THAW GRANTED HABEAS WRIT TODAY

Southern Pacific Sends Fair Committee a Trophy Cup

BOTH FACTIONS ARE ENJOINED FROM KIDNAPPING THE PRISONER; INSURES THAW A LONG DELAY

JEROME HAD AUTOMOBILE IN READINESS TO RUSH THAW TO GOTHAM

So far, Requisition Prepared by Governor Glynn of New York Has Not Reached New Hampshire Official. Hearing of Thaw on a Charge of Being a Fugitive From Justice Is Continued Until Thursday.

United Press Service
CONCORD, N. H., Sept. 12.—Federal Judge Edgar Aldrich this afternoon issued a writ of habeas corpus to Harry Thaw's attorneys.
Thaw, returnable at Middletown, N. H., at 11 o'clock Tuesday morning.
It is understood that will insure Thaw a long stay in New Hampshire. At the time he issued the writ, the magistrate enjoined either side from kidnaping the prisoner.
So far Governor Pelzer has not received the requisition forwarded by Governor Glynn of New York.

Is Stood Off Again in Fight for Thaw

If Harry Kendall Thaw is not returned to Matteawan asylum for the criminal insane, it will not be on account of activity on the part of William Travers Jerome, who was district attorney, and prosecuted Thaw for the killing of Stanford White.
Jerome has opposed every effort on the part of Thaw to get a release from the "nut college." When Thaw made his sensational dash for freedom, Jerome took up the work of fighting for his return to New York, and is still at it.
The issuance of a habeas corpus writ today gives Thaw a little longer respite from his opponent.
Jerome drew was in the county seat Friday from his ranch near Dairy.

"BIG TIM'S" BODY FOUND IN MORGUE; WAS HIT BY TRAIN

WAS ABOUT TO GO TO POTTER'S FIELD

Demented Man Was Long a Factor in New York Political Circles—His Annual Distribution of Shoes Has Been One of the Big Christmas Events in the Four Quarters of the Metropolis.

NEW YORK, Sept. 12.—Struck and killed by a train, the body of "Big Tim" Sullivan, New York's demented politician, has reposed on a slab in Frotham morgue, while his friends have searched anxiously for him.

The body was taken to Bellevue for interment in the Potter's Field when it was recognized by a policeman.
Sullivan was at one time a factor in the Tammany organization. Owing to mental failure he has been under surveillance at the home of his brother for more than a year.
Early on the morning of August 31 he eluded his guards and escaped. Employees of the New Haven railroad found the corpse at Pelham Bay, near the track, where it had evidently been thrown by a train.

The body was taken to the morgue at Portham, and was held twelve days for identification.
For many years "Big Tim" was leader of one of the wards of the East Side in New York, and so great was his power over the voters of that ward that they followed implicitly his orders during election. He was a man of big heart, and the poor always found him ready to assist them in any way that he could. Years ago he established a custom of giving to every one who needed and would call for them a pair of shoes as a gift at Christmas time.

TROOPS CHARGE STRIKE MEETING; WOMEN INJURED

CALUMNET CONDITIONS BECOME MORE SERIOUS

Gathering of Strikers for Demonstration Upon the Arrival of Secretary Moyer of the Western Federation of Miners Is Obstacle for a Clash Between Miners and State's Soldiers—Several Hurt.

Calumet, Sept. 12.—Troopers with gas masks today charged upon a crowd of striking miners, their wives and sympathizers at Eighth street.
Many, including a number of women, were trampled under the hoofs of the horses and badly injured.
The clash followed the gathering of the strikers for a demonstration upon the arrival of Secretary Moyer of the Western Federation of Miners. Yesterday public meetings were prohibited, and troops were used to disperse the first one held.

DUCK SHOOTING BEGINS MONDAY; MANY GOING OUT

BIRDS REPORTED PLENTIFUL THIS YEAR

Bag Limit This Year Is Thirty Ducks in Any Week—Local Sporting Goods Houses Are Besieged With Men Seeking Shells, Boots and Other Equipment—Several Big Parties Are Size for Raids on the Marshes

Beginning Monday morning it will be a good time to shoot ducks, and during the whole of that day there will be a continual bombardment at every lake and marsh in Klamath county. The number of sportsmen going out this year is in excess of any other season, say the dealers in sporting goods, who are in a good position to know.
Every launch and motor boat available has been chartered for Monday's shooting, and even the steamers on the Upper Lake have been engaged by large parties to convey them to the shooting grounds in the marshes surrounding the Upper and Agency Lakes.

This year the bag limit is thirty ducks in any week. All of this number can be killed in one day, if the sportsman is sufficiently lucky to bag them, but he is required to desist from further onslaughts until the termination of a week's time.
While the number of hunters is larger than usual this year, they should not all be disappointed, as reports from the Klamath Agency, the Lower River and other points are to the effect that ducks are more plentiful than usual this season.

Commissioner Stone to Hear Sandry Case

The state fish and game commission has authorized Commissioner Charles F. Stone of this city to hear the case against Sam L. Sandry, deputy game warden of Medford.
Affidavits have been filed with the commission accusing Sandry of killing deer out of season and permitting other violations of the game and fish laws.
Friends of Sandry claim that the charges are the result of a plot to oust the game warden by former deputies who were removed from office, and between who and Sandry there is considerable ill feeling.
The date for the hearing has not yet been set by Mr. Stone, but it will be held in the near future, as soon as it is convenient for him to make the trip to Medford.

