

C. K. Brandenburg Is Requested to Resign  
Johnathan Bourne to Speak Tonight

POSTMASTER TOLD TO QUIT THE JOB SEPTEMBER 10TH; INTENDS TO STAY UNTIL HE IS REMOVED

WAGNER AND DELZELL ARE AVOWED CANDIDATES FOR THE OFFICE

While Tenor of the Letter Indicates That the Department Has Made Its Selection, Wagner Favours Leaving the State in a Democratic Caucus in This City. All Candidates to Appear by Its Ruling.

Postmaster Clyde K. Brandenburg this morning received a letter from the postoffice department that the department had decided to appoint his successor, and requesting Brandenburg's resignation by September 10. In addition the letter stated that Joseph H. McAllister, who was suspended from the position of chief clerk, has been removed from the post office service.

This information from Washington clarifies to a certain extent the postoffice struggle that has been in the air here for some time. Following the suspension of McAllister upon charges made by C. Brandenburg, charges were presented against Brandenburg by his former boss.

Postmaster Inspector Durand was sent here from Portland to look into the situation, and he remained several days. The ruling received today is the first final intimation of his recommendations to the master.

"My office has been inspected regularly during my term, which is not yet completed," said Brandenburg today, "and the reports up to the time of this trouble were always satisfactory. Should I lay down now it would look as though there was some truth in the charges which were preferred. I don't think that I care to resign."

The tone of the letter indicates that the department has decided upon who will succeed Brandenburg. However, a number of democrats are bestirring themselves.

William Wagner, secretary of the

ATTORNEY TAKES BRIDE IN S. F.

HORACE M. MANNING AND MRS. RAMBO RETURN FROM BAY CLAY AS HUSBAND AND WIFE, SURPRISING FRIENDS

Following a hurried trip to San Francisco, ostensibly to attend to business matters, Attorney Horace M. Manning returned last evening, accompanied by Mrs. Manning, nee Mrs. Rambo, whom he married in California. They will reside here.

Mrs. Rambo left for San Francisco a short time ago to purchase a stock of millinery for Hector's Department store. Both parties are well known in Klamath Falls, where they have resided for some time.

Mrs. Alex Stewart of Lorella, who was in the city last week with her daughter, Ruth, has returned to her home. Mrs. Stewart remembered one of her Klamath friends with a nice box of fruit raised on the home place, which is one of the best fruit farms in this section. The plums, pears, apples, berries, etc., raised on the Stewart place are the equal of any ever seen in the fancy fruit markets.

County Democrat Central Committee, and W. A. Delzell are avowed candidates, and W. T. Shive is also mentioned in this regard.

Wagner is in favor of submitting the selection to a caucus of the local democrats, in case the congressional delegation is willing. This would eliminate much disputes, and give the appointment to the man most favored by the members of the party.

New Foreign Affairs Secretary Who Has Been Dealing With Lind

Federico Gamboa, new foreign affairs secretary of Mexico, who has conducted the negotiations with John Lind, President Wilson's special envoy to Mexico, may become provisional president if Victoriano Huerta can be induced to resign. Gamboa is not a wealthy man. He is best known as a novelist and diplomat. He is now 52 years of age, and he made his fame writing "Santa," a rather racy novel. Another of his works is "Regeneration."

Eight years ago he was first secretary of the Mexican embassy in Washington. Later he was minister to Guatemala and then to Chile. He then became assistant secretary of state under Secretary Creel, and was minister to Belgium when he was called back recently by President Huerta to become foreign secretary.

MILLER KILLS IN SHORT TIME

LEAVING HERE AT 2 O'CLOCK, HE SHOOT A DEER BY 3—OTHER PARTIES, HOWEVER, ARE NOT SO LUCKY

Another record for quickness was set Monday by A. D. Miller, who returned late in the afternoon with a fat four-point buck.

Miller left here with Charles Cripp at 2 o'clock. When the auto reached Round Lake, Miller started out for deer, and before 3 o'clock he had landed his venison.

A party composed of Albrecht Oehler, A. H. Loewe, Harry Goeller and Tom Myers scouted around Clover and Buck creeks for two days, but owing to the Tuolumne trail regarding visionary powers after 4 o'clock, or some other cause, they did not even see a deer.

