

STREET WORK TO COMMENCE SOON

ENGINEER MAKING ESTIMATES ON THE COST OF IMPROVING SEVERAL KLAMATH FALLS THOROUGHFARES

City Engineer McLean is being kept busy these days in making surveys and estimates for the contemplated street improvements for which petitions have been presented to the city council.

The first work will probably be done on Tenth street. This improvement was sought by Councilman Doty of the Fifth ward last year, and he has been urging that this work be taken up at nearly every meeting of the city council since. An estimate of the probable cost was made by former City Engineer Zumwalt, and the council has given notice that the remonstrances would be heard within twenty days after the first notice was published, June 10th. If there is not sufficient objections made to doing the work, bids will be advertised for and bonds sold, and it is expected that the actual work of improvement will be under way on Tenth street within two months.

Sixth street has been cross-sectioned by the engineer and estimates will be made soon. The resolutions by the council with reference to Sixth street calls for estimates on hard surface, and particularly on macadam. It may be that the council will decide later to use asphalt on account of the heavy travel over this street.

As soon as the survey and estimate on Sixth street is finished, the city engineer has been instructed to make a survey and lay out an improvement district on the hill, in accordance with a petition presented to the council Monday. This improvement will be along Third, Jefferson and Lincoln streets to the top of the hill.

MARTIAL LAW ENDS AT MINE

GOVERNOR OF WEST VIRGINIA ISSUES PROCLAMATION—MINERS' LEADERS INDICTED BY FEDERAL COURT

United Press Service
CHARLESTON, W. Va., June 13.—Martial law ceased today in the coal fields. Governor Hatfield issued a proclamation restoring civil authority. This is taken by the senate investigation committee as an admission of the charges that the constitutional rights of the miners were violated.

Leaders of the striking miners appeared before the federal district court today in answer to indictments. They admit that the issue raised threatens the existence of labor unions, and have agreed to carry the case to the United States supreme court.

The real fight in these cases will come in the fall.

BLOODY BATTLE ON CRATER RIM

FIFTY-FIRST COMPANY OF CONSTABULARY SUFFERED IN A FIGHT WITH MOROS—REBEL CHIEF IS KILLED

United Press Service
WASHINGTON, D. C., June 13.—Fragmentary reports received by the war department from the Island of Jolo indicate that Captain Taylor, commanding the Fifty-First company of Philippine scouts, and several other members of his company were killed in yesterday's battle with Moros at Bagnag.

A cable, signed by Captain J. J. Pershing, commanding the department of Mindanao, was evidently filed with a fuller report, but it has not been received. It is believed that the fight began Tuesday, and that Captain Nichols was killed the following day. The battle occurred on the rim of a crater. According to Pershing, there has been no fiercer battle since the American occupation. The Moros continually rushed the Americans.

The Moros found natural forts and entrenchments on the slopes of the volcano. They used modern arms, and before the American soldiers could dislodge them a mountain battery had to be used.

Amil, the outlaw leader, is reported killed. The number lost by the tribesmen is not known.

DELEGATES RETURN FROM YREKA

posed railroad would be a success from the start, and nearly every man present was able to bring to light some new advantage of the railroad. All are firm in their belief that the road is necessary, and work of organizing will be carried along as fast as possible.

A second meeting of the delegates from the three counties will be held at Eureka August 29 and 31. This session will be attended by men of prominence from all parts of the coast and assurances have been received from Governors Johnson of California, West of Oregon and Lister of Washington that they will attend. A large delegation of local boosters will make the trip.

A splendid highway has just been opened from Eureka to Red Bluff, and in order to assist in getting a large attendance Red Bluff citizens have tendered their automobiles to transport free of charge all Eureka bound people going to Red Bluff on the passenger train. "Even if a railroad was never built," said one of the party attending the meeting, "the session held at Yreka would be greatly beneficial to all the counties concerned, as it developed a much closer feeling, and each county feels that it can depend upon the hearty co-operation of the other two for any meritorious enterprise."

Elks to Wear Flage.—A quantity of flag pins have been purchased by Klamath Falls Lodge No. 1247, B. P. O. Elks, for distribution among the

members to be worn in honor of Flag Day tomorrow. All Elks are requested to call at the Elks' Club to get flags. The order is strictly American, and the American flag is one of the emblems of the patriotic lodge.

Daughter is Born.—A daughter arrived just before noon today at the home of Mr. and Mrs. Will Hurn. Dr. F. M. White was in attendance.

Has Runaway.—Alfred Austad, who is peddling butter milk in the city, met with a mishap Thursday afternoon, when his horse became frightened and ran away. Going over a big log one of the wheels of the wagon was completely demolished.

Bonanza Visitors Here.—Mrs. Dr. Johnson and her niece, Hilah Hubbard, are Bonanza visitors in the county seat today.

Home From College.—Wilbur Telford, who returned last week from Corvallis, where he has been taking a course in mechanical engineering, has accepted a position with the Klamath Development company. He is now overhauling the launch Pelican, and will have charge of one of the boats at the Lodge during the summer.

"37-10" CASES TO SUPREME COURT

(Continued from Page 1)

Assistant Secretary Pierce of the department of the interior, made an order awarding patents to all the timber and stone act claimants of the land.

Following this, Daniels commenced suit in the federal district court at Portland to have the patents declared to be holding the land titles in trust for him. The federal court decided in favor of the homesteaders.

Early this spring, the matter was appealed to the federal circuit court of appeals. Here again the decision of the court was adverse to Daniels, and the appeal to the United States supreme court comes as a result.

Attorney Fred H. Mills is in Dorris today, attending to legal matters.

DAIRYING

"The Coward's Atonement," a two-reel 1913 Bison, is really a thriller and there is also an imp comedy that was made to laugh at.

These pictures have all been passed by the National Board of Censorship. Music by the Star orchestra.

A. J. Summers is here from Olney on a business trip.

William Black was in from his ranch near Altamont Thursday, attending to business matters.

Bob Bunnell, who has a ranch on the Merrill road, was a Thursday visitor in the county seat.

Peri Merrill, cashier of the First National Bank of Merrill, made a business trip to this city Thursday afternoon.

Mr. and Mrs. P. C. Wilson and son have gone to Portland, where they will spend several weeks.

TO AILING WOMEN

A Little Sound Advice Will Help Many a Sufferer in Klamath Falls

No woman should consider herself healthy and well if the kidneys are weak. Poisons that pass off in the urine when the kidneys are well are retained in the body when the kidneys are disordered. This is the true cause of many bearing-down pains, lameness, backache, etc. Urine poisoning also causes headaches, dizzy spells, languor, nervousness and rheumatic pain.

When suffering so, try Doan's Kidney Pills. You will get better as the kidneys get better, and health will return when the kidneys are well. Let a fellow sufferer tell you about Doan's Kidney Pills.

Mrs. Esther Eads, 806 C St., Grants Pass, Ore., says: "I used Doan's Kidney Pills for backache, and they gave me such great relief that I have told a number of my friends about them. I will always give this remedy my endorsement."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.