RAILROAD WILL GIVE PRIZE FOR BEST HOLSTEIN

OTHER SPECIAL AWARDS WILL BE MADE

Members of Fair Committee Working Hard, and Will Issue a Premium List in the Next Few Days—Work of Arranging Booths along Main Street Will Soon Be Started—Big Exhibit From Schools Is Expected

The Southern Pacific will award a silver loving cup to the owner of the best Holstein cow brought to the Klamath County Carnival and Street Fair the latter part of the month.
A telegram was received this morning by Judge Baldwin of the fair committee from General Passenger Agent John M. Scott at Portland, stating that the donation of the cup has just been authorized by Charles S. Fee, passenger traffic agent. It will be shipped here in a few days.

In addition, there will be a number of other special prizes offered for dairymen and farmers by local merchants and by wholesale houses in San Francisco and Portland.
The members of the fair committee are hard at work arranging the premium list for the fair. It is their intention to issue this some time next week.
The arrangement of booths for the exhibits along Main street is being figured out now, so the booths can be put in at the time of the fair, with no loss of time.
Just what the entertainment features of the carnival will be has not been decided. It is planned to have a special public attraction each evening.

The United States forest service is using gasoline railway speeders for fire protection purposes. They follow up trains on steep grades where sparks thrown out by forced draft are likely to start fires along the right of way.

MRS. IRWIN IS UNDER KNIVES

OPERATION IS SUCCESSFUL, ACCORDING TO DISTRICT ATTORNEY, AND THEY EXPECT TO RETURN SOON

Mrs. John Irwin underwent an operation at St. Joseph's hospital in Denver, according to a letter received by Fred Mortley from District Attorney Irwin. The Irwins left here some weeks ago, in the hopes of benefiting the health of Mrs. Irwin.
According to Mr. Irwin, his wife is recovering nicely. He says they will be home on or about October 1st.

MERRILL TO HAVE POSTOFFICE ROW

NO LESS THAN TWO SAID TO HAVE THEIR EYES ON THE FEDERAL POSITION HELD BY ANDERSON

Rumors have been rife about town that there are two aspirants for the position of postmaster here, J. S. Fruts and Mrs. Verna Anderson being named as those willing to relieve R. H. Anderson of his duties. It is claimed by the friends of the would-be postmasters that each of them has congressional backing.—Merrill Record.

Garters with several flap pockets that fasten with snap buttons have been invented to aid women in carrying jewelry or money.

For rinsing dishes a Michigan man has patented a dishpan with a number of projections on the bottom to hold dishes with their edges upward, while in the center is a perforated vase for cutlery.

CONSUL CHARGED WITH AN OFFENSE

SECRETARY WHEELER IS ON HIS WAY FROM ROME TO MAKE A PERSONAL EXPLANATION TO BRYAN

United Press Service
ROME, Sept. 12.—Secretary Post Wheeler of the American embassy has been summoned to Washington by Secretary of State Bryan.
Both Wheeler and Ambassador O'Brien have refused to explain. It is understood that an American tourist accused Wheeler of abusing his diplomatic privilege by sending personal belongings to America without duty.

Mr. and Mrs. Leland Mosier, Mrs. J. H. Butler and Claude Maxwell are members of an auto party that leaves this afternoon for Crater Lake.

VAN BRIMMERS ARE LEAVING

PIONEER FAMILY DECIDES TO FORSAKE KLAMATH COUNTY. WILL MAKE THEIR HOME IN OAKLAND

The following is from the current issue of the Merrill Record:
Dan Van Brimmer and family are planning to leave for their future home in Oakland next Monday. They will go first to visit Clint Van Brimmer, at Arroyo Grande, Calif., for a short stay.

The loss of the Van Brimmers to this little town amounts almost to a public calamity as they have been residents for more than thirty years. Mrs. Leafy Van Brimmer has been prominent in lodge and social circles, and her many friends will sadly miss her. Miss Ruby Van Brimmer is one of the most popular girls of the younger set, which will lose a charming and accomplished member. And "Uncle Dan" is one of the landmarks of the town, its most loved and honored citizen, and a man whose sterling qualities and square dealing have endeared him to everyone who knows him. And who does not know "Uncle Dan?"

Bonanza Fire Is the Basis of an Action for Damages Commenced by A. D. Harpold Against Mrs. E. Wood

Alleging that Mrs. Etta Wood, the wife of William Wood, a well known Bonanza business man, has made the assertion that she "knew" he set fire to the buildings destroyed in the fire at Bonanza last month, A. D. Harpold of that city today commenced an action for \$10,000 damages. Horace M. Manning is his attorney.

According to Harpold, on the night of the fire, August 18, Mrs. Wood made the remark that "A. D. Harpold had set the fire, and she knew it." He alleges that she made a similar remark two days later.

The fire at Bonanza brought destruction to the extent of \$20,000, and among the buildings burned was one occupied by Harpold, which was used as a drug store, general store, confectionery, hotel and barber shop.
Since the conflagration there have been many rumors about as to the origin of the blaze, and there have been many versions of this.

Recently the Pacific Board of Underwriters offered a reward of \$300 for information leading to the arrest and conviction of the person, if any, who started the fire.

New Buildings to Be Erected at Spencer Creek Hatchery Station by State Fish and Game Board

Attorney Charles F. Stone returned Friday evening from Portland, where he attended the meeting of the fish and game commission, and also spent a few days with his family.
Klamath county secures both of the two new hatcheries to be built by the state. In addition to the Spencer Creek hatchery, one is to be built at Odell Lake, near the Lane and Crook county lines. This is to be established to replenish the streams and lakes in the mountain region of the Cascades.
New buildings are to be erected at

Spencer Creek, but the hatchery will not be completed until spring, as it is desired to make tests during the winter season before definite plans are settled upon.
Mr. Stone states that the commission decided to leave all appointments of deputies, empowered to issue licenses, to the county clerk, as many of these officials objected to interference in their duty. It was believed that the clerk would be better fitted to select good men in their own counties than would the members of the commission, who are members of other parts of the state.
