Federal Troops, Disheartened by the
Losses at Torreon, Talk of Mutiny.
Secretary Bryan Leaves Up to Ambas-
sador Lind the Question of
Whether He Should Soon Go to the
Scene of the Trouble.

United Press Service

WASHINGTON, D. C., Oct. 12.—Responding to the strong representations made by Secretary of State Wm. J. Bryan, Huerta has notified American Embassy Secretary Nelson O'Shaughnessy that the imprisoned deputies and senators will not be harmed.

Bryan has notified Ambassador Lind that he will allow him to use his own discretion about returning to Mexico.

Officials anticipate an early up-
heaval in Mexico as a result of Huertan's coup. Unofficial dispatches say that the federal army, disheartened by the losses at Torreon, is talking mutiny.

JUDGE CARPENTER BELIEVES IN
THE OLD ADAGE THAT "THEY
NEVER COME BACK," AND ACTS
ACCORDINGLY

United Press Service

CHICAGO, Oct. 12.—Jack Johnson's bond for \$20,000 was declared forfeited today by Judge Carpenter in the federal district court for failing to appear to answer to the charge against him of violating the Mann slave laws.

Johnson's attorney requested a continuance, saying that he was confident that Johnson would return after filling his vaudeville engagements. Judge Carpenter refused the continuance.

Up to March 31, the Philadelphia mint coined \$50,000 a day in nickels in a 30-day run.

Jacksonville, Fla., is to utilize public playgrounds as evening recreation centers.

WHERE DO BOOKS GO?

Library Club Says New Site Is Out of Limits

There is some question whether the Women's Library Club of this city will turn over to the new Carnegie Library the former's books. This follows the announcement by the county court that the \$20,000 structure is to be erected on the court house block in Hot Springs addition.

According to members of the organization, the club petitioned the county court to erect a Carnegie library somewhere between Third and

SULZER'S CASE
TO BE SETTLED
IN SHORT TIME

BREAK REPORTED BETWEEN HIM
AND HIS ATTORNEYS

Governor Said to Be Incensed at
Their Refusal to Allow Him to
Make a Statement—Reform Bu-
reau Threatens to Defeat Any Law-
maker Using His Vote to Impeach
the Executive.

United Press Service

ALBANY, Oct. 13.—The beginning of the end of New York's great political tragedy is slated for late today. Only a few legal questions regarding the verdict remain to be settled before the vote will be taken to decide whether William Sulzer should be removed from the office of governor.

It is understood that Sulzer has practically broken with his attorneys owing to their refusal to permit him to testify. If defeated, it is expected that he will blame the attorneys.

The Reform Bulletin of the New York Civic League just received here threatens the political extermination of everybody responsible for the impeachment of Sulzer.

Senator Wende, who is leading Sulzer's fight, declares that he now has enough votes to prevent Sulzer's removal. He did not specify the number, but says he expects the votes of all but one of the judges of the court of appeals.

The anti-Sulzer faction claims the same for their side. If the appeal judges vote as a unit it will have a telling effect on the result.

W. JENNINGS BRYAN DENIES THE
RUMOR THAT HIS RELATIVE IS
SELLING LAND TO THE JAPANESE
IN FLORIDA

WASHINGTON, D. C., Oct. 12.—William Jennings Bryan today most emphatically denied the reports that are being printed in California to the effect that his cousin, ex-Governor Jennings of Florida, is engaged in selling land to the Japanese.

Lakes-to-Gulf Men Meet

PEORIA, Ill., Oct. 13.—Business men from every section of the Middle West are here today to attend the opening of the annual convention of the Lakes-to-Gulf Deep Waterways Association, which opens Monday and will continue throughout next week.

Wins at The Dalles.

Word has been received here that Jess Johnson of Merrill won first place in the wild horse race and second money in the bucking contest at the Wasco County Rodeo, held at The Dalles, last week. Johnson is expected here in a few days, after a trip to nearly all the big Western shows this summer and fall.

There are about thirty-seven pines native to the United States, of which twenty-five are Western species and twelve Eastern.

LOCAL MEN TAKE STEPS TO GIVE
PUBLICITY TO LAVA BED SCEN-
ERY—ROAD FROM KLAMATH
FALLS IS THE PLAN

The wonderful scenery of the Modoc Lava Beds and other points reached through Klamath county is to be told to the world at large through the organization of business men effected at the Hotel Hall Saturday night. Though organized, the organization has no name, and appropriate titles are solicited.

