

PRESIDENT TO BLOW UP DAM

ENTIRE COUNTRY WILL PAUSE FOR A FEW MINUTES

HERALD WIFE WILL ANNOUNCE BLAST

Following the Receipt of Flash From Gambia, Fire Bell Will Ring the Signal, and for Five Minutes Business Will Halt, Whistles Will Blow and Bells Will Ring as a Tribute to Great Undertaking

United Press Service

WASHINGTON, D. C., Oct. 9.—At the White House at 2 o'clock tomorrow, President Wilson will press the button flashing the signal to the workers at the Panama canal to discharge the gigantic blast which will demolish the last barrier between the two oceans.

All arrangements have been completed for this last act, and when the smoky dam is destroyed by the enormous charge of dynamite, the Panama canal will be an accomplishment of fact and North and South America will be divorced.

The blowing out of the great earthen dike at Gambia, which is the remaining obstacle keeping the waters of Gatun Lake from Calcutra, will effect the completion of the Panama canal, and the realization of one of the world's greatest engineering feats. The setting off of the tons of dynamite tomorrow will be the occasion for a celebration all over the United States, in honor of the Yankee determination that put through the big ditch, and on the Pacific Coast the in token of the big things that are coming for this section through the opening of the ocean to ocean waterway.

In Portland, San Francisco, Los Angeles and all other large cities, all of the street cars will stop, and presidential salutes will be fired at all the forts. Business will also take a short suspension, following the receipt of the flash announcing the setting off of the blast.

The Herald has arranged for the receipt of a flash from Gambia at the instant the blast is set off, and this will be announced by the firing of the fire bell. Immediately other bells in the city will ring out the glad tidings, and whistles and bells will be intermingled.

Mayor Nicholas yesterday issued a proclamation, asking the citizens to suspend business for five minutes, following the news of the canal's completion. Most of the business houses have arranged to do this, and that time will be spent in reflecting on the wonderful work of the American engineers.

ASHLAND HIGH TO PLAY HERE

FIRST INTERSCHOOL FOOTBALL GAME FOR LOCAL FANS WILL BE PLAYED LATE IN THE MONTH

A game between the football teams of Ashland high school and Klamath county high school will be played at Modoc Park on Saturday, October 25. This was finally settled by long distance telephone this morning.

In preparation for the coming contest, Coach M. A. McCall will put his players through a grueling training period, and it is possible that he will outline a strict diet for them to stick to during the football season.

McCall has quite a bunch of boys out for places. His men, though, are nearly all light, but they lose no time in getting under way, so their speed may make up the lack of beef. Reports from Ashland are to the effect that the team this year is composed of brawny lads. They have arranged an extensive tour for this season.

SCHOOL MONEY IS APPORTIONED

COUNTY SCHOOL SUPERINTENDENT JUST COMPLETES THE WORK—STATE AND COUNTY HELPS THE DISTRICTS

County Superintendent Fred Peterson has just completed the annual apportionment of county and state funds to the various school districts of the county.

The law provides that at the October apportionment each district shall receive \$100 and the remainder of the funds shall be apportioned to the districts in proportion to number of pupils enumerated.

This allows, besides the \$100 for each district, an additional sum of \$1.50 per pupil.

The state apportionment is \$1.85 per pupil. During the year of 1913 there has been distributed \$100 to each district and \$11.50 per pupil from the county funds. There will be approximately \$2 per pupil distributed in December or January.

Besides these sums a large number of districts have funds derived from special taxes.

In the schools the setting off of the blast will be the occasion for the ringing of the bells, and for a five minute halt from studies. During this period, the teachers will briefly outline to the pupils the wonderful achievement just made a reality.

MACK'S KID PITCHER MAKES GOOD

Giants Are Given Walloping at Polo Grounds

Schang Gets Home Run; Collins a Three Sacker

Score table showing runs, hits, errors for New York and Philadelphia.

By HAL SHERIDAN (Written for the United Press) POLO GROUNDS, New York, Oct. 9.—Connie Mack's first kid pitcher made good with a vengeance today, when Bush, the youngster taken from Salt Lake earlier in the season, won from the Giants.

The youngster had the Giants completely at his mercy, holding them down to a scant pair of runs and five hits. He was steady at all times, and although he did not attain any strike-out records, he only walked one man and hit one man.

Speaking of youngsters, the playing of Walter Schang behind the plate for the Athletics must not be

and scored; in the second he singled, bringing home a runner, and in the seventh he drove out a three-sacker, coming in with a run on the single following.

It rained nearly all day yesterday, and drizzled a while this morning. As a result, the Polo Ground diamond was somewhat heavy.

