Wells, Fargo Wants to Buy Baled Hay

Express Company Notifies the Local Agent That It Will Need Two Thousand Tons For 'Frisco

A chance for Klamath county farmers to land a fat contract for hay is contained in the following letter from E. A. LaForrest of San Francisco, superintendent of stables for the Wells Fargo Express company, to J. J. Parker, the company's local agent:

"We are in the market for 2,000 tons of tame oat hay, or timothy, baled, f. o. b. cars at a point on the lines of the S. P. Co. The hay, of course, must be choice. Kindly let me know at your earliest convenience what the prospects are in your locality to pick up the whole or a part of this amount, also the price per ton."

"I do not know whether or not the hay is wanted immediately by the San Francisco office," said Mr. Parker today.

"I believe, though, that the letter refers to hay for fall delivery."

Name Committee to Incorporate Railway

Worden, Dunbar and Walton are the Klamath Co. Members. Meeting at Yreka Most Enthusiastic

Believing that the only way in which to get the proposed railroad from Klamath Falls to Humboldt Harbor is to get out and work for it, a committee of nine members, three from each county, was named at yesterday's meeting at Yreka to take charge of the organization and incorporation of a railroad.

Members of the committee are: Judge Will S. Worden, George J. Walton and R. H. Dunbar of Klamath county; E. S. Clark, J. T. Coonan and F. H. Horst of Humboldt county; Jerome P. Churchill, Edward O'Conner and G. F. Hellmuth of Siskiyou county.

Large delegations from the three counties met at Yreka yesterday and much enthusiasm was manifested by all in the railroad. Tonnage statistics submitted tended to prove that the road, in addition to opening a vast undeveloped territory, would be a

success financially from the start. The following resolutions were adopted: "Whereas, No area of like extent equals in richness and volume the timber and mineral resources of the land lying adjacent to Humboldt bay, to Klamath and Trinity rivers and to the tributaries of those streams in Humboldt and Siskiyou counties in California, and Klamath county, Oregon;

"Whereas, The development of resources depends in a large measure upon the speedy establishment of communication by rail between the interior and the sea; and,

"Whereas, The early completion of the Panama canal and the marvelous development that event will assure to the entire Pacific coast must emphasize the necessity of such communication; and,

TROOPS, MORO HORDES IN FIGHT ON JOLO ISLAND

SIX AMERICANS KILLED DURING BATTLE

Refusal of the Sultan of Jolo to Recognize American Authority Results in Pitched Battle—The Rebellious Tribesmen Throw Up Entrenchments and Put Up Stubborn Resistance Before Rout by the Troopers.

United Press Service

MANILA, June 12.—Six American troopers were killed and twelve were wounded this morning, when American troops under Colonel Pershing battled with rebellious Moro tribesmen at Bagsagu.

The Moros were led by the Sultan of Jolo, and put up a stubborn fight. Their loss is not known.

The fight came as a result of the refusal of the Sultan of Jolo to recognize American authority. He declared that he would stir up the entire archipelago to revolution rather than submit.

Firmly entrenching themselves near Bagsagu, the Moros sent word to military headquarters that they would not submit to American authority. When the troops approached the barricade the Moros opened fire.

The battle was fiercely fought, but the entrenchments were finally captured by the troopers. The sultan is held a prisoner.

WOOL AND SUGAR SECTIONS READY

NO CHANGE WILL BE MADE IN THESE FREE LISTED ARTICLES BY THE FINANCE COMMITTEE OF THE SENATE

United Press Service

WASHINGTON, D. C., June 12.—The finance committee of the senate this afternoon approved the free wool and sugar schedules of the Underwood tariff measure.

This leaves two of the most important schedules substantially the same as when they passed the house.

COPS WANT TO PLEAD GUILTY

DISTRICT ATTORNEY FICKERT SAYS HE IS CONSIDERING THE MATTER, BUT WILL MAKE NO COMMENT

United Press Service

SAN FRANCISCO, June 12.—Patrolmen McGowan, Drollette, McHugh Joseph and Sullivan, five of the San Francisco policemen indicted for conspiracy with offenders, want to plead guilty.

The report was confirmed today by Prosecuting Attorney Fickert. Fickert stated that he is considering the matter.

The Pelican Bay mill boys are starting up a baseball diamond. They have organized a baseball team, and will challenge all creation for the championship.

Coughs 'em up Alive ---Germs? Nope; FISH

—Paul Nickels, a Soda township farmer, is a human aquarium. For several days he has been coughing up small sized brook trout from two to five inches in length.

For weeks Nickels has been suffering from severe stomach complaint which baffled physicians and threatened his life. Recently he was seized with a violent spell of coughing and coughed up a four-inch fish.

Several other coughing spells have followed, and each time the farmer has emitted fish.

EXCAVATOR IS HARD AT WORK

HENLEY DRAIN IS BEING DEEPE-NED AND WIDENED OUT BY THE BIG GASOLINE DRIVEN TRACTOR

Work of deepening and widening the Henley drain is being carried along nicely by the big gasoline excavator owned by the reclamation service. The excavator and its crew are at work on the Zachariah ranch.

The drain, by being deepened and widened, furnishes a better drainage for the lands under the ditch in that section.

SENATE PROBES GO TO COALBEDS

FAILURE OF GOVERNOR TO MAKE TRAIN CONNECTIONS MAKES POSSIBLE AN INSPECTION TRIP BY INVESTIGATORS

United Press Service

CHARLESTON, W. Va., June 12.—Accompanied by the attorneys for the opposing sides and a party of newspaper men, the sub committee named by the senate labor committee to investigate conditions in the West Virginia coal fields left today for the scene of the recent warfare.

