SOCIALIST TALK DRAWS A CROWD

SECOND LECTURE WILL BE DE-
LIVERED THIS EVENING BY
JAMES S. OSBORNE, OAKLAND
LECTURER

An intelligent audience gathered
at Moose Hall last evening, when
James S. Osborne of Oakland lectured
on "The Truth About Socialism." Osborne
took up the theme in the
manner of a student, not a ranting
anarchist, and his talks did much to
clarify the socialistic principles to the
layman.

This evening, Osborne will talk
again in Moose Hall. His theme will
be "Americanism and Socialism."

Mat Factory Burned in Sing Sing Fire

The mat factory was the building
in which the big fire within the walls
of Sing Sing started Tuesday after-
noon, while 1,400 convicts howled in
fear of a general fire. Warden Clancy
will make an investigation to learn
the cause of the fire. It is also prob-
able that he will record to the Parole

Board of New York State the shorten-
ing of the sentences of some of the
convicts who did valiant service in
fighting flames and thus helping to
save the prison.

SAYS CAN CLOSE ANKENY FOR \$500

MATTHEWS SAYS COUNCIL'S COM-
MITTEE USED WRONG TACTICS,
BUT THEY WERE GIVEN MORE
TIME IN THE MATTER

As a result of their private investi-
gations and interviews, Councilman
O. D. Matthews and Leslie Rogers be-
lieve they can affect the permanent
closing of the Ankeny ditch for \$500.
So they told the other members of the
council at last night's meeting.

When the matter of closing up this
disease breeding waterway was taken
up by Councilmen Savage, Melhaas
and Goeller, several of the owners of
water rights under the ditch demanded
big sums for their rights. Savidge
and Goeller remarked that some of
these must have suffered a change of
heart, and Matthews intimated that
it was possible that the members of
the committee may have adopted the
wrong kind of tactics.

Doty made a motion that Matthews
and Rogers be named on the commit-
tee, but this was overruled. The two
committee members stated that their
work, which is extremely delicate, is
necessarily slow, and they asked for
further time.

Hawaiian's Record May be Accepted

Vouchers for the world's swim-
ming records established recently by
Duke Kahanamoku in Hawaii are
on their way to the Amateur Ath-
letic Union, and confidence is felt at
headquarters that they will prove
flawless. If this be the case, the
times made by the Honolulu pad-
dler—100 yards straightaway in 55-
1-5 seconds, and 220 yards in 2 mi-
nutes 34 2-5 seconds—will be officially
accepted as American standards, and
the home talent will have to improve
on them to obtain recognition.

The decision of the authorities to
O. K. the performances made in the
South Sea Islands does away with
the hope of seeing a native of this
country credited with the classic fig-
ures, for there is no sprinter at pre-
sent thought able to travel either
distance under the duke's mark.

To prevent cold sores and affec-
tions of the tongue use a few drops
of camphor on the tooth brush. It
will freshen the mouth and keep the
gums rosy.

A walk, even if it be a short one,
is a wonderful rejuvenator to the
tired housewife. But be sure to leave
cares and worries at home when set-
ting out on such an expedition.

DUCK SHOOTING ENDS DEC. 15

FEDERAL LAW SHORTENS BY
TWO MONTHS THE SEASON AS
OUTLINED BY STATE GAME
COMMISSION

According to the federal migratory
bird law, the season for shooting
ducks and geese in Oregon will close
December 15th, which is two months
earlier than the provisions of the
state game law. The federal law pro-
vides for the season to begin Septem-
ber 1st, but this will not apply in
Eastern Oregon, where the season
opens September 15th, as the state
law will govern in this case. Across
the line in California the season will
not close until January 15th.

The new federal law, which be-
comes effective on October 1st, di-
vides its operative territory into two
sections—a northern and a southern
zone—comprising the states above
and below a line stretched approx-
imately from Delaware's northern
boundary to the northern boundary of
California. In the northern zone the
open season on all water fowl is from
is from September 1st to December
15th; that of the southern zone, Octo-
ber 1st to January 15th. There are
some exceptions to this which in gen-
eral follow the state's laws as they
now are. Migratory birds may not be
killed between sunset and sunrise.

Cremationists Go Nighting

United Press Service
DETROIT, MICH., July 29—Sev-
eral hundred delegates to the first
national convention of Cremationists
of America sailed today for Buffalo
and Niagara Falls after a two days
session here. The convention was for
the purpose of perfecting an organ-
ization similar to the Cremation So-
ciety of England and to spread propa-
ganda in favor of national legisla-
tion making cremation compulsory as
a sanitary reform.

Four Young Stenographers Whom President Wilson Took from Trenton to Washington

From left to right—Charles Fury, Warren Johnson, Thomas A. Claffy, Charles Swem.

President Wilson has shown his ap-
preciation of hard and competent
work in the cases of four young
stenographers, all Jerseymen, who
were employed in his campaign head-
quarters in Trenton. They were
taken to Washington with him, and
he is now trying to find places for the
last of them.

First among them is Charles Swem,
who is the President's private stenog-
rapher. Swem is wonderfully ac-
curate and speedy. He writes 269
words a minute, nine less than the
world's record. He followed the can-
didate for president all over the Un-
ited States and turned out his speech-
es for the newspaper men. Fury has

been placed in the office of the record-
er of deeds in the District of Colum-
bia. Warren Johnston of Trenton is
private secretary to the President's
private secretary, Joseph F. Tumulty.
Claffy is to become private secretary
to Oliver P. Newman, one of the com-
missioners of the District of Colum-
bia.