First Inning Athletics—Murphy went out, Fletcher to Merkle; Oldring singled; Collins singled and Baker also drove out a one-sack hit, bringing "Rube" across the plate; McInnis went down by the three-strike route; Strunk drove to shortstop, but Fletcher threw the ball over Merkle's head, allowing Collins and Baker to romp home and Strunk to get to second; Barry's pop fly to Fletcher retired the Athletics. Three runs; three hits.

Giants—Herzog went out, Barry to McInnis, Doyle singled and Fletcher went to first after being hit with the ball. The chance for a score was ended when Burns hit a pop fly, which was gathered in by Collins and tossed to Barry, doubling Barry out. No runs; 1 hit.

Second Inning Athletics—Schang struck out and Bush fled to Murray; singles were made by Murphy and Oldring, and Collins's second single of the game brought these two home. Baker forced Collins out by the Doyle unassisted route. Two runs; 3 hits.

Giants—Shaffer out, Collins to McInnis; Murray knocked a fly to Collins, and McLean ended the inning when Schang gathered in his pop foul. No runs.

Third Inning Athletics—McInnis knocked a fly to Burns and Strunk also drove out a fly which the right fielder gathered in. Barry's pop fly was caught by "Wee Larry" McLean. No runs.

Giants—Merkle out on a fly to Strunk; Teareau struck out and Herzog knocked a pop fly to Collins. No runs.

Fourth Inning Athletics—Schang fanned out and Bush singled; he remained on first, as Murphy's fly was grabbed by Shaffer and Oldring went down by the Doyle-Merkle route. No runs; 1 hit.

Giants—Baker caught Doyle's foul after a hard run; Fletcher singled, and while Burns was fanning out he stole second; Shaffer went down by a Collins-to-McInnis play. No runs; 1 hit.

Fifth Inning Athletics—Collins out on a fly to Murray and Baker's fly was caught by Fletcher; McInnis went out on a fly to Murray. No runs.

Giants—Murray walked and stole second; McLean then drove out a single, registering Murray; owing to McLean's sore foot Cooper ran for the catcher; Merkle knocked a fly to Murphy and Cooper annexed second; Teareau went out, Baker to McInnis, and Cooper moved to third; Herzog retired on a throw from Schang to McInnis. One run; 1 hit.

Sixth Inning Big Larry McLean, who was injured yesterday, was retired, and Metcalf went to first on the rubber for the Giants.

Athletics—Strunk knocked a fly to

Burns, and Barry, who followed, drove out a single; Schang went out on a foul to Wilson and Bush hit a fly to Doyle. No runs; 1 hit.

Giants—McInnis garnered in Doyle's grounder and retired him unassisted; Fletcher walked, but Burns who followed him, hit into a double play, Bush to Barry to McInnis. No runs.

Seventh Inning Athletics—Murray singled, but he was forced out by a Fletcher to Doyle throw by Oldring; Collins then hit the pill for a three-sacker, scoring Oldring, and Baker's single following it brought Collins over the rubber. It was at this point that the

SCHANG Catcher, Athletics

derrick was fastened to one Jeff Teareau, and "Old Doc" Crandall went in the box. McInnis ended the inning by a fly to Doyle, who touched out Baker before he could get back to second. Two runs; 3 hits.

Giants—Shaffer drove out a two-sacker and Murray followed with a single, scoring the Dutchman; Murray attempted to steal second, but Shaffer's throw to Collins retired him; Merkle was given a base on balls, but Crandall, who followed, went out, Collins to McInnis. One run; 2 hits.

Eighth Inning Athletics—Strunk retired Crandall at first, and Murray went down by the same combination. With two men down Walter Schang clouted the ball for a four-sack trip, the second home run of the series. Bush struck out, retiring the Mackmen. One run; 1 hit.

Giants—Herzog drove out a liner to Baker, and Doyle was put out by McInnis; a foul from Fletcher's bat was caught by Schang, retiring the Giants. No runs.

Ninth Inning Athletics—Murphy hit a fly to Murray; Oldring's foul was nabbed by three-sacker Herzog and Collins went down on a fly to Shaffer. No runs.

Giants—Burns went out on a fly to Murphy; Shaffer was given a base on balls, but he was forced out, Barry to Collins, by Murray. The final Giant went down when Wilson knocked a foul toward Baker.

REGISTRATION OPENS EVENINGS

REGISTRATION CLERK DE LAP ARRANGES TO KEEP OFFICE OPEN FRIDAY AND SATURDAY NIGHTS UNTIL 7:30

"Have you registered?" Again this is the eternal question, and there is just until the 20th in which to register, in order to be able to vote at the special election in November. At that time a number of important measures, among them the University appropriations, will come before the people.

