TRAGEDY AVERTED WHEN AUTO RUNS DOWN BAD GRADE

ASHLAND PEOPLE HAVE A NARROW ESCAPE

Coasting Down Steep Long Lake Hill Grade, Automobile Gains Such Momentum That Alex Livingston Cannot Put on Brakes—To Keep From Going Over the Side He Hits Machine Into Bank—All Shaken up

Preferring to wreck his machine rather than risk the lives of an auto load of people, Alex Livingston of Ashland steered his runaway car into the bank of the Long Lake grade Sunday afternoon, smashing the front end of the car, but saving his passengers from serious injury.

It was Mr. Livingston's first trip over the road, and not realizing the danger of the grade, he attempted to coast the steep grade on the brakes with the engine dead. The brakes could not control a loaded car on the grade, and before the clutch could be thrown in the car had attained such momentum that the only possible means of avoiding a serious wreck was to run into the bank.

Mrs. Livingston sustained a very painful bruise from contact with the robe rail, and Mr. Livingston suffered a rather serious knock from the steering wheel. The others in the car, Mrs. Frulan and Bert Bachand, escaped with a severe shaking up.

"There should be a sign posted at the top of the grade, warning strangers of the danger of trying to coast it," said Mr. Livingston this morning, after his wrecked machine had been towed to the Central garage.

Inquiry into the matter brought forth the fact that County Surveyor E. B. Henry is having signs for this and other grades painted, and promises they will be in place within a day or so.

Following Mr. Livingston was another car of the party, in which were Mr. and Mrs. J. C. Poor and Mr. and Mrs. E. H. Bush, all of Ashland. The party had been to Crater Lake, and were returning by the scenic West Side route.

Luckily the second car was far enough behind to allow Mr. Poor to get his car stopped with only a slight mishap.

Ricardo Huerta is 26 years old. He is not only a diplomat, but a tried, tested and successful one. He is Mexico's consul general at New York city, and therefore the ranking representative of the Mexican diplomatic and consular service in this country, inasmuch as there is no ambassador in Washington.

Although he was born in Mexico City and bears the same name as the

Mrs. Livingston was placed, states that aside from the nervous shock, his patient is about recovered. Mr. Livingston expressed his appreciation of the kindness shown by Charles Batewin and others in the use of their cars in getting the passengers to Klamath Falls.

RAILROAD TEAM STILL WINNING

REJUVINATED KLAMATH DEVELOPMENT TEAM IS THE LATEST TO BE ADDED TO THE CONQUERED LIST

The Espee ball team kept up its winning streak by defeating Manager Gault's rejuvenated Kay Dees Sunday afternoon on the Modoc Park diamond.

It was a good game throughout, with spots of really brilliant playing, said spots being the star work of Bradford in right field, "Whitey" in the short garden handling four difficult chances without a bobble, Pell going behind the bat without any recent practice and getting away with only one error, Kinnear Frank-Chancellor at first, and Seeley's unassisted double. Elliott handled the indicator like a veteran.

In the initial period Houston lived on Maxwell's first and only bungle; Seeley sacrificed him to second, himself going out, Ambrose to Kinnear; Mutschbacher doubled to left field, scoring Houston. After Mutschbacher had perished second, White tallied him with a single over short, and scored himself a moment later when Luck drove a hot one through the infield. "Whitey" failed to connect, and Robinson lifted a high one to Ambrose. Three runs.

In the second frame Berger died by the Ambrose-Kinnear combination; Foster poled one to the canal bank for two bags; Houston struck out; Seeley singled, scoring Foster, and took second on the attempt to throw Foster out at home; Mutschbacher lapped one on the seam, bringing in

CITY ASKS FOR JURY TRIAL IN KNAPP'S SUIT

IS TAKEN UNDER ADVISEMENT BY BENSON

City Attorney Rutenic Holds That Amended Complaint Makes the Issue a Question of Fact, Rather Than a Question of Law—Believed by Those Who Have Followed Case That Compromise May Be Effected in a Short Time

Holding that under the amended complaint filed in the suit of J. Jay Knapp against the city for \$750, the issue involved is a question of fact rather than a question of law, City Attorney Rutenic this morning moved for a jury trial. The matter has been taken under advisement by Judge Benson.

The suit is brought by Knapp to recover money he alleges due from the city for a set of city hall plans, drawn in 1911, at the instance of Mayor Sanderson and members of the city council. Knapp contends that the city officials agreed to sell the city hall bond issue and to pay him \$750 on January 1, 1912.

The city bases its fight upon the fact that it has not sold the bonds as yet, while it admits that Knapp drew the plans.

Trial of the case started some time ago under stipulation to try it before Judge Benson without a jury. After the taking of testimony had commenced, Attorney Mills, representing Knapp, asked to be allowed to file an amended complaint, and this was granted.

The case came up again this morning, when Rutenic asked for a jury trial.

Many are of the opinion that the case will be settled out of court by the opposing attorneys. It is rumored that this may be considered at tonight's session of the council.

PUNCTURELESS THOUSAND MILES

FRED GARICH RETURNS FROM A TRIP A STRONG BOOSTER FOR KLAMATH COUNTY'S GOOD HIGHWAYS

Completing a thousand-mile trip without so much as a puncture is the record set by F. M. Garich, who returned last night from a week's trip to Portland and way points. Mr. Garich is just breaking into the driving class, and is justly proud of his new Overland in which the trip was made.

