"MOTHER JONES" IS ON JOURNEY TO MINING CAMP

BOTH FACTIONS ARE MARKING TIME

Operators Still Refuse to Arbitrate Differences in Copper Country. Ammunition Shipped to National Guard Camp—Mine Owners Say 500 Men Are at Work, and Backbone of the Big Strike is Broken

VALUMET, Mich., July 21.—Mother Jones, the noted friend of the miners, has telegraphed the striking copper miners, that she is on her way here from West Virginia to aid them. She is expected Tuesday. A union parade was held this afternoon in her honor.

Both sides are waiting until the governor replies to the refusal of the mine operators to meet in a peace conference at Lansing. Advice from Lansing are to the effect that 5,000 rounds of ammunition were secretly shipped to Brigadier General Abbey, in command of the militia here.

The mine operators today assert that 800 men are working in the mines. They predict that the strike will be broken inside of a week. Daniels Due in Denver DENVER, Colo., July 21.—Secretary of the Navy Josephus Daniels will receive a rousing reception here tomorrow, when he arrives from the Pacific Coast en route to Washington. Demurrer of Siemens in Mandamus Case Over County Depositaries is Overruled by State Supreme Court

A decision of interest, not only to Klamath county, but to all other counties in the state as well, was handed down by the supreme court in the mandamus suit brought against County Treasurer Siemens by the First National bank. The decision overruled the demurrer filed by Siemens. The mandamus proceedings were commenced by the bank to compel Siemens as county treasurer, to designate the First National bank as a county depository, and deposit its pro rata of county funds therein, as provided by the last legislature.

To this, Siemens took exception. He held that the county treasurer was allowed to use his own discretion in the matter. He also held that because of an intermediate adjournment of the legislature, the bill did not become effective until June 2, while it provided that the county treasurer should name depositories on June 2. Taking the position that the time for naming the depositories having passed when the law became effective and that it would not become operative until June 2 of next year, the county treasurer refused to name the complaining bank depository. The court holds that time was not the essence of the contract.

ANOTHER ROW IN MULHALL'S CASE

QUESTIONS AND DENUNCIATION BY MANUFACTURERS' ATTORNEY CAUSE REG BUCTION TO INTERRUPT PROCEEDINGS

United Press Service WASHINGTON, D. C., July 21.—A row interrupted the Mulhall proceedings today, when Senator Overman began reading the questions submitted by Counsel McCarter for the National Association of Manufacturers. McCarter demanded that he be permitted to read a denunciation of Colonel Mulhall, and a red-hot wrangle of some length ensued. The request was granted by Chairman Overman.

Colonel Mulhall then announced that he would not answer unless he was granted counsel.

"I want counsel or I won't talk," he said. "I'll go to jail for contempt first."

"I was the agent for the National Association of Manufacturers, only when I worked for them. I won't let them attack me to get away by it." Overman succeeded in restoring order only after dire confusion reigned a few minutes.

LaDue Will Manage the Sacramento Rodeo, to be Given as a Portion of the State Fair Last of Next Month

Charles La Due, the Alberta cowboy who appeared in the riding, bull-dogging and rope spinning events at the Rodeo here, has been named by the California State Agricultural Society to take charge of the Wild West Show, which is to be a feature of the California State Fair.

The State Fair will be given September 13 to 26. The final three days will have the Wild West show as the attraction.

La Due leaves in a day or two for the California capital to commence work of organizing the show. He states that a number of local riders have signified their willingness to go there and compete for the prizes.

Some time ago the California State Fair Association wrote to Klamath

Falls regarding the successful Rodeo held here, and asking for permission to hold a similar show as a part of the fair. The show recommended La Due to the fair management, and they closed a contract with the Canadian to take entire charge of the arrangements.

La Due, before coming here from Australia, was connected with the management of a Wild West show there. He also had charge of the Frontier Day competitions at Stockton this year.

It is possible that a number of Klamath county outfit horses may be shipped to Sacramento to furnish mounts (or discounts) for the riders entered in the broncho busting competition.

VICIOUS HORSE INJURES RANGER

ED KIRBY WAS WEARING GLASSES AT THE TIME OF ACCIDENT. DOCTORS BELIEVE EIGHT UNIMPAIRED

Kicked by a vicious horse, Ed Kirby, a forest ranger stationed near Odessa, sustained a severely lacerated face Wednesday. This was made more painful owing to the fact that at the time Kirby was wearing glasses, which were broken by the impact, and part of the glass was driven into the man's face.

Dr. J. H. Taylor of this city made a record trip to Odessa in a car piloted by J. W. Balle, and the sufferer was brought to the Blackburn hospital. Dr. Fisher was called in consultation, and after a careful examination, the doctors failed to find any particles of broken glass in the eye.

The eye are in a serious condition, and the man's face is badly lacerated, but Dr. Taylor does not look for any permanent injury to the ranger's vision.
