#### Suffragette Fair

United Press Service  
CLEVELAND, Ohio, Sept. 10.—Cleveland suffragists today held a fair "for the education of mere men." Several score mere men were entered in the bread-making, cake-making, sewing and darning contests. Blue ribbons are to be awarded as prizes. The food cooked by the men will be eaten at the supper, which is to be served at 6 o'clock. At noon today, when this announcement was made, a score or more attending the fair declared they have previous supper engagements.

### Secretary Lane is Much Better Today

FRANKLIN K. LANE

United Press Service  
BERKELEY, Sept. 10.—Secretary of the Interior Franklin K. Lane is much better today. Word to this effect was given out by his brother, Dr. Frederick Lane, where the official was taken, following his collapse at Oakland yesterday.

"My brother has heart trouble," said the doctor, "and the strain of his prolonged Western tour has been too much for him. I will see that he rests well, and am positive that in a couple of days he will be completely recovered."

### WHOLE STATE IS AFTER SPEEDERS

PORTLAND AUTO CLUB APPEALS TO THE GOVERNOR TO LEND HIS AID IN SAFETY CAMPAIGN TO BE PUSHED

PORTLAND, Sept. 10.—A movement to carry the fight against the reckless driver and the speed fiend into every section of the state was launched today by H. P. Coffin, chairman of the safety committee of the Portland Automobile Club.

Mr. Coffin, who has been active in the safety campaign in Portland, and who has been lending his assistance in running down and prosecuting violators of the speed law, consulted with Governor West at Salem as to the ways and means of carrying out the movement.

To stamp out speeding, Mr. Coffin proposes the appointment of a special automobile officer in every town of the state, who will work in conjunction with the local automobile clubs in bringing offenders to court. Mr. Coffin believes that the dangers attendant upon speeding and reckless driving can be done away with if the towns of the state take concerted action in the enforcement of the law. A determination upon the part of the local community and the active assistance of the local auto club, backed up by a state officer, he believes, will soon cause an appreciable respect for the law.

The movement which has been launched will probably be conducted from Portland.

### TO AILING WOMEN

A Little Sound Advice Will Help Many a Sufferer in Klamath Falls

No woman should consider herself healthy and well if the kidneys are weak. Poisons that pass off in the urine when the kidneys are well are retained in the body when the kidneys are disordered. This is the true cause of many bearing-down pains, lameness, backache, etc. Uric poisoning also causes headaches, dizzy spells, languor, nervousness and rheumatic pain.

When suffering so, try Doan's Kidney Pills. You will get better as the kidneys get better, and health will return when the kidneys are well. Let a fellow sufferer tell you about Doan's Kidney Pills.

Mrs. Esther Eads, 806 C St., Grants Pass, Ore., says: "I used Doan's Kidney Pills for backache, and they gave me such great relief that I have told a number of my friends about them. I will always give this remedy my endorsement."

### "WAR LORD" IS A BEERLESS MAN

GERMANY'S EMPEROR FOR A FEW YEARS HAS REFUSED TO TASTE LIQUOR IN ANY FORM WHATSOEVER

By KARL H. WIEGAND, (Berlin Correspondent of the United Press)

BERLIN, Sept. 10.—Kaiser Wilhelm has become a "teetotaler." The report of the ruler of the country famous for the finest beer and choicest wines in the world has come as a distinct shock to two of the biggest industries in Germany. There fear that he may become an ardent advocate of the growing temperance movement in the Fatherland.

The latest development in the character of the many-sided kaiser, according to persons in close contact with him, is a decided antipathy to all alcoholic drinks. This has grown to an extent that he virtually never touches liquor any more. This is said to be the gradual development from moderate drinking to abstinence covering a period of several years, and now resulting from the conviction that alcohol is injurious to the individual factor in the development of a nation.

It is not so many years ago that the kaiser, in a speech, showed his appreciation of a "drop," and praised the noble wine from the terraced vine-clad hills of the Rhine. "The German must always have a little alcohol," he remarked.

Never anything more than a moderate drinker, Wilhelm one day surprised his suite with the remark that beer wasn't good for him. And he hasn't been seen drinking any beer since.

Statistics of the havoc caused in Germany by immoderate use of alcohol is said to have made a deep impression on the kaiser. Germany is known as a nation of moderate drinkers rather than for unusual drunkenness. And yet it is shown that drink causes annually 1,600 suicides; 1,300 accidents; 30,000 cases of delirium tremens and insanity; and 180,000 crimes. More than 60 per cent of the insane, 52 per cent of the epileptics, 16 per cent of the criminals and 52 per cent of the immoral women are reported to have been born of drunkard parents.