A little more success attended the trip of A. M. Worden, Max McCall, H. C. Worryman and W. M. Duncan to Spencer Creek. They at least saw some tracks, but as these are far from sustaining a hungry quartet, they caught a few fish.

Claude Maxwell, Ben Mitchell, Fred E. Dunbar and Garret VanRiper spent Sunday and Labor Day in the vicinity of Sloan. They were unsuccessful in getting deer, but they more than made up for this in the number of fine speckled trout they brought home.

Arthur Grubb, Tom Grubb and Ralph Hurn are back from a camping trip to the Lake of the Woods.

DR. HAMILTON IS NOT TO LEAVE

PHYSICIAN SAYS HE HAS NO INTENTION OF MOVING TO COOS COUNTY—WIFE'S HEALTH IS IMPROVED

"I have no intention of abandoning my practice here and going to Coos county," said Dr. Hamilton today, who, with Mrs. Hamilton, returned Monday from an automobile trip to that section.

"Mrs. Hamilton's health is much better here since she returned this spring," said the Doctor.

CATTLE MARKET HITS THE CHUTE

PRICE SLUMPS OFF A QUARTER IN A WEEK—FARM SHEEP GO UP IN PRICES AT THE PORTLAND YARDS

Portland, Sept. 2.—The cattle market suffered a decline since last Saturday, and while not severe, it amounted to a quarter. Buyers could not be induced to bid over \$2 for any quantity of choice steers. A few picked from the lot sold at higher prices, but the bulk was a \$7.50 to \$7.75 affair.

FIFTEEN KILLED WHEN TRAINS RUN TOGETHER

ENGINEER OF EXPRESS IN UNDER ARREST

Heavy Fog Causes Fatal Accident on New Haven Railroad—Some of the Corpses Thrown Fifty Feet From the Track—Wooden Caskets are Splintered by the Impact of Collision Early This Morning.

United Press Service NEW HAVEN, Sept. 2.—Fifteen are dead and over a score seriously injured as a result of the White Mountain Express colliding with the rear of the Star Harbor Express, near Wallingford early this morning.

Engineer White of the Mountain Express has been arrested. The Pullman cars were all wooden, and they were splintered by the force of the collision. This renders the rescue work very slow. Nearly all were in their berths at the time.

Some of the corpses were thrown fifty feet from the tracks. Identification is difficult, as most of the victims were in their night clothes.

R. W. and C. B. Brown will open a painting and paper hanging establishment in the Shannon building on Main street, just as soon as the building can be put in shape. R. W. Brown has been with Mr. Olds for the past year, and is thoroughly familiar with the business. His brother has been connected with the Spokane Eastern Trust company for the past seven years, resigning only recently to go into business here.

Dr. Wright reports that W. B. McMillan's condition is greatly improved and that his chances for recovery are now bright. Mr. McMillan, in attempting to doctor a sore in his mouth with blue vitriol, allowed some of the poison to go down his throat, and for a while his life was despaired of.

A drug on the market, unless of feeder quality. Desirable feeders are selling at \$6 to \$6.50. Butcher stock has been uneven, and prices ranged wide.

Good cows at \$7 and steers at \$5, bulls at \$5 and calves at \$3 are liberal quotations in the cattle market. A difficult hog market to judge. One short car sold Thursday for \$9.60 and one car of contracted stuff came into the yards Friday, but these were the only two at the unloading chute on these days.

Mondays top sales were \$9.20 and one load Tuesday, "off cars," sold at \$9.70. What the market would do in the event a reasonable liquidation occurred and buyers had a respectable hog spread is hard to conjecture.

Monday had the only receipts of the week, and the total was extremely light. On the basis of majority of swine transactions the prices seem strong at \$8 and \$9.50, and the demand firm.

Mutton and lamb buyers furnished the only interesting feature to the otherwise drab livestock market. Weather sales at \$4.25, ewes at \$3.25 and \$4, and lambs at \$5.25 created an active trade.

Killars are not short on sheep house supplies, but they fancy the prime stuff evidently, which is not a small proportion of the total receipts. Prices are considered steady.