In order to give all a chance to register, Registration Clerk Perry De Lap will keep the county clerk's office open until 7:30 tomorrow and Saturday nights. This will give men working late an opportunity to register, and also to bring their wives to register.

An Open Letter To Taxpayers By The County Court

Since it is an unmistakable fact that Klamath Falls will be more greatly benefitted in proportion than any other part of the County, it is quite right that she should assist in the payment of the cost of this system of highways. Up to this time she has contributed only about 25 per cent of that amount of the work which has been paid from the general fund. The balance has come from the farmers, the timber owners, the railroads and other interests outside of the incorporated towns. Under the law the entire road levy comes from the taxes paid upon property outside the incorporated towns and since the last assessment roll shows that the valuation of Klamath Falls is between one-fourth and one-fifth of the total valuation of the entire County, it can be seen that she has not contributed any too heavily toward the road work already done since her part was only about 25 per cent of that amount done under the general fund, as already stated.

At any rate the many benefits are so apparent and the community of interest between the County at large and Klamath Falls is so extensive, and important, that we believe no citizen of the City can justly disclaim responsibility as to the development of our highway system.

It is fortunate that there are not several large competing towns in Klamath County, as in other counties at this time for the reason that there can be no just criticism relative to the development of this system with Klamath Falls as a center, and no jealousies between cities on account thereof. The future will take care of itself if we complete our work well, and all other towns in the County may improve.

SULZER CASE IS BEING ARGUED BY ATTORNEYS

MARSHALL MAKES BRILLIANT PLEA FOR GOVERNOR

Defense Holds That the Evidence Introduced by the State Has Been Illegal—Believed That Refusal to Allow Sulzer to Testify Was Not for the Best Interests of His Case. His Enemies Confident.

ALBANY, Oct. 9.—Final argument was commenced by the defense in the Sulzer case, on the contention that the state's evidence was illegal. After this the court decides whether it has jurisdiction to try for any offenses committed before Sulzer was sworn in.

There is no question but what the refusal of the attorneys for the defense to let Sulzer testify hurt the governor's case. He acquiesced only when told that his testimony would involve his wife.

Attorney Marshall contended that the removal of Sulzer from the governor's chair was a substitution of anarchy for law, and he made a dramatic appeal for three hours. He blamed the men whom "the governor prevented from looting the state."

AUTHORITIES TO PROBE SEAT SALE

OFFICIALS OF THE NEW YORK NATIONAL LEAGUE CLUB ARE SUMMONED BEFORE WHITMAN TODAY

NEW YORK, Oct. 9.—District Attorney Whitman today issued subpoenas for Secretary John Foster, President Hempstead and Treasurer N. A. Floyd of the New York baseball club, owners of the New York Giants, in connection with the sale of seats.

Miss Skinner, the stenographer, has also been summoned, and these parties will be asked to give a receipting for all of the reserved seats sold for the world's series.

The investigation grows out of the demanding of from \$20 to \$50 for \$2 and \$3 tickets by speculators. It is alleged by some that the management is responsible for this.

The four were taken to the grand jury anteroom today. Assistant District Attorney Johnson says the law does not prevent the club from selling tickets to whomever it pleases.

OVER 50 BU. TO ACRE

Experiment With Turkey Red Yields Big Crop

A yield of 51 1/2 bushels to the acre is a wheat crop record that has just been reported by Burrell Short, who has a ranch seven miles from this city.

Mr. Short last year decided to experiment with Turkey Red wheat, and he sowed a 7 1/4 acre tract to the grain. This, when threshed recently, yielded 470 bushels of excellent quality.

Turkey Red wheat is the proper variety for sowing here, according to Mr. Short. His experimental patch demonstrated that it is perfectly adapted to the climate, and the abundant yield is also in its favor.

Encouraged by his success, Mr. Short will plant a large area to Turkey Red wheat this fall. Some of his neighbors are planning to do likewise.

Right from the first inning the Athletics took a start, and in the first and second innings, by bunching six hits, they gleaned a quintet of tallies. Fletcher's wild throw over Merkle's head was responsible for two runs.

In the seventh the Athletics again did things, and the triple by Collins was followed by two singles. "Tea" was then sent to the bench.

Crandall finished the seventh inning nicely, but in the eighth Schang landed out a home run.

The Giants were outplayed, out-fielded, outbatted, in fact, outclassed in every feature of the game by the Mackmen.
