

Tango Dancers at the Star Theater

In securing Lee & Chandler, the clever little interpreters of the Texas Tommy and other novelty dances, for the Star theater, Manager Houston has billed a team of top-liners in vaudeville. The press of the entire Pacific Coast unite in proclaiming these girls artists of great merit. One

of the team, Miss Chandler, appeared here some years ago, and will be remembered by many as the champion buck and wing artist of the Pacific Coast. They commence their engagement at the Star Theater Sunday night, and will be on the boards here until Wednesday night.

This Year's Grain Crop in Klamath County Is Estimated at One Million, Two Hundred Thousand Bushels

One-third more grain has been produced in Klamath County this season than has ever been produced before. This has been due mainly to the fact that we have in the last twelve months had quite an influx of new farmers. Within the next year there will be a great many more farmers coming into this county. This will mean increased business in the city of Klamath Falls. More business houses will be required to cope with the increase of trade. More workmen will have to be brought in. These workmen will require homes to live in. Property values will increase with the increased business. We have some choice locations which can be bought at a reasonable price on easy terms. Why not buy one of these lots, build on it and assure yourself of from 15 to 20 per cent interest on your investment? This is an opportunity to let your money make money. Why not take it? Call at our office for information as to good building locations.

CONVICTS STILL IN THE CLEAR MUSIC GALORE AT THE OPERA HOUSE

THREE DESPERATE MEMBERS OF THE FOLSOM COLONY ARE SUPPOSED TO BE HIDING NEAR RATTLESNAKE BAR

United Press Service
FOLSOM PRISON, Oct. 25.—Warden Johnston has returned to Folsom to superintend the hunt for Norman Hair, William E. Roder and Thomas Samuels, the three convicts who escaped from the prison late Friday afternoon.

It is believed that the three men are in hiding near Miller's ranch, at Rattlesnake Bar, as they were last located in that vicinity.

Warden Johnston said this afternoon: "We do not anticipate any trouble in capturing the men, as they are practically surrounded. It is not believed that they will show fight, as they are unarmed."

At 5 o'clock this morning the men passed Miller's ranch still garbed in the stripes they wore when they escaped. Posses are diligently searching that neighborhood.

Solve Problem with Sheep.

Meat prices may be lowered in the next few years by the raising of sheep on the semi-arid lands of the west, according to Professor W. H. Carlyle, acting president and dean of the University of Idaho. At present there is a shortage of sheep, he says, but as sheep can be put on the market in a year, he says the shortage will soon be overcome and mutton will take the place of beef on the American table.

TWO ORCHESTRAS WILL STRIVE LUSTILY FOR HARMONIC TONIGHT, AND THERE WILL BE DANCING ALSO

Devotees of the dreamy waltz and delightful two-step will have another opportunity this evening to confirm the statement that "dancing is the poetry of motion," when the two rival aggregations of musicians meet for the second time in an endeavor to determine which "bath greater charm to soothe the savage breast."

This, however, is only a figure of speech, for there will be no "savage breasts" at Houston's opera house, where the contest will take place. 'Twill be a gathering of merry makers, both old and young, loyal followers of Terpsichore, and true lovers of music, and otherwise.

The rivalry existing between Mitchell's band and the Star orchestra has resulted in a situation that promises a musical treat for those who attend the dance at the opera house this evening, for both band and orchestra have prepared for this occasion a musical program that will be an agreeable surprise to the patrons.