THE FATHER OF THE PARCEL POST LAW SPENDS SEVERAL DAYS IN KLAMATH COUNTY; IS IMPRESSED

SPORTSMEN TO HOLD A SESSION

MEETING HAS BEEN CALLED FOR THIS EVENING—HELD AT THE CHAMBER OF COMMERCE QUARTERS

A special meeting of the Klamath Sportsmen's Association will be held this evening at the Klamath Chamber of Commerce.

Matters pertaining to the third season soon to open will be taken up, and a full attendance is desired.

MT. LAKE SOCIAL SATURDAY NIGHT

DATE OF ENTERTAINMENT IS POSTPONED FOR A DAY—TWO SHORT PLAYS WILL BE PRODUCED

The date of the entertainment to be given at Mt. Lake church this week has been changed from Friday evening to Saturday evening.

This entertainment is in charge of the Christian Endeavor Society. It will consist of two short plays, entitled "A perplexing Situation," and "The Long Lost Nephew."

Ice cream and cake will be served. To be struck on the head with an eight-pound sledge, swung by a husky chauffeur, and escape without any fracture, was the experience of F. Jim Baldwin, one of the owners of the White Pelican garage. The accident occurred while the men were repairing an auto. The hand was badly bruised.

Average August Temperature Was 78.1 Degrees; Hottest Was 94 Coldest, 37; Rainfall, 7.1

While crops started in looking to the Middle West, and people complained, suffered and died from the heat all over the country, in Klamath county the mercury never rose above the 65.3 mark during the month.

No, the temperature did not remain stationary at that, but that is the average as figured by A. J. H. H. who compiles the meteorological data for the reclamation service. On August 24, it hit 94, and on the morning of August 25, it was 37, and on the morning of August 26, it was 71.

Knights of Pythias Are to Gather Here for Convention; Big Duck Hunt Is Planned for the Visitors

A big duck hunt will be one of the entertainments afforded the delegates to the District Convention of the Knights of Pythias, according to the committee in charge of this feature. A trip on Upper Klamath Lake and a duck supper are also being arranged.

The convention of District No. 36, Domain of Oregon of the Knights of Pythias, will be held here September 15, 16 and 17. Delegates will be here from the Councils at Ashland, Medford and Grants Pass.

In addition, invitations have also been sent to the Dorris, Edgewood, Humboldt and Yreka Councils, and they will also be represented.

September 15th will be devoted to a duck hunt. Competent guides will direct the visitors to the choicest shooting grounds.

The second day's entertainment includes sight-seeing trips and a steam-trip on Upper Klamath Lake.

On the last day the Knights will get right down to business. At that time a district deputy grand chancellor will be named in place of Albert H. Elder, and the place of holding the next convention will be chosen.

That evening an open meeting will be held, at which the Knights and their families will be present. Later in the evening will come the duck supper in the dining room of the I. O. O. F. hall.

Among the state officials who will attend the convention are J. H. Quinn of Pendleton, grand chancellor; F. S. Grant of Portland, grand vice chancellor, and I. R. Rison of Salem, grand keeper of the records and seals.

WILL DISCUSS THE FEDERAL GOOD ROADS BILL AT THE OPERA HOUSE

Although Out of the Senate, Discussion is Still Carrying on the West. He Endorses While a Member of the Oregon Delegation—His Trip Through Central Oregon, With Its Features, Is Also a Feature.

Taking a rest after four months' years of work in Washington, Senator Jonathan Bourne Jr., former United States senator, accompanied by his wife and children, who have been in the mountains during his years of public life, is in the Klamath country, enjoying a well earned rest. They arrived this morning at the Klamath Lodge, where they spent several days. In addition, Bourne's trip gives him a chance to see the progress that has been made in building and to carry through, as well as to familiarize himself, in order to offer further help, although not now a member of the senate.

"I have been every place in the world, of course, but there is nothing to compare with the Klamath country," said Mr. Bourne this afternoon. "Crater Lake and Clear Lake are beyond comparison, never before known without a special visit. It is a beautiful, beautiful and glorious landscape together with local climate and scenic life."

The party spent several days at Crater Lake, and they were the first to arrive at Crater Lake by automobile.

Friends of Mr. Bourne have arranged to have a special reception at the local good roads bill at the opera house this evening. At that time he will be the guest of honor.

"When I ran for the senate, I pledged myself to work for the good roads bill, and for good roads I continued the fight at the opera house bill. I don't think I can do any more."
