

TARIFF MEASURE SOON TO BE A LAW

Daring Bird Man Attains a Speed of 125 Miles an Hour

TARIFF REPORT BROUGHT BEFORE CONGRESS TODAY

ADOPTION LOOKED FOR BY TOMORROW

Only Disagreement Now Is Regarding Cotton Futures—Following Adoption Tomorrow by the House, Senate Is Expected to Pass It Thursday, and the Addition of Wilson's Signature Will Make It Law.

United Press Service WASHINGTON, D. C., Sept. 29.—The conference report on the Underwood tariff revision measure was presented to the house at noon. The only disagreement noted is regarding cotton futures. The conferees agreed on the tariff report by a strict party vote. None of the minority signed the paper. The house is expected to pass the measure tomorrow. Adoption by the senate is set for Thursday, and that night Wilson will affix his signature. The only possibility of delay would be a desire by republicans for final speeches in favor of protection. The bill is highly satisfactory now," said Congressman Underwood. "As it is now drafted it yields a surplus revenue next year of \$18,000,000."

When asked if it would further reduce the cost of living, Underwood replied: "The conference lowers the duties more than either the senate or the house. The senate yielded about half its increases, and we yielded the rest."

Paris Takes Up "Fly Swatting" PARIS, Sept. 29.—The war on flies begun in the United States and which later spread to England, today reached Paris, when between 500,000 and 1,000,000 posters were scattered all over the city depicting the germ carrying capacity of house flies and the resultant diseases, all vividly illustrated. The wording closes with the French equivalent of "swat the fly." The posters are being circulated through the prefecture of police.

SECOND UNIT FINISHED

But Few More Structures Remain to Be Completed

Within a very short time, all the work in connection with the construction of the Second Unit of the Klamath reclamation project will be completed. This insures the turning of water into the new ditches early next spring. The excavation of the laterals and sub laterals was completed some time ago by sub contractors under Maney Brothers. The government has finished the structural work in North Poe Valley, and the structures on the South Poe Valley lateral will be completed in a short time. The Second Unit will irrigate approximately 7,500 acres of farm land, the greater portion of it situated in the vicinity of Poe Valley. Water for irrigation is taken from the east branch of the main canal. Included in the scheme are four main waterways. These are designated as the North and South Poe Valley laterals, the Nuss Lake lateral and the Griffith lateral. Water for South Poe Valley is carried across Lost River at Olene by a metal flume. Wilcox Takes a Bride. Cards have been received here announcing the marriage of John A. Wilcox to Beattie Mae Johnson, at Battle Creek, Mich., September 15th. The groom is well known in Klamath Falls, where he was connected with the composing rooms of the daily papers for more than a year.

Miss Peary, the "Snow Baby," to Wed Explorer

"The Snow Baby" is to be married, and she has chosen for her husband one who knew the trials and the cold of the region where there is eternal ice. Many millions of persons will recollect "The Snow Baby," the child of Rear Admiral and Mrs. Peary, who was born in the Arctic Circle. The engagement of Miss Marie Peary to Donald MacMillan, who was with Peary on his dash to the pole, has been announced. Mrs. Peary was born further north than any other white child in the world, her mother being the first white woman to winter with an arctic expedition. The name of "Ahngito," Esquimo for "Snow Bird," was bestowed upon the child, who is the subject of Mrs. Peary's book, "The Snow Baby." Dr. MacMillan is head of the Crocker land expedition, whose vessel the Diana was wrecked off Barge Point, Labrador, on July 15th. The party continued its voyage north on the Erik, but was unable to reach its winter goal, Flagler Bay, this season on account of the ice. Dr. MacMillan planned to be in the far north for three years.

Strenuous Trip. Fred Bremer and R. B. Guthridge returned last evening from Lakeview, where they went for the former's wife and child, who have been visiting Mrs. Bremer's parents, Mr. and Mrs. C. A. Rehart. As the auto neared the reservation line a rain storm set in, and by the time the car reached Dairy the roads were a sea of mud. Despite this, however, the intrepid electric light expert reached Klamath Falls without loss of life or other trouble.

SUFFS AGAIN ACT NAUGHTY

YARMOUTH LUMBER YARD AND MUNICIPAL GOLF LINKS ARE THE LATEST VICTIMS OF THE MILITANTS' IRE

United Press Service YARMOUTH, Sept. 29.—Suffragettes today raided the Two Greens municipal golf links. In addition to destroying much property, they posted placards with the following: "No votes—No Sport, No Peace." "We Burned the Lumber Yard Saturday."

ACQUITTED, HE SHOOTS OFFICER

FOLLOWING EXONERATION BY COURTMARTIAL, ARTILLERY OFFICER GOES ON SPREE IN WILD WEST FASHION

United Press Service DIEDENHOFF, Germany, Sept. 29.—Because Ensign Foerster remonstrated with him on account of his intoxication, Lieutenant Tiesse, an artillery officer, shot and killed the naval man. Tighe was courtmartialled for disturbing religious services. Today he was acquitted, and he and his friends celebrated by a drinking bout.

MORE FIGHTING IN MEXICO; 500 REPORTED DEAD

REFUGEES RELATE HARROWING NARRATIVES

Following Defeat at Hands of Federals After a Bloody Three-Days Battle, Rebels Are Fleeing Northward, Destroying All Towns, Mines and Ranches in Their Path—American Interests Said to Have Suffered.

United Press Service EAGLE PASS, Texas, Sept. 29.—Refugees arriving at this place bring the news of a desperate battle fought near Sabinas, 73 miles south of here, between the main army of the constitutionalists and 5,000 federals. The rebels were defeated, and retreated toward the border, destroying towns, coal mines and ranches in their retreat. If the story of the refugees has not been exaggerated, the American interests have suffered heavily.

