

SALINAS MAN IS RODEO BOOSTER

P. J. GRIFIN SAYS HE HOPES TO SECURE SOME OF LOCAL RODEOS AND RIDERS FOR THE MOUNTAIN SHOW

"You certainly had a fine show," said P. J. Griffin, president of the California Rodeo, which is held annually at Salinas, who has acted as one of the judges at the Elks Rodeo. "I am very much pleased with my visit and greatly appreciate the royal treatment I received from the Elks and the people of Klamath Falls."

Mr. Griffin left Monday afternoon for home, to get ready for his big show, which begins on July 28th. He stated that the wild horse races of the last two days of the Rodeo were the best he had ever seen. "You have the country and the natural location for a show of this kind," continued Mr. Griffin in discussing the Rodeo. "I hope that I will be able to get a string of your bucking horses for my show."

"Your riders, too, are certainly there. All of them will be welcome at my Rodeo the last of the month, and I am pleased to state that several of the boys have promised to be there and compete for the prize."

"Like Klamath Falls, Salinas tries to put on a show well worth the money, and we have also found that there is no mistake made in offering big prizes. This attracts the best riders and ropers, and, of course, adds to the quality of the show."

WHEATFOLDS IS AGAINST RULING

(Continued from Page 1)

"I am going to fight to the last ditch in this matter," said Wheatfolds today. "I am going to take the matter into the courts on the strength of the ruling of the civil service commission."

"This has become a matter of principle with me, and my friends look at it in the same way."

Just was some time ago appointed superintendent of the park by Lane, and Wheatfolds was requested to resign. This Wheatfolds has refused to do, saying that he secured the position under the civil service, and cannot be ousted for political reasons.

Prior to being a candidate for the superintendency, Steel was president of the Crater Lake company, which has the exclusive hotel, store and stage concession in the park. A short time ago Steel announced his resignation from the company.

MRS. L. M. LYONS PASSES AWAY

MOTHER OF TWELVE CHILDREN DIES AT MERRILL.—FUNERAL SERVICES WERE HELD AT BONANZA

Rose Ella Mayberry, who was born in Illinois, February 16, 1866, departed this life at Merrill, Oregon, July 5, aged 45 years 4 months and 19 days.

On June 1st, 1887, she was united in marriage to L. M. Lyons, and to them twelve children, six boys and six girls, were born. Two of the children have preceded the mother into the better land. The children are Iva Rose (Mrs. Hamaker), Luella Henrietta, Aalph Earl, Sidney, Lucy Annabel, Carl, Louis, Ivan, Cora and Wilma.

Fourteen years ago she united with the Christian church, and when called home her membership was at Klamath Falls, Oregon. The parents of the deceased died during her infancy, and later in life she came to Kansas with an uncle, where she met her husband.

About six years ago she, with her husband, moved from Kansas to this state, settling on a ranch three miles east of Bonanza, Oregon. She has been in poor health for the last three months, and at the time of her demise was at Merrill for medical treatment.

The funeral services were conducted at the M. E. Church in Bonanza, Sunday afternoon, by Elder S. D. Marlan of Klamath Falls, assisted by Rev. Warren. Following the services the body was laid to rest in the I. O. G. F. cemetery at Bonanza, Oregon.

COUNTY MONEY INVOLVED IN SUIT

(Continued from Page 1)

The question at issue is the distribution of county money among the banks. Since Siemens became county treasurer upon the resignation of Claude Daggett, he has withdrawn county money from all the other banks in the county and deposited it in the First Trust and Savings bank.

The recent session of the legislature adopted a county depository act, providing that the county treasurers shall on the first day of June of each year designate such banks as have under the provisions of the act become eligible, as depositories for the funds of the county. The county treasurer shall keep on deposit in these banks all of the funds of the county in the proportion that the capital and surplus of said depositories bears to the total public funds.

