MEDFORD TO GET LADDER FACTORY

MICHIGAN MAN FIGURING ON LOCATING A NEW ENTERPRISE THERE—BOX FACTORY IS ALSO IN SIGHT

MEDFORD, June 9.—A manufacturer of Cold Water, Mich., will probably start a picking ladder factory in Medford soon, on lots furnished by the Commercial Club, and out of Jackson county timber. J. A. Perry has offered to sell his entire output if he will install the factory.

A Washington man is communicating with the club in regard to a box factory, and a generous offer has been made to him.

Women's Title the Stake
PHILADELPHIA, June 9.—The best court competition seen in years was expected today at the Philadelphia Cricket Club, where a score of candidates are competing for the woman's lawn tennis championship of the United States.

Australasian Looks for Big Year

This season will mark an epoch in the history of tennis, according to Captain S. N. Doust, head of the Australasian team which met the American team in New York city in the first match for the international championship.

Doust, with the other three members of the Australasian team, accomplished a circuit of the world in order to compete against America on the courts. He traveled from his native country eastward through Europe to London, and then across the Atlantic to New York. A. B. Jones, Horace Rice and Manager Hicks, the other three members of the invading combination, traveled westward across the Pacific to San Francisco and across the United States.

"We all agree that this is to be the greatest year in the history of tennis," said Captain Doust. "In every land we have visited indications of a great interest in the game are apparent."

Doust has received advices from Sydney that the return from the last international tennis matches played there showed a net profit of \$29,000. This sum remains after having paid out all expenses for the defense of the Davis cup and the cost of bringing a team from Great Britain to Australia.

Receipts from this year's international matches will aggregate \$150,000. Seven nations—Australia, the United States, Germany, France, Canada, South Africa and the United Kingdom—have entered the competition to win the Davis Cup trophy, emblematic of the championship of the civilized world. England is the present holder of the cup, and the other nations are to fight it out for the privilege of meeting the holder.

The first match played was that between Australia and the United States which was staged in New York city Saturday. America won, and the four playdays will cross the Atlantic to compete with the victor in the France-Germany encounter.

Captain Doust is one of the most scientific students of double play in the world. He knows the strategy of the game, and is famous for being able to pick out the weak points in an opponent's style. Doust is a master at placing the ball where rival players least expect it.

There are two kinds of insurance. Chilcote writes the kind that pays. New location 635 Main st., phone 66.

CATTLE SLOW; HOGS STRONG

HIGH WATER IN COLUMBIA RIVER SECTIONS HAS CAUSED A GENERAL UNLOADING OF CATTLE BY HOLDERS

PORTLAND, June 9.—The cattle market is very slow. A combination of circumstances has borne prices, and there is not as strong demand for beef as the previous week. Extreme high water has caused many cattle in the vicinity of Portland to be liquidated before the usual time. Heavy shipments from California and Utah has filled the yards. Best steers are selling at \$7.25 to \$7.50; cows, \$6.00 to \$6.50; bulls, \$5.50, and calves, \$5.00 to \$5.00.

The hog trade held strong until Friday. Receipts have been liberal, and the market is from 5c to 10c lower. Best light swine steady at \$8.40.

An uneven sheep market ruled for the six day period ending Saturday. There is a fair demand for fat mutton, which is very scarce. The bulk of receipts contained nothing but poor sheep and lambs, which are slow to move. Yearlings are quoted at \$5.50 to \$5.75; 2-year-olds, \$5.50; ewes, \$4.50 to \$4.75; and best spring lambs are steady at \$6.50 to \$6.75.

MUNCIE, June 9.—Messages of congratulation from Presbyterians all over the country were received here today when the seventy-fifth anniversary of the establishment of the First Presbyterian church of Muncie. The celebration will continue through the week.

Would you blame her if she kicked?

The light, simple, sanitary Dairy Tabular Cream Separator Bowl.

You'd consider your wife lacked spunk, if she didn't kick at washing the ten feet, of rattling discs, from a single common "bucket bowl" cream separator, when she might as well be washing the simple, light cleaned in-a-minute Dairy Tabular Bowl.

The picture shows all there is to the light, simple, durable easily cleaned Sharples Dairy Bowl, used exclusively in Sharples Dairy Tabular Cream Separators—the cleanest skimming separator made.

Hotel Workers Meet

United Press Service
DENVER, June 9.—Questions relating to closer affiliations and increased membership among the various associations of hotel and restaurant employees were taken up today, when the Hotel and Restaurant Employees' International Alliance met here in annual session. A fight was expected before the convention adjourns on Sunday, June 15, when a proposed resolution is introduced by some of the delegates who are favorable to the Industrial Workers of the World methods in organizing hotel and restaurant help.

LIKE A SAILOR JUST HOME

From a long voyage is the way some men spend their money. They would not do it if they had an account at The First Trust & Savings Bank. A checkbook doesn't turn back in pockets like cash, and, besides, a man with a bank account gets a feeling of pride in seeing how big a balance he can keep. Try it.

Good Blood Means Good Health

A clear, healthy skin, full of life and color, reflecting perfect health and energy, has long been known to be a business and social asset.

If you are not the fortunate possessor of all the above—if you are suffering from skin eruptions of any description, it means that the blood is weak.

WHEN IT BECOMES IMPROVED—THIN AND WATERY—IT CANNOT SUPPLY PROPER NUTRIMENT, AND THE BODY TISSUES BECOME DISEASED.

This condition is every ready to manifest itself, and should be checked and treatment started with the first appearance of blood disorder.

In our estimation Nyal's Hot Springs Blood Remedy is the one best treatment. It gets at the root of the trouble, cleanses the blood impurities, increases the circulation, produces blood that is rich in nourishment—blood that is rich in nourishment—blood that will build up broken-down tissues.
