CURRENT ISSUE ROASTS DEMOCRATS

Wisconsin Senator, in Today's Issue of LaFollette's Magazine, Says Tariff Control by the Democrats Is to Proceed as Before, and Will Not Be Treated as an Economic Problem

MADISON, May 22.—In an editorial headed "Tariff Making in the Dark," LaFollette's Magazine today discusses the defeat of LaFollette's proposal in the senate to have the senate committee on finance question the manufacturers of a number of staple articles before proceeding further with the tariff measure.

"Tariff legislation under Democratic control is to proceed exactly as it did under Republican control," says the article in part. "The subject is not to be treated as an economic problem. Instead, it is to be the stake in a partisan game, and the American people are to suffer the consequences."

SISSON'S SPEECH CROWDS THE GALLERIES

Keeping His Promise to President Wilson That He Would Not Make a "War Speech," or Inflame Hated Against Japanese, Mississippian Continues Defense of California's Anti-Allen Land Bill

WASHINGTON, D. C., May 22.—A further speech upholding the state right as supreme, and defending the California anti-alien land bill, was given on the floor of congress this afternoon by Thomas Upton Sisson, congressman from Mississippi.

Believing that Sisson's address today would contain some of the explosive statements he made a short time ago against the Japanese, the visitors' gallery of the House was crowded. Those who were expecting a fiery speech, characteristic of Sisson, were disappointed, as he kept his promise to Wilson.

In opening his address, Sisson stated that it had not been his intention to make what might be termed a "war speech." On this, he stated, the president was misinformed, as he merely wished to defend the Webb bill.

Sisson made no direct reference to the Japanese in his talk. He declared that the unrestricted admission of aliens meant the ruin of the American farmer.

This influx, he said, threw the bulk of the land into the hands of great corporations. In order to increase their wealth, these syndicates, the speaker alleged, would people the tracts with cheap laborers.

Admiral Twining Has Plans Stolen

The theft of the wiring plans of the thought Pennsylvania from the intelligence bureau of the navy department, which has set official Washington by the ears, were drawn under the supervision of Rear Admiral Nathan C. Twining, chief of the bureau. Should congress or either house hold an inquiry he will become one of the chief witnesses. The first set of plans was missed March 5, having been taken the night of the inauguration of President Wilson. The remainder disappeared later.

Naval officials have not said if their suspicions centered on any one, and detectives have been unable to get a clue of the thief. The first statement of the department that the

WILSON WIRES INQUIRY AS TO HIS HEALTH

Bulletins Reiterate Statement That Mikado Is in No Immediate Danger, but Announcement That His Fever Is at 108 Causes Much Apprehension Among His Subjects—Sends Thanks to Wilson

TOKIO, May 22.—Although the hourly bulletins reiterate the statement that the health of Mikado Yoshihito is no cause for alarm, the people are much worried.

All day and all night scores of people have knelt in the streets and in the temples, praying for the speedy recovery of the emperor. Many question whether the bulletins give the real danger to the public.

Today, the mikado's fever reached 103. The pulse action registered 90 beats to the minute, and respiration 20.

WASHINGTON, May 22.—President Wilson today received the following personal cablegram from Emperor Yoshihito of Japan:

"I am deeply touched by your kind message inquiring as to the extent of my indisposition. Permit me to express my sincerest thanks to yourself, the American government and the American people."

Mr. and Mrs. Dow DeLong left this morning for a visit with the former's parents in Salem.

Mrs. C. E. Pell came in from Ashland last evening on a visit to her sister, Mrs. W. O. Smith.

Bank Checks Figure in the Woods Trial

District Attorney Seeks to Establish Proof That Money Was Paid to Breen by the Defendant

BOSTON, May 22.—That he will directly connect William M. Wood, president of the woolen trust with the planting of dynamite at Lawrence, Mass., to arouse prejudice against the strikers last year, was the announcement made today by District Attorney Felleiter.

