## LORELLA COUNTRY HAS HEAVY RAIN

MUCH INTEREST MAINAINED IN THE PROPOSED RAILROAD. UNIQUE METHOD USED FOR GATHERING SEEDS.  
(Special Correspondence)  
LORELLA, July 26.—Considerable interest is being manifested by the people here over the prospects of the proposed railroad between Klamath Falls and Bonanza. Postcards have been sent to all ranches, which, when returned, will give a good estimate on the amount of produce raised and shipped from this part of the country.

The heaviest summer rain in several years has fallen here during the last week. Most of the ranchers here are now busy putting up hay, and this work will be given quite a setback, but the moisture will do an immense amount of good, both to crops which have not been cut and to fall and winter pasture.

Mrs. E. A. Leach and Miss Mildred Leach of Chicago are visiting at the home of Mrs. Leach's brother, H. E. Winnard, near Lorella.

Mr. Gus Keller went to Klamath Falls Saturday to meet Mrs. Keller's sister, Mrs. William Grohs of Portland, who will visit with them for a time.

David McComb is out with his big sage brush machine, grubbing brush on the Crasper ranch near Bonanza.

Mr. and Mrs. Edward Sedge of Dairy were visiting Langell Valley friends last Sunday.

**TERMS WILL BE CASE**

# Enormity of the Suffrage Move Amazes Lady Senator

Hon. Helen Ring Robinson of Colorado Says That in Addition to the Fight for the Ballot, Eastern Women are Also Demanding the Double Standard's Abolition

DENVER, Colo., July 26.—The East is now convinced that there can be such a thing as a "lady senator," who sometimes uses smelling salts, wears frocks of the kind recommended by the best fashion magazines and speaks in the tones of a "perfect lady."  
This is the opinion of the suffragist leaders of Denver, following the recent return of State Senator Helen Ring Robinson from a lecture tour which took her through five states and during which she delivered more than sixty addresses. If the "antis" of the East expected Senator Robinson to be any different from thousands of other cultured women of the country they were mistaken.  
Mrs. Robinson is enthusiastic over the growing suffrage sentiment in the east, and is convinced that the example of Illinois in granting women the ballot will soon be followed by many other states. She gave the United Press the following statement regarding her trip:

By STATE SENATOR HELEN RING ROBINSON  
(Only woman senator in the U. S.)  
One who has not been in the midst of it cannot realize the significance and zeal of the great women's movement in the East. I did not fully realize it. The fervidness of it, the white flame that burned in its midst inspired me. I heard women preach with the fervor of Peter the Hermit.  
One of the things that impressed me was the wonderful feeling of sex loyalty and solidarity. I saw this in Baltimore, where young women with faces like opening flowers and eyes shining like the stars, marched together with women worn by toil. I saw it in New York; I saw it everywhere. This sex solidarity has existed among the pick of women from the time of Euripides until now. Men will not acknowledge it, but it has been so.  
Then, too, I was impressed by the feeling that is developing for the single standard of morality. You hear these zealous women who are struggling for the ballot with a spirit of zeal crying for the abolition of the double standard. And other women are taking up the cry.  
A movement born of such spirit and carried on with such zeal must triumph in the end, but I would not want to prophesy which of the three states in which I did most of my campaigning—New York, New Jersey and Pennsylvania—will win first. The outlook in New Jersey is most favorable. In New York the opposition chiefly comes from the rural districts, where conservatism reigns. Then, too, Tammany Hall is, by the very nature of its organization, almost hysterically opposed to giving women the vote, and is using all its influence to fight the women's movement.  
Strange to say, the opposition to the movement has found throughout the East as many women in it as men. These women belong to the in-

## WANT BENEFITTED TO PAY FOR WORK

KLAMATH RESERVATION INDIANS ASK A CHANGE IN PROVISIONS FOR MODOC POINT PROJECT REIMBURSEMENT

WASHINGTON, D. C., July 26.—Indians on the Klamath reservation have petitioned the secretary of the interior to take steps to amend the Indian appropriation bill authorizing the construction of the Modoc Point project so the cost shall be reimbursed only by persons whose lands lie under the project.  
The original plan for the reimbursing of the fund appropriated was from the sale of tribal timber.

## Ruins of Wagon and Paint Shop in Sing Sing Prison Believed to Have Been Fired by Convicts

A drastic investigation which may prove that the big fire in Sing Sing prison the other day was set by convicts as an indirect result of the conflict was between Charles F. Murphy, boss of Tammany, and Governor William Sulzer, is to be made. The governor's friends do not accuse the Tammany men or their friends of starting the fire. But Superintendent of prisons John B. Riley said because Acting State Controller Michael Walsh had refused to supply funds to transport 185 prisoners from Sing Sing to Auburn prison and 40 to Great Meadow, men who were on the verge of mutiny remained at Sing Sing.  
"One of this number set the fire," said Mr. Riley. "This I am informed by Warden Clancy, who ferreted out the culprit."  
"It is characteristic of prisoners to protest against removal from Sing Sing, even though it means a betterment of their condition."  
"In this instance the removal of 185 men will make it necessary to place two men in a cell at Sing Sing, but the men to be removed want to remain at that place because it is more handy for friends from New York city who visit them."  
The wagon and paint shop was one of the buildings burned. The total loss was something like \$500,000, the state authorities say.
