DOTY A VICTOR; SUPREME COURT UPHOLDS BENSON

LAKE NAVIGATION IS MIXED IN THE SUIT Circuit Court Jury Renders a Verdict Against Klamath Navigation Company and Higher Court Makes Similar Ruling After Appeal Is Taken. Trouble Was Over Moving Steamer From Ewanna to Upper Lake

C. C. Brower, attorney for M. R. Doty, in his case against the Klamath Lake Navigation company, has received a copy of the supreme court decision just handed down, which is in favor of Mr. Doty. The question involved in the case was one of agency or authority of Colonel M. G. Wilkins to make an agreement for the company with Mr. Doty. About three years ago the Navigation company entered into a written contract with Mr. Doty to raise the steamer Klamath out of the water in Lake Ewanna onto the bank so that the railroad company could build a special spur under the boat, and thus be enabled to load it onto a car to be hauled to the Upper Lake. The railroad company failed to build the spur, and it was necessary to move the boat about 700 feet to the main siding, and Colonel Wilkins, vice president of the company, employed Mr. Doty to do this extra work. The company refused to pay for this work on the theory that Mr. Wilkins has no authority to employ him without special direction from the general manager, Mr. Arkhurst. The jury in the lower court brought in a judgment in favor of Doty, and this is sustained by the supreme court.

Former Caddy Now Golf Champion Twenty Year Old Player Is Now Title Holder

Francis Quimet, United Press Service BROOKLINE, Mass., Sept. 20.—Cheered by Walter J. Travis, whose caddy he used to be, Francis Quimet in Boston, 20 years old, won the national golf championship today. The youth was victorious in the final this morning, when he won the play with Varden and Ray, the best of the British golfers contending for the title. The totals were: Quimet 72, Varden 77, Ray 78. Quimet acted as Travis' caddy during the most of the important matches in which the former champion participated in Massachusetts. He credits his success to a careful study of the methods used by Mr. Travis. Quimet entered the tournament unknown, but in the first two days of play his form attracted much attention, upsetting the predictions made by many regarding the outcome. Travis was completely outclassed by the youngster.

SULZER FEARED TO BE VERGING ON A COLLAPSE

WIFE ALONE IS ATTENDING THE ACCUSED MAN Friends, Fearing That Worry and Strain is Breaking Down the Governor, Endeavor in Vain to Have Him Consult a Physician—Believed He Will Appear Personally Before the Impeachment Court.

United Press Service ALBANY, N. Y., Sept. 20.—The physical condition of Governor Wm. Sulzer is a source of much worry to his friends and supporters. Despite his reassurances, it has been learned that he is near a breakdown, as a result of the worry and strain of the impeachment charges made against him. So far, Sulzer has refused the aid of physicians. Instead he remains at

the executive mansion, where his wife is attending his needs. It was reported today that after the attorneys exhaust the technicalities in the case, Sulzer may appear personally before the tribunal. This, his attorneys say, they will not permit if Sulzer will heed their advice. United Press Service BUFFALO, Sept. 20.—Louis Sareky, Governor Sulzer's private secretary, has been located here. He is attending to business matters. Sareky denies that he had fled from the jurisdiction of the legislature. He says he will return to Albany Monday.

PREMIUM LIST FOR COUNTY FAIR IS COMPLETED; MANY ADDITIONAL PRIZES GIVEN

SUGGESTS MAIL JURY SERVICE

UNION DISTRICT ATTORNEY WOULD CUT OUT SOME OF THE SHERIFFS TRAVELING EXPENDITURES CALEM, Sept. 20.—In his annual report to the secretary of state, D. H. Upjohn, district attorney for the twelfth judicial district, comprising Polk, Yamhill and Tillamook counties, recommends a change in the law fixing the terms of court, to allow the term of court to be open the year around, so that court may be held at seasons of the year most convenient to the jurymen and litigants. He points out that Polk and Yamhill counties are largely devoted to agriculture, and the term of court is fixed for August in Polk and September in Yamhill, the busiest season of the year for the farmer. He states that farmers called in to do jury duty often suffer material financial losses. He also recommends that the law requiring sheriffs to make personal service upon jurymen be amended so the service can be made by mail. He says that the sheriff now is compelled to ride all over the country, at considerable expense to the taxpayers, serving jury summonses.

SUES ROAD FOR LOSS OF BOVINE

CLERKS ARE AUDITORS De Lap Home From Session Strong for System County clerks are made ex-officio county auditors under the system which has been formulated by the insurance commissioner under the provisions of the new uniform accounting law, which is to be put in operation on January 1st. County Clerk C. R. De Lap returned Friday evening from Portland, where he attended the meeting of the county clerks of the state, who were receiving instructions in the new system. Mr. De Lap is very enthusiastic over his trip, and the plans for the new system. He believes it will result in a great saving to the counties of the state, and will mean a more businesslike conduct of the several offices. One of the principal purposes of the law is to furnish statistical and intelligent information to the taxpayers relative to the expenses of the government of the counties of the state. The insurance commissioner pro-

poses to make each of the 33 county clerks of the state, exclusive of Multnomah county, a county auditor ex-officio. All of the financial transactions of every kind and description of each county will clear through the county clerk. He will maintain such records as will show the details of the source and amount of all receipts, and the purpose, amount and authorization of every item of expenditure, and the records and forms which will be installed will be so arranged that any interested person may readily determine the financial status of the county at any time. Monthly reports are to be made by the clerk and treasurer to the tax commissioner. From these reports the commissioner expects to be able to compile a complete annual report of the financial condition of each county to the taxpayers within a few months after the close of the calendar year.
