START WORK ON TROLLEY TRACK

CONSTRUCTION OF MINNEY LINE AT MEDFORD IS COMMENCED BY A FORCE OF MEN WITH MACHINERY

MEDFORD, July 16—Active construction work has commenced on the interurban trolley by S. S. Bullis & Sons, holders of the franchise in Medford, first granted to the Minney company, then transferred to F. D. Waite, later extended and with minor changes granted to Mr. Bullis.

A steam shovel and other grading equipment has been delivered at hospital hill, where the road will leave East Main and circle east across Siskiyou Heights. Preliminary work was done last June to ascertain the character of soil.

The rails, roadbed and equipment will be of standards similar to the Oregon Electric. Steel rails are expected to reach here by the time the roadbed is graded.

Cars will be delivered in November and winter will see the first section of the line in operation from the center of Medford's business district to the east line of Siskiyou Heights.

SACRAMENTO IS AFTER A RODEO

STATE FAIR ASSOCIATION SEEKS INFORMATION ABOUT THE STAGING OF SUCH A SHOW

The success attending the Elk's Rodeo has attracted the attention of the California State Agricultural Society, who have charge of the state fair, and they are considering adding this feature to their fair program. The fair is held the middle of September.

The Chamber of Commerce is in receipt of a letter from J. L. McCarthy, secretary of the fair board, in which he asks for information regarding the Klamath Falls Rodeo. The letter, which asks about bucking horses, prizes, programs, etc., has been turned over to the Rodeo committee of the Local Elks Lodge, as the members have proven themselves highly capable of giving a first class wild west show.

OPIUM CAUSES MANY BATTLES

MORE THAN SIX HUNDRED POPPY PLANT WORKERS KILLED IN FIGHTS WITH CHINESE SOLDIERS

United Press Service.

SHANGHAI, CHINA July 16—Statistics published here today by the government show that 600 poppy plant workers and their employees have been killed in pitched battles with soldiers in the past twelve months as a result of the new republican government's energetic efforts to eradicate the opium curse.

In the report mention was made of the stand taken by President Wilson and his cabinet in refusing to support the demands of American bankers or traders in China for reimbursement on account of the destruction by the government of China of opium and poppy crops on which they held liens.

When Her Back Aches

A Woman Finds All Her Energy and Ambition Slipping Away

Klamath Falls women know how the aches and pains that often come when the kidneys fail make life a burden. Backache, hip pains, headaches, dizzy spells, distressing urinary troubles, are frequent indications of weak kidneys, and should be checked in time. Doan's Kidney Pills are for the kidneys only. They attack kidney diseases by striking at the cause.

Can Klamath Falls sufferers desire stronger proof than this Phoenix woman's word?

Mrs. J. Waterman, Phoenix, Oregon, says: "I have no hesitation in recommending Doan's Kidney Pills, as I have had ample proof of their merit. Overwork or being on my feet for any length of time caused my back to ache, and sent sharp pains through my loins. Headaches and spells of dizziness also bothered me. I knew that my kidneys were at fault, and hearing Doan's Kidney Pills highly recommended, I procured a supply. I began using them, and they relieved the troubles that had so long distressed me."

Poor Children of New York Find a Cheap Way to Bathe

When the heat of the East Side of New York, where hundreds of thousands of the poor live in tenements, becomes unbearable, the boys find a way to cool themselves. Mayor Gaynor two years ago instructed the fire department officials to have their men turn on water from street hydrants so that children could bathe. Now it has become a regular thing to don bathing suits and have a bath on a street corner, while scores of strangers look on in astonishment.

FOUNTAIN GIVER IS AFTER BOOZE

MILLIONAIRE TIMBERMAN IS WORKING FOR A CONSTITUTIONAL AMENDMENT AGAINST DISTILLERIES

United Press Service

PORTLAND, ORE., July 16—First having provided an adequate substitute for whiskey in the form of a gift of twenty-five bubbling fountains for Portland, S. Benson, millionaire timberman, is today fairly launched on his project to wipe out, by constitutional amendment, every distillery in the United States.

Although he is a total abstainer himself, Mr. Benson does not propose to place this constitutional amendment restriction upon the manufacture of beer or wines, because of the honest difference of opinion prevailing among medical experts as to the harmful nature of these beverages. But declaring whiskey and kindred spirituous fluid poisons, he would stamp them out "as one would stamp out a poisonous serpent in a lane." For the preliminary work of wiping out whiskey, Mr. Benson has made an appropriation of $50,000 which he will draw on as heavily as is necessary.

"I have the money," said Benson today, "and I believe it my duty to use it for humanity. We have entered into this fight from the standpoint of economics. Religion does not enter into it at all. Our fight is a strictly business proposition, and will be conducted strictly on business lines. The fight may take two years or ten. I personally have nothing to win or lose, but I have seen the misery which whiskey produces. I have seen bright energetic men in my lumber camps become worthless simply through the appetite for drink.

"Information I have gathered shows that a billion dollars is annually spent over saloon bars for liquor bearing a high percentage of alcohol. Seventy million dollars is invested in the manufacturing end of this so-called industry. This is a sore that should be removed from our national economic life. State legislatures cannot do it. It rests upon the government to take the step."

GREEKS ACCUSED BY BULGARIANS

STATE THAT GREEK TROOPS ENTERING A CITY, MASSACRE NEARLY THE WHOLE POPULATION

LONDON, July 16—Bulgaria has made charges of cruelty against the Grecian army. It is stated that while entering the city of Pravishta, the Greek troops massacred practically the entire Bulgar and Turkish population.

The Greeks and Serbs continue to advance. It is predicted by the field marshal for the allied armies that the next big engagement will occur on Bulgarian territory.

ANTI-CHINESE BILL LATEST

PANAMANIANS ARE WORKING TO LEGISLATE ORIENTALS OUT OF THE CENTRAL AMERICAN SECTION

United Press Service

PANAMA, July 16—The Chinese situation which has arisen in this Republic rivals the Japanese question of California and is quite likely to involve the United States more or less seriously before it is settled. This is the belief today of Panama government officials.

New laws, directed against Chinese residents of Panama, recently passed, together with official decrees issued by President Perras, will practically legislate the Chinese out of this section of Central America, a spot where they have been steadily growing in numbers for many years. Failing to get any satisfaction from the Panamanian government the Chinese Republic has appealed to Washington for help and holds that the United States must see that the Chinese residents of Panama are given commercial protection.

The new laws come pretty close to taxing anything and everything a Chinaman in Panama does. The Chinese merchants claim that they pay nearly 70 per cent of the import customs duties of the country, yet, under the new law, their chamber of commerce here is to be taxed $1,000 gold a month which will drive it out of existence.

The social and religious organizations are heavily taxed, the Chinese stores are restricted as to the class of goods they may sell, the members of the race are required to register frequently—and pay a fee each time—and other restrictions are placed almost upon their every move.

The Chinese claim that this is in direct violation of the Panamanian constitution which guarantees equal rights to the citizens of all nations. They also charge that when American Minister Dodge, acting on instructions from Washington, appealed to the Panama government he was promised that the laws would be made less drastic, but the matter was then allowed to rest.

The laws of Panama do not permit of a test of the constitutionality of any new law unless the President and his cabinet disagree on that law. There has been no disagreement on the Chinese situation.

The Chinese of Panama and of Central America are a thrifty, industrious lot. They never mix up in any of the political affairs of the nations and their dollars have done much to put many of these nations on a firmer financial footing. The credit of the Chinese merchants of Panama ranks high with the wholesalers of the United States from whom they buy heavily.
