## News of Our Neighbors

County and Progress of Heavy  
Construction as Chronicled  
in the Press.

**Trust Laying on the New Line of the**  
G. W. E. & N. through Malheur cen-  
ter is completed to the fourth bridge  
from Junction, six miles down the riv-  
er, and the bridge builders have got  
in several days' work on that struc-  
ture. As soon as the bridge is finished  
the track layers will have about  
three days' work to lay the track to  
the little tunnel two miles out of town.

**Trust Fry for Lost Lake**  
Hood River sportsmen are making  
an effort to plant several hundred  
thousand trout fry in Lost Lake this  
season, and the aim is to have the  
lake a most difficult task to fry.  
It will be a most difficult task to fry  
the fry over the rough roads and  
trail leading to the lake, but enough  
men are volunteering to do the work.  
Lost Lake has but few fish in it. It  
is thought that the waterdogs are so  
numerous in the water that they eat  
the spawn immediately upon deposit.

**Start at Malheur**  
On account of statements being  
circulated by enemies of the bond  
issue in Ashland that the county  
court intended to begin construction  
of the county highway at the Joseph-  
ine county line instead of the Califor-  
nia line, Judge Tom Velle issued the  
following open letter:

"To the People of Ashland—The  
call for the bond election stipulates  
that construction begin at the Califor-  
nia line. To begin anywhere else  
would invalidate the bond issue. It  
is the county court's intention to  
award a contract for the grading of  
the highway over the Malheur as  
soon as possible after the election,  
provided the bonds carry, so that the  
grade may settle during the winter  
before it is surfaced next spring. The  
first section of highway constructed  
will be that from the California line  
to the present county line.—Medford  
Mail Tribune.

# Automobile Races Start at Elgin Course; Run Two Days

**ELGIN RACE PROGRAM**  
Friday—Chicago Automobile  
Club Trophy Race.  
Saturday—Elgin National Tro-  
phy Race—the feature.  
Time of Starting—11 a. m. for  
each day.  
Distance, 204 miles 204 feet,  
for each race.  
Number of laps, 26, each 8.25  
miles in length.  
Best previous time, 63.4 miles  
per hour.  
Record holder, Ralph de Palma  
Value of trophies, \$5,000 each,  
with \$5,000 additional.

**United Press Service**  
ELGIN, Ill., Aug. 25.—Four bombs  
set off simultaneously, their rear  
wheels making the starting pop-pop of high  
power automobile engines, signalled  
the start at 11 a. m. today of the first  
of two events in the big Elgin meet—  
the 204 mile dash for the \$10,000 tro-  
phy hung up by the Chicago Automobile  
Club.

Chewing thousands in the grand-  
stand saw the squadron of low built  
racing cars, the finest products of  
American and foreign factories, dash  
away from the starting line, pitted

by the pick of the race drivers of this  
country. They heard the sput-sput-  
tering of the engines as the cars dis-  
appeared in the dust; heard the  
roar in the distance cheer the  
racers, and when the first turn was  
made and intervening trees and hills  
cut off the view and muffled the noise  
settled back in their seats to wait  
until the racers sped past the stands  
again to begin on the second lap of  
the long grid.

Today is a big day in the automo-  
bile calendar and one of momentous  
importance also to the otherwise  
quiet farming district that just about  
this time every year shuts up its  
eight miles of roadway, neglects its  
business of dairying and raising corn,  
and joins the great crowd of Chica-  
goans who line the winding course.  
Farm houses that offered a good view  
of the track were converted into ho-  
tels, and hundreds of persons afflicted  
with the speed mania slept within  
fifty yards of the course last night.  
No Long Island Vanderbilt cup race  
ever drew a greater or more conven-  
ient crowd.

"Hairpin curve," where speeders  
in former races so often met mishap,  
last interest this year, and the  
through that in former years fought  
with millstones to stand at the point  
of vantage at this dangerous turn to-  
day were widely scattered along the

eight mile course. The "hairpin"  
was practically eliminated when the  
course was improved this year, and a  
straight-away stretch of smooth pits  
cut through the turf and woods at  
this point decreased the chances of  
danger to a minimum, and increases  
the chance of new records for the  
course.

Ralph de Palma, winner of last  
year's race, when he set a new re-  
cord; Joe Dawson, Mulford, Hughes,  
Haupt and a dozen other noted driv-  
ers are piloting cars in the two days  
race meet. All the entrants have test-  
ed out on the Indianapolis speedway  
and in several other meets of lesser  
importance this year.

De Palma and Spencer Wishart  
were entered weeks ago. They are  
here with four Mercers, including the  
two cars that competed in the Mem-  
orial Day races at Indianapolis this  
year. Wishart is driving the same car  
that he and De Palma piloted to  
second place in that event.

