### NAME COMMITTEE TO CONSIDER A WOOLEN PLANT

QUESTION DISCUSSED AT A MASS MEETING LAST NIGHT

Charles J. Ferguson and J. F. Maguire Are Appointed to Look Into the Matter, and if Necessary, Go to Stayton—In Case Plant Is Found to Be Antiquated, New Plant May Be Brought to This Community

A woolen mill would be a desirable addition to the enterprises of this city, was the opinion expressed at last night's mass meeting at the Klamath Chamber of Commerce.

J. F. Maguire and Charles J. Ferguson were named as a committee to look into the proposition made by John Wilbur, who wishes to move a plant here from Stayton, if a local stock company will be formed to help with finances.

The committee will make a thorough investigation, learn the age of the machinery, etc. In case the mill is found to be an old style plant, negotiations with Wilbur will cease.

In that event, it is believed that the matter of securing a woolen mill will be taken up with the manufacturers of textile machinery in Worcester, Mass., and a new plant may be started here with local capital.

Men in attendance last evening, while not acquainted with the textile industry, stated that they were willing to invest in such an enterprise if the members of the investigating committee reported favorably. It was the opinion of those present that while a woolen mill might not pay large dividends, it would serve to attract the attention of other manufacturers toward Klamath Falls.

United Press Service

ALBANY, N. Y., Sept. 18.—After being completely organized, the impeachment court which is to hear the charges preferred against Governor William Sulzer, took a recess today. The trial will commence in earnest tomorrow morning.

The only business today was the swearing in of the members of the tribunal. In that initial action Sulzer gained a victory.

By the ruling of Cullen, three additional members of the court who are designated, but not elected, will sit with the court. These are Judges Hancock, Miller and Chase. As all of these are republicans, the members

of the lower house of the assembly objected, but later agreed.

Both factions profess confidence. "We have every proof of guilt," said Charles F. Murphy, the Tammany leader, who is Sulzer's political enemy. "We can prove Sulzer's guilt, and he will be impeached and removed from office."

"I firmly believe that I will get a fair trial," said Sulzer. "If I do I will be acquitted."

"The time has gone by," he continued, "when the whim of a political boss can be gratified through the removal from office of a man whose only crime is that he has tried to serve the people well and faithfully."

E. T. Shepherd of the Shepherd Piano depot, has returned from an extended selling tour of Crook, Harney and Lake counties.

"Our sales this year have exceeded by thousands of dollars that of former years, and in addition people are buying a higher class of goods and are making larger cash payments than was possible to secure a few years ago."

### MESSAGE FROM HAWLEY GIVES THIS TIDINGS

EXPECTS TO TAKE EFFECT ON OCTOBER 1ST

Telegram Received by Mr. Delzell This Morning From Oregon Congressman Indicates That His Appointment Has Been Confirmed by the Senate—Office Has Been Warmly Contended For.

"You have been appointed postmaster at Klamath Falls."

The above telegram was received at 9:25 this morning by W. A. Delzell from Congressman Willis C. Hawley.

From this it is certain that the nomination of Mr. Delzell was confirmed by the United States senate at the forenoon session. Further details are expected in a few days.

"This is the only information I have received regarding the appointment," said Mr. Delzell today. "I believe that under the confirmation today I will not be told to take office until the 1st of October."

The appointment of Delzell has been expected daily, following the announcement some days ago that he had the support of the Oregon senators, both democrats. Delzell, until a short time ago, was connected with the office of the state auditor of Oklahoma, but he never gave up his residence here, returning to make a fight for the postoffice.

The fact that he left Oklahoma was taken by some to be the result of some assurance from members of congress.

Others who sought to succeed Clyde K. Brandenburg were Joe B. McAllister and William Wagner.

### Progressive Senators for Democratic Tariff

Senator La Follette Senator Pinckney

Senators Robert M. La Follette and Miles Pinckney, both Westerners, the one of Wisconsin and the other of Washington, voted with the democratic majority in favor of the Underwood tariff bill in the senate. Senator Simmons, chairman of the finance committee, nor anyone else in the upper chamber, knew the two would give their support. Consequently their action was a great surprise. The grounds each took was the general proposition that while they did not like the bill they considered it better than the Payne-Aldrich tariff law.

United Press Service

WASHINGTON, D. C., Sept. 18.—By a vote of 286 to 84, the house of representatives this afternoon adopted the Glass-Owens currency reform measure.

Many republicans and progressives supported the bill, which is one of the administration measures.

Among the opposition were three democrats, Congressmen Oscar Callaway of Texas, Samuel A. Witherspoon of Mississippi and Walter Elder of Louisiana.

The final vote followed the rejection of several amendments.

The house reaffirmed the amendment offered by Congressman Foss of Ohio. This provides that there shall be nothing in the currency reform measure to be construed as an invalidation of gold as the standard of our coinage.

### HE IS STRONG FOR K. F.

### Says It Is Biggest Little City

Mr. and Mrs. J. F. Weller and their daughter, Miss Mary L. Weller, returned to Klamath Falls last night after spending the summer months at various coast resorts.

"The more I see of other places the better I like Klamath Falls," said Mr. Weller this morning.

"I've always liked Klamath, of course, but I really did not fully appreciate what we have here till this last trip away."

"All one has to do to convince

ones' self that Klamath Falls is the biggest little city in the world is to take a trip over the country and see the difference."

"There's not a city from the Gulf of California to the Canadian line that has the bright outlook for the immediate future that is accorded to Klamath Falls."

Mr. Weller, with his wife and daughter, left Klamath Falls early in the spring. They have visited all the prominent resorts in California, Oregon and Washington.
