NO FUNDS TO SEND MAN HERE

LANE SAYS HE CANNOT SEND
EXPERT TO ADJUDICATE CON-
TROVERSY — HOPSON HERE
SOON

WASHINGTON, May 23.—It is ex-
pected that an inspection of the
Klamath project, with a view of a
settlement of the differences between
water users and the reclamation ser-
vice cannot be made because no funds
are available to pay the expense of
such work, according to statements
made by Secretary Lane to Congress-
men Hawley and Sinnott and Abel
Ady, who urged the matter.
The conference resulted in the Sec-
retary agreeing to call for a report
made by Supervising Engineer Hop-
son of Portland, two years ago. The
secretary indicated a willingness to
take this report as a basis for the ad-
justment of the differences.
Secretary Lane and the Oregon
delegation feel sanguine that some-
thing helpful will result for the
Klamath reclamation project if Engi-
neer Hopson will visit the district
June 5 on the occasion of the annual
meeting of the Water Users' associa-
tion, and discuss matters with them.
The secretary is not surprised that,
after increasing the per value of
their shares from \$20 to \$30, and
getting nothing in return, they
should be dissatisfied.
Oregon congressmen say that they
do not blame Hopson, but they hope
that, if he will submit some reason-
able agreement to the water users
on June 5, that it may be found that
a satisfactory solution of the ques-
tion will be reached.

CATTLE STEADIER; SHEEP LIVELIER

WEEK JUST CLOSED AT PORT-
LAND UNION STOCK YARDS
LEAVES MARKET STRONG IN
ALL BEEF CLASSES

PORTLAND, May 25.—Cattle
market steady to firm during the en-
tire week. Prime grain fed steers
sold at 9 cents, many cars being dis-
posed of at this price. Bulk of steer
sales \$8.50 to \$8.75. Butcher stock
active and first offering of heifers
in weeks brings \$8 bids from the
buyers. A poor layout in cows.
Market is steady to strong in all
classes.
Swine trade is uneven. General
top is steady at \$8.25, with an occa-
sional load selling at \$8.30 to \$8.25.
Liquidation continues liberal, and
sellers have a slight opportunity to
raise market level.
Sheep houses did a brisk business
in medium grade lambs and mutton.
Strictly prime stock was a scarce ar-
ticle. Spring lamb top around \$7.25.
Prime wethers \$5 and ewes \$5. Sheep
demand is somewhat slow, and poor,
thin stuff is finding narrow outlet.

LANE AGAINST APPROPRIATION

SAYS THAT MORE THAN \$50000 OF
A \$50000 APPROPRIATION FOR
KLAMATH REDS WAS USED
FOR SALARIES

WASHINGTON, May 24.—Senator
Lane has filed with the Indian af-
fairs committee a 2000-word protest
against the methods followed in
framing the Indian appropriation
bill carrying between \$9,000,000 and
\$10,000,000.
Senator Lane says the pending bill
carries 30 special appropriations, ag-
gregating \$700,000, with no verified
statements furnished to the commit-
tee showing for what purpose the ap-
propriations are to be used. His tes-
timony shows that large numbers of
Indians are indigent, miserable and
diseased, and that most of the money
appropriated for them is being ex-
pended for salaries of white officials.
Large sums are appropriated for the
irrigation of Indian lands, with no
facts before the committee showing
a need of expenditure.

Senator Lane calls attention to the
report received by him from the In-
dian office covering expenditures in
the Klamath agency, and reports re-
garding the Modoc Point irrigation
canal project, showing that the "irrigating
canal project had been located and
partly constructed prior to any rec-
ord of it existing in Indian affairs
office," also that of \$6,000 appro-
riated last year for the support of
the Klamath Indians, \$5460 was ex-
pended for the salaries of employes.
Lane insists that department furnish
verified statements showing the need
of appropriations; otherwise, the In-
dian appropriations will remain in
the same loose condition as hereto-
fore.