They will spend the day inspecting the mines and conditions there. It is possible that some witnesses may be examined there.

The trip today was made owing to the fact that Governor Glasscock, who was to have testified today, was unable to be present on account of missing a train.

COALBURG, W. Va., June 12.—The senate sub committee this afternoon personally inspected the miners' shack homes, their bullet riddled houses and the company's stores here. It was found that machine guns are mounted in a position to command the countryside.

More Catholics in Cana

United Press Service
ROME, June 12.—The Catholic church is still the predominating religious sect in Canada, according to figures officially given out at the Vatican today. The census published shows that 39.3 of the population of Canada is Catholic. The Presbyterians, Methodists and Episcopalians together comprise 44.9 per cent of the population.

NEW YORK, June 12.—Stockholders of record on May 27th today received from their Reading stock the regular quarterly dividend of 1 per cent.

S. P.-U. P. CASE COMMENCED IN FEDERAL COURT

McREYNOLDS PERSONALLY IN CHARGE AT ST. PAUL

Attorneys for Union Pacific Make a Proposition Whereby the Pennsylvania System Will Trade Its Baltimore & Ohio Line Stock to Union Pacific for Latter's Holding in the Southern Pacific Company

United Press Service

ST. PAUL, June 12.—In order to affect the dissolution of the Union Pacific-Southern Pacific merger ordered by the government, the Union Pacific system wishes to trade its Southern Pacific stock to the Pennsylvania system for an equity in the Baltimore & Ohio.

Attorneys for the railroad outlined this at the opening of the dissolution proceedings in the federal circuit court here today. The matter has been taken under advisement by Attorney General McReynolds.

McReynolds will present the government's attitude regarding this deal at tomorrow's session of court.

Attorney Loomis for the Union Pacific this morning suggested that the Union Pacific stockholders be allowed to fix the minimum price per share for their stock in the Southern Pacific.

This was strenuously objected to by Judge Smith. He stated that this would enable the Union Pacific stockholders to fix a prohibitive price, enabling them to maintain control of the Southern Pacific.

TURKS MUST BE INDOORS AT 10

REVOLUTION IS FEARED BY THE AUTHORITIES—GRAND VIZIER'S REMAINS ARE INTERRED WITH POMP

CONSTANTINOPLE, May 12.—The remains of Mahmud Seyket Pasha, grand vizier of the Turkish empire, who was assassinated yesterday, were buried today. Much ceremony attended the interment.

Intense excitement prevails all over the country as a result of the shooting. The authorities fear a revolution.

In order to check this, all citizens have been ordered to be in their homes by 10 o'clock every night.

DOVE HOVERS OVER BALKANS

BOTH BULGARIA AND SERVA REPORTED TO HAVE ACCEPTED RUSSIA'S OFFER TO ARBITRATE THE SCRAP

United Press Service
VIENNA, June 12.—The Bulgarian government today made an unequalled acceptance of Russia's offer to arbitrate the Bulgarian-Servian dispute. It is reported that Servia has already accepted the offer.

This virtually means peace between the two nations.

BOOTH ACTIVE IN BEHALF OF THE INDIAN

Head of Big Lumber Company, Who Formerly Conducted Trading Post at Yoncalla, in the Umpqua Valley. Having in Mind the Interests of Alien Tribesman Accused of Murder, Gets Local Attorney to Appear

Chenoweth Umpqua, Indian, will be the defendant in one of the most unusual criminal actions ever tried in Klamath county. Former acquaintances, prominent white men, are determined that, if guilty, he shall be punished to the full extent of the law, but, if innocent, he be acquitted. D. V. Kuykendall, former district attorney, has been especially retained by former acquaintances of the Indian to appear in court during the en-

Second Unit Work Almost Completed

Work Will Be Finished on Griffith's Lateral in Ten Days. Most of the Ditches Nearly Done

Work of excavating the main canals and sub laterals of the Second or Poe Valley unit of the Klamath project is rapidly nearing completion. Most of the sub contractors working under Maney Brothers will be finished the 1st of July.

Work on the Griffith lateral will be completed in ten days, according to officials of the reclamation service. On the North and South Poe Valley laterals on the Nuss Lake lateral the same progress is being made. It is the belief of Maney Brothers that on the 1st of July seven of the nine outfits at work now will complete their schedules. The two remaining schedules will be completed in ten days' longer time.

Less Than a Quarter Of Veterans Survive

Compiling of Statistics at the Pension Bureau Shows That the "Boys of '61" Average 71 Years

United Press Service

WASHINGTON, D. C., June 12.—Of the great army of veterans of the Civil War who passed in grand review before President Grant at the White House to the number of nearly 2,000,000 at the close of hostilities, less than 25 per cent were alive to participate in the annual 30th of May celebration last month. Upon request of the United Press officials at the pension office today looked up the records of veterans of wars of the United States. This compilation showed that on May 30th last, there were in various parts of the world 457,000 survivors of the Civil War. On the same day there were less than 1,000 survivors of the Mexican War. There is not the name of a single survivor of the war of 1812 on the pension records, but there are about 300 widows of veterans of the second war with Great Britain who are today

drawing pensions. The average age of the Civil War veterans is today 71. According to the average death rate of the veterans of that conflict it is estimated that there will be 40,000 less Civil War pensioners next year than there were this year, and that the deaths for 1915 will number approximately 50,000. In ten years pension office officials declared today, the United States will be paying no more pensions to Civil War veterans. In five years it is expected that there will be no more Mexican War veterans.

In the last two years it has cost the government about \$200,000,000 annually to pay pensions, and this year it costs more, owing to the "dollar-a-day" pension law, which became effective. Last year the total was about \$150,000,000, which included the upkeep of the pension office here.