Through woolen mill employees, office attaches of the textile company, telephone operators and other witnesses, he stated that he could build a chain of circumstantial evidence connecting all the defendants with the plot.

The paying teller of a bank today identified several large checks, made payable to Wells Atteaux, signed by the American Woolen company, and approved by Wood.

It is expected that the state will stand or fall on these checks. Felleiter made it clear that he believes they were given to reimburse Atteaux for the \$500, which Breen alleges Atteaux gave him the day the dynamite hiding plot was hatched.

Gotham Fight Fans Want Bud Anderson

St. Nicholas Athletic Club Anxious to Have the Western Lightweight Matched With Leach Cross

NEW YORK, May 22.—Bud Anderson, the Vancouver, Wash., lightweight, may appear in the squared circle in this city. The St. Nicholas Athletic club, one of the most exclusive organizations in Gotham for the promotion of sport, is anxious to have Anderson appear, and toward this end they have taken the matter up with Dick Arnold, Anderson's manager.

According to officials of the club, Donald has been offered a match between Anderson and Leach Cross, who, like the westerner, is a strong rival for Ritchie's title. A good-sized cut of the money, with a corpulent guarantee, is also offered for a

Recall Ballot is Arranged by De Lap; Rival Statements

CHARGES BROUGHT AGAINST WORDEN BY RECALL PETITIONERS

Unlawful, unwise and inefficient management of county finances; the incurring of a large amount of unlawful indebtedness; unnecessarily increased taxation; waste of money in county expenses; favoritism in contracting with and employing relatives of members of the county court and certain firms and corporations at a financial loss to the county; unlawful issuing and selling warrants of the county at a discount; carelessness and inefficiency in auditing bills against the county; accepting employment from corporations whose interests are opposed to the public interests and at far greater salaries than that paid by the county; inefficient and unsatisfactory service as a county judge; failure to get value received for money spent for roads, though petitioners are not opposed to good roads; lack of ability, as shown in the past to expend future levies for roads; inability to construct a new courthouse with economy and a due regard for cost, though petitioners are not opposed to the new courthouse and are indifferent as to its location, but only insist that it shall be built economically, and that the cost shall not be excessive, which the past actions of said officer indicate that he will not be able to do.

WORDEN'S JUSTIFICATION OF HIS COURSE AS AN OFFICIAL

This is not a regular election. It is an attempt to remove me from office in the middle of my term. Two years ago you elected me on a basis of Good Roads and the building of a new courthouse on the Hot Springs site. I have kept my promises. The work has been done well, and as cheaply as consistent with permanency. What has been done will not have to be done over again.

The new courthouse has been built economically and well. We have saved money for you in our plan. I deny the accusations of the opposition on the ground that they are gross misrepresentations, and intend to cloud the issue and fool the voter. No other county in the state has accomplished so much in the way of good roads. The men who are behind this recall have threatened me ever since my term of office began unless I would submit to their dictation.

The grand jury report was not correct, and has been so proven relative to culvert, harness and other matters. If wrong in some, wrong in others. All I want is a square deal. The opposition will not give it.

Braker has been connected with the St. Francis, Palace and other San Francisco hotels for some time, and he has worked in the capacities of

SAYS POLICE HAVE RAISED DEFENSE FUND

FISHERT MAKES SENSATIONAL CHARGE

District Attorney Who is Condemning Bravery and Great Investigation Says Tenderloin and Outside of the Police Department Have Raised \$20,000 to Be Used for the Defense of Indicted Officers

SAN FRANCISCO, May 22.—"Twenty thousand dollars has been raised by members of the police department for the defense of the eight policemen and detectives now under indictment," said District Attorney Charles E. Fiskert, this afternoon.

Fiskert says he has been greatly hampered in his work of collecting evidence against the eight men who are accused of working with loose stories and confidence men. "This, he says, convinced him that the grafting might possibly affect higher ups."

According to Fiskert, by the time the investigation of the case is well under way, it will be shown that Detective Frank Beck and other officers under indictment are only small
