

# Weinstock May Not Land the Position

WASHINGTON, D. C., Aug. 23.—Colonel Harris Weinstock of Sacramento will not be confirmed as a member of the national industrial commission right off, if Senator Hoke Smith of Georgia can prevent it. And Smith is chairman of the senate committee which has in charge the report on the nominations in this case.

Smith wants a farmer named on the industrial commission. The fact that President Wilson has filled the list, and there's no place for a farmer without crowding off some one already there, cuts no figure with the

senator from Georgia. Whereat, Senator Hughes of New Jersey is far from pleased. Hughes is the only trade union senator, and he wants this commission to get to work on the problem of prevention of strikes.

Smith's reason for insisting on a farmer is said to be the fact that his chief political enemy, Joe Brown, wants to beat him for the senatorial honors next time. Brown is strong with the Farmers' Union in the South. Smith is trying to checkmate him. The industrial situation meanwhile will have to take care of itself.

## German War Veterans in Session

Thousands of old German soldiers, veterans of the Franco-Prussian war, gathered here from all sections of the country today to attend the opening sessions of the national convention of the German Kriegerbund of North America. More than 200 accredited delegates were in their chairs when the first business session convened for the purpose of reorganizing the national insurance fund. Special trains brought large delegations from Wheeling, W. Va., and Chicago, and many Ohio cities were well represented. St. Louis sent delegations from three old soldiers' clubs. Among other cities represented are St. Paul, Minneapolis, Terre Haute, Fort Wayne, Sioux City, Aurora, East St. Louis, Joliet, Kansas City, Little Rock, Denver, Charleston, Pittsburg and Covington. The convention will adjourn Tuesday.

the irresistible thoughts of the day of a ten or twelve pound rainbow trout, and the prospect of bagging a deer, they have also taken to the "tall and uncut."

Crater Lake is also the mecca for a number of camping parties leaving here, and they will spend several days at Klamath County's world-famous wonder. Others are going to Huckleberry Mountain, and will combine the pleasure of open air life with the occupation of garnering a supply of winter fruit—so the social activities of Klamath Falls just at present are noticeable particularly by their absence.

**Notice and Items for the Social Department will receive attention if left at The Herald office or telephoned to Main 66 by Friday afternoon or before 10 o'clock Saturday morning.**

**"Gone to Camp."**  
This is the sign that is much in evidence in Klamath Falls at present, and everybody who can possibly get away from the busy cares of life in this bustling metropolis to be are eliciting themselves toward the hills, the lakes, the woods and the rivers, to rusticate a while.

The weather in Klamath Falls is not such as to make it unbearable for one to work during the summer months. In fact, the invigorating air that is served at this altitude, and the cooling breezes which render hot nights an impossibility, are conducive to ambitious toil.

A year of steady work, however, causes everybody to get just a trifle run down—some people more than a trifle—and they leave for the many vacation spots in this summer playground, knowing that they will return to work enthusiastic.

Others do not get so tired, possibly, but along at this time of the year the reports coming in of deer roaming the hills and the taste of the jerky brought in by other sportsmen stamper get them. Unable to resist the call to the woods, with its balsam laden

The young folks will be guests of Mrs. Mary Griffith, proprietress of the Tavern. The musical program will be in the capable hands of Miss Almoe Wing, one of Klamath Falls' most charming musicians, and will include many vocal and instrumental selections. Besides the dancing and music, there will be a spread, ranging from appetizing salads, through courses of substantial foods, to dainty confections and delicious loaves.

At the Presbyterian Manse, Rev. J. Stubblefield Wednesday morning performed the ceremony uniting Joseph A. Goldsmith and Miss Josie Divoky. Mr. Goldsmith has resided here for several years, and is well and favorably known.

Miss Ida Weaver and Miss Leone Weaver are here from Kansas City, Mo., to visit their cousin, Mrs. J. S. Stubblefield. They have been away from home several weeks, visiting friends in Denver, Ogden, Salt Lake City, Ogden, Los Angeles and other places. They expect to return home via Canada.

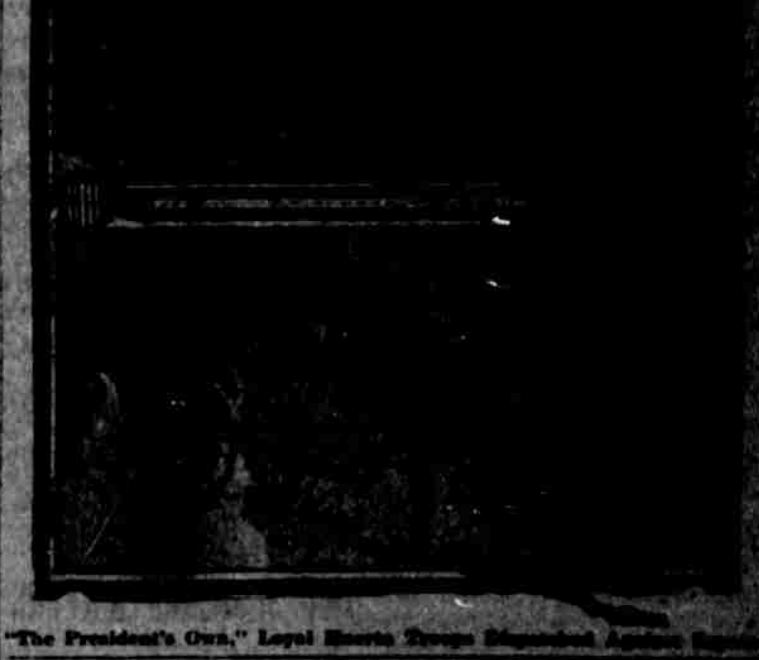

A quartet of vacationists to reluctantly return to the turmoil of the city this week were Mrs. P. Bogardus, Miss Claudia O'Loughlin, Joe Brett and Coleman O'Loughlin, who returned Thursday from a two weeks' sojourn at the summer home of Mrs. Bogardus on Aspen Lake. Joe Brett took his gun with him on the trip, with the avowed intention of bringing back a deer, and while Joe has no venison to show for his trip, it is rumored that Joe brought back a "deer."

Mrs. Jackson F. Kimball and Miss Elsie Applegate left during the week on horseback for Clover Creek, where they will join Mr. Kimball and spend several days camping.

# Tourist Traffic to Crater Lake Breaks All High Marks

## Park Superintendent Steel Tells Medford People That Number of Visitors Registered Is Far Ahead of Last Year

MEDFORD, Aug. 23.—"The present season is smashing all records for Crater Lake travel," states Superintendent Will G. Steel, who is in Medford for a few days.

"Up to August 17, registrations showed 2,761 visitors, as against 2,083 at the same date a year ago, an increase of 678.

"They also showed 434 autos, as against 339 in 1917, an increase of

195. Sunday, August 17, was the biggest day in the park's history, 176 visitors registering.

"This is the first year, continued Mr. Steel, "that Oregon visitors have equaled in number those from California and the first year that the Medford gateway has been as extensively used as the Klamath. This is due to the road improvements made in Jackson county.

"The government engineers are

making rapid progress in road improvements.

"They are working a force of 300 men, and have five miles of road from the lake completed, which will eliminate the present steep grade this side of the lake.

"Testing experiments are being conducted on an extensive scale to prepare a hard surface for the road by chemical treatment of the soil."