He also charges that a man, whom
he did not name, already selected
for a place on a commission to make
a roll of Chippewa Indians in Min-
nesota, formerly was attorney for a
lumber company which holds con-
tracts upon which the commission
will have to pass.
"The fact that appropriations cov-
ering hundreds of thousands of dol-
lars go masquerading about in the
bill under misleading titles, would
seem to indicate the necessity for a
reasonably careful scrutiny of other
of its provisions," said he.

The Herald covers the great Klam-
ath country.

WORDEN'S RECORD

We find an item of \$4250 for a
secondhand auto truck for use on the
county roads. The same was pur-
chased from Beal & Co., Portland,
Or., from whom the county has
bought tens of thousands of dollars
worth of material. A letter in refer-
ence to the deal might be of interest.
We quote
"Portland, Or., Sept. 24, 1912.—
Judge Wm. S. Worden, Klamath
Falls, Or.: Dear Sir,—Our Mr. Pat-
terson advises us of his conversation
with you relative to the purchase by
you of a Speedwell truck here in the
city that has been in use some. On
the face of the deal we do not care
particularly for it, for the reason
that the price we have to pay on the
truck, which, by the way, is spot
cash, and the price we have to get
for the truck and take long-time war-
rants, does not leave margin enough
to justify it, but we are going to ac-
cept the deal because you and your
court, and especially because you
have been so kind to us in the past."
It may not be known to the public
generally that Klamath county is in
partnership with the California-Ore-
gon Power company, but such is the
case. The county court entered into
partnership with that company for
the purpose of purchasing a well-
drilling machine, the price of which
was approximately \$2,500. The county
has one-third interest in the ma-
chine; the California-Oregon Power
company is using the machine.
Judge Worden seems to have no
appreciation of his position as an of-
ficial; he is the servant of the peo-
ple; he is the trustee of their inter-
ests; he is the business agent of the
county, yet he does not seem to feel
that he owes to the people a careful
accounting of the funds that come
into his hands. He does not seem to
grasp the fact that the large amounts
at his disposal are made up of the
small amounts paid in by taxpayers
with sacrifice and economy behind
them.
With nearly two years more of
such whimsical and freakish ex-
penditure of public money staring
the taxpayers in the face, we cannot
understand how any reasonable man
can vote to retain Judge Worden in
office.

LANGELL GETS TABLE AND \$10

ALTHOUGH AN OCTOGENARIAN,
FORMER KLAMATH COUNTY
RESIDENT MAKES RAILROAD
"COME ACROSS"

SALEM, Or., May 24.—N. Langell,
82 years old, and a resident of Boni-
ta street, a station on the Oregon
Electric near Tigard, is happy now
that he has received the rest of his
table and \$10 to boot.

He shipped the table from Klamath
Falls last October, and soon after a
piece of it arrived at its destination.
Naturally, he wanted the rest of it,
but the table was pretty badly broken
en up.

He and the Oregon Electric com-
pany spent quite awhile dickering
over the repairs, and finally the old
man appealed to the railroad com-
mission.
The company has settled the mat-
ter by sending the old man the mis-
sing pieces of the table and paying
him \$10.

If you have a timber claim for sale
and are game enough to make a low
price for cash, see Chicote at 625
Main street, or phone 60.

Good Blood Means Good Health
A clear, healthy skin, full of life and color, reflecting perfect health
and energy, has long been known to be a business and social
asset.
If you are not the fortunate possessor of all the above—if you are
suffering from skin eruptions of any description, it means that
the blood is weak.
**WHEN IT BECOMES IMPROVED—THIN AND WATERY—IT
CANNOT SUPPLY PROPER NOURISHMENT, AND THE
BODY TISSUES BECOME ENWEAKENED.**
This condition is every ready to manifest itself, and should be
checked and treatment started with the first appearance of
blood disorder.
In our estimation Nyal's Hot Springs Blood Remedy is the one best
treatment. It gets at the root of the trouble, cleanses the blood
impurities, increases the circulation, produces blood that is rich
in nourishment—blood that is rich in nourishment—blood that
will build up broken-down tissues.