Mulford, trying for the Chicago  
Automobile trophy today, in a  
Mason, will drive the same car in the  
bigger event tomorrow. Haupt and  
Rickenbacker were the other Mason  
entries. Piletto drove the big Mer-  
cedes entered by E. C. Patterson, the  
Chicago racing enthusiast, and Hugh  
Hughes drove a Talis specially built  
for work on the 500-mile speedway.

## PEACE PALACE IS DEDICATED

**MANY AMERICANS ARE PRESENT  
AT THE CEREMONIES CON-  
DUCTED WITH THE OPENING OF  
THE BUILDING**

THE HAGUE, Aug. 25.—Represen-  
tative F. C. Stevens of St. Paul,  
Minn.; Representative Richard Bar-  
thold of Missouri, president of the  
American group of the Interparlia-  
mentary Union, were present today  
at the dedication of the Carnegie  
Peace Palace here.

Many other prominent American  
interested in international peace  
movements were among those pres-  
ent. The dedication ceremonies were  
preliminary to the formal meeting of  
the peace conference, which will open  
September 1 and continue through  
September 4.

## Every Street in Klamath Falls

Has Its Share of the Frost That Kid-  
ney Sufferers Seek

Backache? Kidneys weak?  
Distressed with urinary tract?  
Want a reliable kidney remedy?  
Don't have to look far. Use what  
Klamath Falls people recommend.  
Every street in Klamath Falls has its  
cases.

Here's one Klamath Falls man's  
experience.  
"Let N. Marchand of Warden ave.,  
tell it.

Says Mr. Marchand: "About two  
years ago I first noticed symptoms of  
kidney trouble. My back pained me  
intermittently, and I was obliged to arise  
many times at night, owing to too fre-  
quent passages of the kidney secre-  
tions. Often my back was so weak  
that I had to quit work. Doctor's Kid-  
ney Pills were finally brought to my  
attention, and I began using them.  
They restored my kidneys to a nor-  
mal condition and removed the pain  
in my back. I give DePal's Kidney  
Pills the credit for my cure, and high-  
ly recommend them to other kidney  
sufferers."

## Says Poor Vision Is Keeping Children Back

**BUFFALO, N. Y., Aug. 25.**—De-  
claring that 25 per cent of all chil-  
dren attending school have defective  
vision or eyestrain, Dr. Lewis C. Wes-  
mills, ophthalmologist for the Phila-  
delphia board of health, strongly  
urged more thorough inspection by  
physicians of school children. Dr.  
Wesmills was speaking on the subject,  
"Defective Vision in School Children  
from an Economic Standpoint," be-  
fore the Fourth International Con-  
gress on School Hygiene today.

"Medical inspection of school chil-  
dren," he declared, "has revealed the  
fact that at least 25 per cent of all  
children attending school have defec-  
tive vision.

"In the majority of cases suitable  
glasses would cause these otherwise  
backward children to advance and  
take their places in classes with 'nor-  
mal' children. Such corrections not  
only increase the learning ability of  
the pupil and mean less work for the  
teacher, but they have an economic  
value as well, because if a child is  
backward and remains in the same  
class for two or three years, it is  
costing the state two or three times  
as much as is necessary to teach the  
child."

## Harry Thaw's Sister Reaches Canada to Help Her Brother

Shortly after Harry K. Thaw, the  
escaped Matteawan lunatic, was  
caught near Sherbrooke, Canada, his  
sister, Mrs. George I. Carnegie, and  
her husband took a train for the  
scene. It was believed that they went  
to take money and make arrange-  
ments for the employment of the  
most important lawyers in the Do-  
minion to fight his case. Those fa-  
miliar with the way in which Thaw  
and his relatives have spent money to  
get him out of the asylum believe  
that he will not use less than \$50,000  
in his fight in the Canadian courts.

Is it in the Herald? It's  
right, then.

## LOOK YEARS YOUNGER! GRAY HAIR DARKENED BEAUTIFULLY WITH SAGE

Sage Sage and Sulphur Will Stop Remedy," thus avoiding a lot of mean-  
ingless hair and cure  
Dandruff

Common garden sage brewed into a  
soapy tan with sulphur and alcohol  
added, then left to age and especially  
Wyeth's Sage and Sulphur no one can  
alter will turn gray, streaked and  
aged hair beautifully dark and luxu-  
riant; remove every bit of dandruff,  
stop snip itching and falling hair.

Just a few applications will prove a  
revelation if your hair is fading, gray  
or dry, scraggly and thin. Mixing  
the Sage Tea and Sulphur recipe at  
home, though, is troublesome. An  
easier way is to get the ready-to-use  
tonic, costing about 50 cents a large  
bottle at drug stores, known as  
"Wyeth's Sage and Sulphur Hair  
Younger."
