers.

The opening of the lumber indus-
try there, and the advent of the gov-
ernment engineers to construct an
irrigation system, and a road to
Crater lake, have brought a large
number of men to the thriving little
town on the reservation. Among
these men are several rattling good
ballplayers, including Shive, the lo-
cal pitcher, and they should be able
to send down a team that would
make the Klamath Falls aggregation
play some.

through and against every possible
opposition which this bunch of dis-
satisfied citizens could bring to bear,
and has done the best it could under
the conditions which it has had to
work.

The showing made on the court-
house is very commendable, and I
am sure will be read with interest by
all those who care to know the
truth. Respectfully,
WM. S. WORDEN,
County Judge.

ANDERSON WINS
IN THE TWELFTH

CONTINUAL RIGHTS TO STOM-
ACH AND KIDNEYS PROVE UN-
DOING OF JOE MANDOT—BY-
TON STOPS ACTIVITIES

LOS ANGELES, May 21.—The
almost constant impact of the right
fist of Bud Anderson on the stomach
and kidneys of Joe Mandot wore on
the latter so much in their sched-
uled 20-round bout at Vernon arena
last night that Referee Hyton
stopped the mix in the twelfth, and
gave the Vancouver lad the decision.
At the time the fight was stopped,
Mandot was on his feet, but he was
staggering blindly about the ring,
wildly swinging at the empty air.
The decision met the approval of the
fans, as from the first round Ander-
son assumed the aggressive, and did
all the fighting.

Anderson's long-range punches
were not the only telling ones he
slipped over. His infighting and
short-arm jabs were also effective.
Right from the start he took the
honors, and he was awarded every
round.

LOOK YEARS YOUNGER! GRAY HAIR
DARKENED BEAUTIFULLY WITH SAGE

Says Sage and Sulphur Will Stop
Falling Hair and Cure
Dandruff
Common garden sage brewed into a
heavy tea with sulphur and alcohol
added, then left to age and carefully
filtered will turn gray, streaked and
aged hair beautifully dark and luxur-
iant; remove every bit of dandruff,
stop scalp itching and falling hair.
Just a few applications will prove a
revelation if your hair is fading, gray
or dry, scraggly and thin. Mixing
the Sage Tea and Sulphur made at
home, though, is troublesome. An
easier way is to get the ready-to-use
teas, costing about 20 cents a large
bottle at drug stores, known as

ST. CLOUD SAGE
VISITS BARR

LORA KING IS GREATLY IM-
PRESSED WITH THE SITU-
ATION OF THE COUNTRY, AFTER
A SPIN WITH OFFICIAL

(By Lora King)
When I left St. Cloud in care of a
competent warden last Sunday, and
accepted the invitation of Judge
Worden to take a spin with him
through a way out beyond Dairy in
his big "40" Glide, I did so with a
desire not only of sociability, but
also to see a part of the country I
have never seen before. The trip
was a revelation to me; the grand
kaiascope beauty of the landscape
is worth going far to see.

Not only was I impressed with its
beauty. Its vast proportions, with
its extent of foresting slopes, wide
fields, broad meadows, and sum-
muous valleys, vales and glens, stretch-
ing way out there, shimmering in a
soft cerulean haze of the waning after-
noon; all these impressed me, too.
Who shall say that this grand pros-
pect is not fitted for a great popula-
tion? That it will not one day carry
10 times the number it now sup-
ports, and that all will thrive under
the sunshine and dews of a God-
blessed land? I can see it in this way,
and while I don't think foreknow-
ledge, I have this day looked through
the wizard's glass, with a deep, opti-
mistic regard for the good and true
and benevolence due all men.

This beautiful region is practically
undeveloped; this generation may
pass e'er this lovely prospect has
reached its ultimate fruition; but,
when that day arrives, it will be as a
"great rock falling on a weary
land." This grand fruition will
come, not as a consummation of an
artist's golden dream in the guise of
the morning, but as a rainbow benediction
to generations yet unborn.

During the afternoon we cov-
ered some 70 miles of country. We
started for home when the sun was
low in the west.
We had a great ride, and SUCH a
ride! Talk of Tam o' Shanter, Paul
Revere, Sheridan, Eric, Fido, or
any other gnat. Why, there were
times when we only hit the ground
once in a thousand feet.

HIGH SCHOOL'S
PLAY PLEAS

CROWDED HOUSE APPLAUDS
THE WORK OF STUDENTS POR-
TRAYING MEDLEY OF LOVE,
POLITICS AND JOURNALISM

"Die Journalisten," or "The Jour-
nals," a translation from the German,
was the offering of the Senior class
of the high school at Monday's
opera house last night. Frequent
outbursts of applause from the large
audience indicated that the work of
the students was pleasing.
The play dealt with a political plot
to separate friends, and the part
played by the rival papers in the
election. The work of Harry Man-
ner, Ernest Hall, Maxed Sanderson,
Ralph Hurn and the other members
of the cast in the roles assigned
them is the subject of much favor-
able comment from their friends.