After Siemens succeeded Daggett as treasurer he withdrew the funds from the Bonanza, Merrill and First National banks, according to the complaint of the latter. On June 3, the First National made application for designation as a depository, but Siemens declined to comply with the application. He held that the county treasurer had the right to use his own discretion in the matter.

On the ground that the acceptance of the application was mandatory on the county treasurer when the conditions of the law were complied with, and that it was a matter of public question which involved the actions of county treasurers throughout the state and involved the safety of the public funds, the First National commenced proceedings in the supreme court, through J. C. Rutledge and Kuykendall & Ferguson.

The bank asked for a writ of mandamus compelling Siemens to recognize the bank as a depository. The writ was issued by Chief Justice McBride of the supreme court. The justice also issued an alternative writ, directing Siemens, on July 25, to show cause before the supreme court why he does not designate the First National bank a depository for county funds.

SNELLING HAS A GOOD STRING

DALLAS MAN'S ENTRIES IN RODEO RACES ARE ALL OF SPLendid STOCK — IS BREEDING RACING STEEDS

Very few of the large crowd of spectators at the Elks Rodeo realized that in the quarter and half mile races pulled off each day that they were witnessing a bunch of the classiest and fastest short distance horses ever brought to this section.

Among horsemen it is recognized that Wade Hampton and Dick Rusher are two of the fastest quarter horses in the country. C. F. Snelling of Dallas, Oregon, brought five of the short distance runners here, and he was successful in winning twelve of the races during the show. In the string were Zelina, Wade Hampton, Caperna, Climax and Hildebrand. Wade Hampton tied Dick Rusher the first day, and came in first the two following days.

What is considered the classiest horse in the string was Caperna, a 3-year-old, sired by Bear Catcher. Dick Klepper owes his success in the Elks' heavyweight race to the fact that he borrowed Hildebrand from Snelling. Lindsey Siemore attempted to win by the same game, and borrowed Wade Hampton, but some of the Elks boys caught him at it and held his horse at the start. The following day he slipped Zelina in without being detected until the finish.

IVAN DANIEL IS LAID TO REST

BAND, ODD FELLOWS, BRETHRENS AND FRIENDS ATTEND CEREMONIES AT I. O. O. F. HALL AND CEMETERY

One of the largest assemblages ever gathered here for such a sad mission was at the Odd Fellows hall this morning to pay its last sad respects to the remains of Ivan Daniels, who lost his life in a tunnel near Dorris on the afternoon of the Fourth.

The Klamath Falls Military band, which Daniels directed for several years, turned out, as did Prosperity Rebekah Lodge and the local I. O. O. F. lodge. Members of the band acted as pallbearers.

There were many beautiful floral pieces and tributes from individuals and organizations. The ceremony at the I. O. O. F. hall was conducted by Rev. George H. Pease, pastor of Grace M. E. church. Music was rendered by Mrs. Don J. Zumwalt and Mrs. E. D. Henry.

At the grave the I. O. O. F. ritual was observed.

Studebaker

"The LIFE of a wagon is what counts—that's why I buy a Studebaker"

"That's reasonable, isn't it?"
"A wagon that doesn't last is expensive no matter what price you pay for it."
"Suppose you buy three wagons, one after the other, and the three of them don't last as long as one Studebaker—which is the best bargain?"
"I didn't find this out myself. I heard my grandfather say it a good many years ago. He said he had proved that it paid to buy a Studebaker. I followed his advice to my own satisfaction."
"A wagon can't have life in it unless it has the material and work and finish in it. The Studebaker people have been making vehicles for sixty years. They ought to know how to make wagons right—and they do. They have the reputation because they've produced the goods. They don't put the name Studebaker on until the wagon's right, and when you see the name Studebaker on a vehicle of any kind it is your insurance of quality."
"That's why I buy a Studebaker. I trust a Studebaker wagon because I trust the people that make them. It's good business."
"A Studebaker promise is always made good."