BUSY DAY FOR LADY DEPUTY

TAXPAYERS TAKE ADVANTAGE OF HAYDON'S ABSENCE AND CROWD SHERIFF'S OFFICE TO PAY COUNTY'S TITHE

Miss Elsie Low is taking care of the clerical department of the sheriff's office all by her lonely today, owing to the absence of Deputy Geo. A. Haydon, who is on a trip to the lava beds. Miss Low declared that more people had been in to pay taxes today than had ever come in any one day since she had been in the office. Besides the many taxpayers, she had a couple of callers much under the influence of "snake medicine," who wandered in for a social chat. Altogether it has been a very strenuous day for the lone occupant of the tax collecting department.

ADAMS DITCH TO BE STARTED SOON

BIDS ON ENLARGEMENT WORK WILL BE OPENED THURSDAY. WATERWAY TO BE DEEPEND AND WIDENED

Bids for the earthwork in connection with the deepening and widening of the Adams canal will be opened Thursday afternoon at the local office of the reclamation service. The work has been divided into twenty-seven schedules, entailing about 3,500 cubic yards each. The farmers in that part of the country have been invited to bid on these, and it is their plan to do the work following harvesting. The rock work will be done by the reclamation service.

SUSPECT HAS A GOOD ALIBI

POLICE STILL BELIEVE A NEGRO IS RESPONSIBLE FOR THE MURDER OF THE LOS ANGELES FAITH HEALER

LOS ANGELES, Sept. 29.—The police admitted today that Charles Askew, the negro suspected of the brutal murder of Mrs. Rebecca Gay, the faith healer, Saturday, has proven an effective alibi. The authorities are still sure that a negro is the murderer. A number of detectives are at work on this theory. It was discovered yesterday that Mrs. Gay's purse was empty. This causes a surmise that robbery was the motive. Religious fanaticism is another theory advanced.

Further Prosecution Threatened for Sulzer

ALBANY, Sept. 29.—If Governor Sulzer is convicted by the impeachment court, he will be prosecuted for criminal perjury. This is being whispered about today by the Tammany members of the assembly, following a caucus last night, at which "Boss" Charles Murphy was present. Murphy is bitterly opposed to Sulzer, but it is not known for certain if he is behind this latest movement.

BASEBALL SPECIAL SEEMS CERTAIN

LOCAL AGENT BELIEVES RAILROAD WILL MAKE LOW RATE FOR THE TRIP TO THE GAME AT MEDFORD

The welcome word comes from Mr. Bailey, passenger agent here for the Southern Pacific company, that it is almost certain that the Southern Pacific company will make a special rate to Medford for the baseball game between the Giants of New York and the White Sox of Chicago, which will be played on the Medford grounds November 18th.

COULSON WOMAN DENIES WHISPER

SURVIVING VICTIM OF TRIPLE SHOOTING SAYS SHE BELIEVES SHE WAS THE VICTIM OF A HALLUCINATION

SAN FRANCISCO, Sept. 29.—Mrs. Coulson testified today at the inquest over the remains of Acker and Kovack, who were killed when with her, when they were the targets for a fusillade of bullets in the Atlas garage early last week. "As I fell fainting in the street a voice seemed to murmur to me: 'You are hurt darling. I did not mean to harm you.' I have since come to the conclusion that this was a hallucination," she concluded. "I saw nobody. No word or look of recognition passed between Mrs. Coulson and her estranged husband, who is charged with the shooting.

FRENCH AVIATOR BEATS TWO MILES A MINUTE IN AIR

WINS INTERNATIONAL CHAMPIONSHIP FOR FRANCE

Maurice Prevost Averages 125 Miles an Hour in Flight for the James Gordon Bennett Trophy—Second Is Also Won by a Frenchman, Verdines, Who Won the Trophy at Last Year's Competitions.

United Press Service RHEIMS, Sept. 29.—Attaining an average speed of 125 miles an hour, Maurice Prevost, a French aviator, won the James Gordon Bennett trophy for France today at the international championship competitions.

Emile Verdines, also of the French team, and last year's winner of the trophy, finished second, and third place also went to France, on account of the showing made by Gilbert.

The course of the race is a closed circuit, 6 1/2 miles in circumference. The aviators flew around this ten times, nearly all of them attaining a speed of 100 miles an hour. Prevost's time was faster than two miles a minute.

The time of the first four follows: Prevost, 0:59:45. Verdines, 1:00:51. Gilbert, 1:02:55. Crombe, 1:09:52.

RHEIMS, France, Sept. 29.—The pick of six nations today are competing for the coveted international aviation cup over a 20-lap course of 200 kilometres or about 125 miles. The United States, England, France, Germany, Italy and Belgium are represented by the crack aviators of that country.

Charles Weymann, representing America, has recently done better than 100 miles an hour over short trial courses, and is thought to have an excellent chance for victory.

Long before the races were scheduled to start the ground for miles about the course were packed with a brilliant audience, which included representatives of the war departments of the various countries competing.

GOOD TEAM EXPECTED

Klamath County High Is Getting Enthusiastic

The prospects of Klamath County high school having a championship football team were never so bright as at present. A rousing big meeting is scheduled for tonight, at which time the team will adopt a suitable yell for the team, elect a manager, take steps toward securing dates for games with Ashland, Medford and Grants Pass, and also fix the date for their game with the town team, which Keith Ambrose is whipping into shape. It was unanimously agreed that the high school team should make every effort to arrange a game with Medford for the morning of the day on which the New York Giants and the Chicago White Sox play baseball at Medford, and make the trip on the special car that will go from Klamath Falls on that date.
