

Verdi Anniversary Is Being Observed

United Press Service
PARMA, Italy, Aug. 15.—Italy's national celebration of the anniversary of the birth of Verdi was formally opened here today, and will continue until October 15th. The house in which Verdi was born here was opened to the public this morning with elaborate ceremonies, as was also a national theatrical exposition, devoted entirely to the history and development of the stage in Italy from the days of the early Greeks and Romans down to the present day. A goodly section of the exposition is devoted to the works of Verdi.
Beginning today there will be daily concerts of the opera composer's music. Choral societies from all over Italy have planned pilgrimages here to give concerts and enter in the competitions which have been arranged for the purpose of popularizing Verdi music. An opera season will be begun the first week in September in the Royal opera house, at which all of Verdi's masterpieces will be presented in their chronological order under the direction of Camprino of the New York Metropolitan Grand opera house, who was born at Parma. The casts will include practically every great opera singer in the world today, all of whom have donated their services for the centenary celebration.
Later in September an immense concert hall, the largest in Italy, to be known as "Bals Verdi," will be opened, and a national monument to Verdi unveiled. The culmination of the ceremonies will come on October 10th, the anniversary of Verdi's death when a world-wide pilgrimage will be made to the tomb of the composer at Milan. Assurances already have been received that the principal musical societies of practically every country will be represented at this pilgrimage.

LET BABY CRY, MA CAN SEE MOVIES

SEATTLE MOTION PICTURE THEATER PROVIDES GLASS ENCLOSED ROOM FOR PARENTS OF NOISY INFANTS
United Press Service
SEATTLE, Wash., Aug. 15.—Harold Ballou, proprietor of a moving picture theater here, has been handed the palm by Seattle mothers.
Ballou's theater is in the residential section, and much patronized by mothers or nurse girls who bring small babies to the movie house with them.
Every time a baby began to cry the mother or nurse was asked to leave. Ballou always refunded the money.
Now Ballou has had built along one side of the wall a large, glass-enclosed room, in which mothers and nurses can take the noisy babies and still see the pictures.

Two Great Stars in One Club

WASHINGTON, D. C., Aug. 15.—Fortunate indeed is Clark Griffith in possessing two such pitchers as Walter Johnson, the veteran, and Joe Hoehling, the youngster.
Of course Hoehling is still something of an experiment, but if he makes good in the future on his remarkable showing for this season, the Washington club will then possess the two best pitchers in baseball. With a few more good players Griffith would probably beat out the Athletics for the American League pennant. But he hasn't the players.

Like the Chicken Finds Sand Help

United Press Service
MUNCIE, Ind., Aug. 15.—Sand—parboiled, baked or fried—has cured stomach troubles for George W. Cromer, former congressman from the Eighth Congressional district; John Fitzgibbons, president of the Muncie Ornamental Iron company, and Harry W. Long, lawyer, and twice prosecuting attorney of Delaware county. Today, despite much laughter that sometimes greets them when they tell the stories of their recovery from indigestion, dyspepsia and other stomach troubles, they are spreading the gospel of sand.
Fitzgibbons read of the sand cure in a Chicago newspaper, and tried it out. It worked wonders for him. It was much the same way with Cromer and Long. With only half faith, but desperate from years of suffering,

AN OPEN LETTER TO GOVERNOR WEST.
I see by a Portland paper that Dr. Leach has recently been run out of his home town, Bandon, Ore., by the business element of that city because he had dared to criticize these same people for forcibly deporting other working men of that city. This criticism was made in a paper which was publishing, called "The Justice."
The reports say that he was summoned to appear before the Commercial Club of that city, and when he did so he was given a few hours in which to get ready to leave. At the specified time set by the club he was put into a boat and taken some distance out of town, thence in an auto to an isolated place on the beach, where the kidnaping party halted and held council.
The doctor had taken with him the files of his paper in a valise. This was broken open and the papers distributed among the outlaws as souvenirs. Dr. Leach was then told to hike, and warned never to return again. These are the essential facts about the outrage, of which full details are given in the Oregon Journal for July 31st.

I am told that you have been asked by a number of citizens to use your executive power and make the proper authorities enforce the law against those anarchists who have so flagrantly violated the constitution and the laws of our state, but that so far you have failed to act.
You are no doubt aware of the fact, Governor West, that there is a growing suspicion among the masses of our people that our laws are made to protect the rich and to punish the poor only. That they were never intended to be enforced when the criminals happened to be from the so-called upper classes; that the old adage that in this land that everybody is equal before the law is a mockery and a farce. Yes, Governor West, can dispel that suspicion by seeing that the criminal law is enforced against the members of the Commercial Club of Bandon, but you will strengthen it by remaining inactive.
The people of Oregon have a high opinion of you, Governor West. You have done a few things in the past which led some of us to think that you were fearless and that you at all times in the past when some city officials failed to do their duty, you have compelled them to act, but Governor. If you lay down this time, when the victim happens to be from the working class, and the criminals from the business and professional class, to which you yourself belong, then the socialists and working people will have reason to say that your knees are weak and that you stand for class rule and endorse tyranny.
In conclusion, let me remind you of a sentence from the constitution, which you have sworn to uphold:
"Nor shall any state deprive any person of life, liberty or property without due process of law, nor deny to any person within its jurisdiction the equal protection of its laws."
You will also read in the same document that the purpose of government is to protect the lives, liberty and happiness of all the people. This makes it your plain duty, as chief executive of the state, to protect Dr. Leach and make it safe for him, as far as in your power, to return to his home without being molested by those autocratic outlaws which have congregated in Bandon.
JOHN AUSTAD.

PROGRESSIVE LAUNDRY WINS
ENTERPRISE STARTED BY STRIKING GIRLS IN TACOMA HAS ALL THE WORK IT CAN HANDLE WITHOUT ENLARGING PLANT
United Press Service
TACOMA, Wash., Aug. 15.—The "progressive laundry" established on the co-operative basis by the girls who struck in the laundries of Tacoma for higher wages, better sanitary conditions and shorter hours, today was declared to be a great success.
When the girls struck a few weeks ago others immediately took their places, and the strike left the former laundry workers without means of support until they hit on the plan of starting a laundry of their own.
The plant today is in full operation and has all the work it can handle.
The girls, working on the co-operative plan, are making half as much again as they did when they worked for wages.