The majority of those present were members of the party who went to the Lava Beds a couple of weeks ago for a two-days' visit. All returned greatly impressed. Other trips to Klamath county points are to be made also.

It is the intention of the organization to secure a good road from the California line to the caves and other attractions in the Lava Beds. The road from this city to that point is excellent.

Captain J. C. Rutene was elected president and Dr. W. A. Leonard secretary of the new organization.

G. BODENHEIMER, DESCENDING
LONG LAKE GRADE WITHOUT
HEADLIGHT ON MACHINE,
JUMPS TO SAVE LIFE

Coasting down the Long Lake hill grade without the headlight turned on nearly proved fatal for George Bodenheimer of this city last evening. As it was, he saved his life by jumping from the machine just before it went off the road and collided with a pine tree.

The grade is a long steep one, and there is a sharp turn at the end of a long pitch, turning the road downward at a right angle to the other descent. It was at this turn that Bodenheimer met with his mishap, which resulted in the wrecking of the motorcycle.

WITH SHOTGUN**

HIGH SCHOOL LOSES PROMISING
FOOTBALL PLAYER THROUGH
ACCIDENT LATE SATURDAY AF-
TERNOON

While getting into a rowboat to go duck hunting on the Williamson River Saturday, Chester Lundy accidentally discharged his shotgun. As a result, the muscles of the left arm was torn to bits, and the side and shoulder were badly hurt.

The young man was carrying the gun by the muzzle, and in stepping into the boat he started the boat to rocking. This caused the stock of the gun to be struck by the oscillating craft, discharging the gun.

Lundy was brought to the Blackburn hospital here, and is under the care of Dr. Hamilton. He is a football player of unusual merit, and was soon to have started to attend the high school.

DERELICT

Calm Obtained by a Continuous Play-
ing of Oil on the Waters From
Tank Ships Standing by the Burn-
ing Steamer—Greater Portion of
the Missing Said to Have Jumped
into the Water in Sheer Despair

United Press Service

LONDON, Oct. 13.—The cruiser Donegal has been ordered by the admiralty to seek the wreck of the Volturro and sink it, as it left as it is it will be a menace to navigation.

According to the latest wireless the hulk was still afloat, and in the path of the trans-Atlantic lines.

United Press Service

NEW YORK, Oct. 13.—Captain Spangenberg of the liner Grosses Kurfurst, is reported off Nantucket light ship, with 360 of the Volturro survivors.

United Press Service

ON BOARD LA TOURAIN—Wireless—Oct. 13.—According to Max Spurgeon, a passenger on the Germania, seven of the Volturro passengers were drowned when the first two lifeboats were lowered. It is thought that these two boats were all it was possible for the crew of the Volturro to launch, and these were capsized. Eleven rescue ships searched every where for other boats, but none could be found.

For twenty hours that the Germania was at the scene of the wreck her passengers did not sleep, but thronged the decks, waving and shouting encouragement to the distressed ship.

Spurgeon says: "Captain Inch was the last person to leave the sinking vessel. Before he left he secured the ship's papers. The Volturro at that time was a mass of flames from stem to stern."

Outside those lost when the lifeboats were smashed and capsized and a few members of the crew killed in an explosion, most of the victims were drowned when through despair and fright they jumped into the ocean and endeavored to reach one of the rescuing vessels.

The artificial calm produced by the tank ships New York and Normandie.

GRAIN RATE LOWERED

Bailey Secures Reduction to California Points

A reduction in the freight rate on grain from Klamath Falls to points in California has just been granted, according to advices received by Agent S. J. Bailey of the Southern Pacific.

Heretofore the rate on grain to San Francisco from Klamath Falls was \$5.40 a ton. To Los Angeles the rate was \$8.80 per ton. Under the new order the rate to San Francisco is \$5 and to Los Angeles \$7.50.

Klamath County has been rapidly coming to the front as a grain rais-

ing section, but the grain raisers have been hampered in marketing their grain by the high freight tariff. To alleviate this, Mr. Bailey went the matter up with G. W. Lane of the freight traffic department, with the result that the reduction was granted.

The rate to Sacramento is \$4.50 per ton. Other points in Northern Oregon pay \$5 per ton to Los Angeles.

The new rates will become effective as soon as the tariff is reduced.