In the car were Mrs. Garich, C. B. Coon and wife, Master Garich and himself. They made the trip over the rough roads by way of Ager, Medford, Selem, where they stopped and visited the state institutions, and on to Portland.

Coming back they took the boat to The Dalles, driving the rest of the way home. The run from The Dalles to Klamath Falls was made in 22 hours actual running time.

"Taken by and large, the Klamath county roads are better than any we encountered except right around Portland," said Mr. Garich.

FATHER OF J. L. PARRISH DIES

WAS PROMINENT IN STATE AFFAIRS FOR MANY YEARS, AND WAS IN THE LEGISLATURE TWO TERMS

J. L. Parrish of this city has gone to Canyon City to attend the funeral of his father, Charles Winn Parrish, who passed away there. He had been ill for a year preceding his death.

Mr. Parrish was well known, and for many years was one of the leading lawyers of Eastern Oregon. His practice extended to several Eastern Oregon counties, and he was associated as counsel in most of the criminal cases.

He served in the state senate during the sessions of 1909 and 1911, representing the Twenty-second Senatorial district.

During all of the years of his residence in Harney and Grant counties, he made an exhaustive study of natural history and geology, and he gathered a valuable collection of specimens. He had part of his collection on display at the Lewis and Clark fair.

M., will use the Grand Canyon of Arizona as a Masonic Temple, in which will be conferred Masonic degrees on candidates of this jurisdiction. The Apprentice degree was enacted at the bottom of the canyon at the foot of Bright Angel trail; the Fellowcraft on the plateau half way up the trail, and the Master Mason's degree at Point Hopi, on the rim of the canyon.

Utah made a record last year of mining more than 3,000,000 tons of coal for the first time.

"Take Me to Broadway," said High Chancellor Haldane

No sooner had Viscount Haldane, lord high chancellor of England and highest judicial officer in the world, stepped from the liner that landed him in New York for his American visit than he exclaimed: "Where's Broadway? Take me to Broadway." And the smile shown in the illustration is the one the camera caught as the words issued from his lips.

The lord high chancellor on his visit to New York, Albany and then to Montreal, proved that his desire to visit Broadway was real. He gave up his dignity and jollity during his American visit. He did see Broadway, rode up and down it, and gaped in wonder at the high buildings, something he had never seen before.

BLACKS SMOTHER IN A SMALL CELL

PLACED IN CELL BIG ENOUGH FOR ONLY 4, WITH POOR VENTILATION, AND EIGHT OF THEM DIED AS RESULT

United Press Service HARLEM, Texas, Sept. 8.—The coroner is investigating the alleged imprisonment of eleven negroes in a cell only large enough for four, as a result of which eight of them were smothered to death.

The cell was a 7x10 compartment, and was ventilated with six one-inch augur holes.

The jailers have been arrested, accused of "negligent homicide."

Klamath County Spuds Promise to Bring Big Returns to Those Who Have Grown Them. Dearth Elsewhere

The Klamath country's reputation as a potato growing region will be safe again this year, for according to reports from all over the county the yield this year will be remarkably heavy.

There is a smaller acreage planted to potatoes this year than in 1912, when the yield was so large that the market was destroyed. Although there is a smaller acreage, the crop is so much larger to the acre that potatoes will be plentiful.

Last year a bumper spud crop was the order all over the country, so there was no market. This year, however, a scarcity exists other places, so Klamath farmers stand a chance of getting a good return for their work.

The following report of the potato crop is contained on the market page of the Portland Journal: "A marked scarcity exists in the

INHERITANCE TAX CAUSES ARGUING IN THE SENATE

NORRIS URGES 75 PER CENT ON BIG FORTUNES

Believed Two Houses Will Reconcile Arguments Regarding Changes in the Underwood Bill Within a Post-night—Measure Is Expected to Pass the Senate Late This Evening or Tomorrow Morning.

United Press Service

WASHINGTON, D. C., Sept. 8.—The senate met at 10 o'clock this morning to take final action on the Underwood bill revision measure. It is expected that the bill will pass this evening or early in the morning. It is not believed that the republican senators will call for detailed roll calls.

La Follette is expected to speak for several hours, advocating certain changes.

After the tariff bill is passed the senate expects to enjoy a brief vacation.

It is doubtful if the voting on the amendments will be finished and the vote taken on the measure before midnight.

Much discussion was given by the senate to the fundamental right of the rich to pile up fortunes.

The bill goes to the house tomorrow. The conferees will be appointed tomorrow or Wednesday.

It is expected that fortnight will be required for reconciling the two bills. Senator George W. Norris of Nebraska declared that his amendment, providing a 75 per cent inheritance tax of fortunes over \$50,000,000 was applicable to break up big fortunes. He urged his amendment to the tariff bill, which provides for such a tax on all such bequests.

"The trouble with the income tax," said Senator Moses E. Clapp of Minnesota, "is the tendency to reconcile people with a system allowing one man to live luxuriously upon their millions." He scored Carnegie, expressed hope for "the day when instead of the people waiting for the crumbs from the heaping banquet board, there will be a big banquet board around which all will sit."
