

ELECTION PROVES BIG FARCE

UNCLE SAM MAY NOT RECOGNIZE THE NEW ORDER

HUERTA HAS MEXICAN CONGRESS UNDER HIS THUMB

Absence of Rioting and Bloodshed Yesterday Was an Agreeable Surprise to the Officials at Washington—Administration Looks for the Dictator to Take All Sorts of Despot Attitudes Toward U. S.

United Press Service. WASHINGTON, D. C., Oct. 27.—The administration was agreeably disappointed by the absence of rioting yesterday in Mexico, as it was prepared for an explosion. The only change effected by the bolting is giving Huerta a congress that will absolutely obey his will. President Wilson is much concerned. He is certain that the new lawmakers will uphold Huerta in every act, and if deemed necessary, will oppose all action on the part of America to bring peace. It is not believed that the administration will recognize Huerta or recognize his minority congress.

WASHINGTON, D. C., Oct. 27.—A definite policy outlining in detail the attitude of the United States toward the revolution-torn republic of Mexico, which will be the most important utterance of the present administration on the Mexican question, it was declared today, will be shortly forthcoming, following the so-called elections held in the sister nation yesterday.

Elliot Wrongly Censured.

The spectators at the football game Saturday censured Referee Elliott when, as a matter of fact, the blame should have been placed on Empire Phillips of Ashland. As the Herald reporter made the same error, the Herald is glad to remove the blame from Mr. Elliott and place it where it belongs. The play in question was where Barrett waded twenty yards through the Ashland line for a touchdown, and Phillips claimed McCormack was offside. "I had nothing to do with the decision," said Referee Elliott, "and am inclined to think the umpire erred. If McCormack was offside, I did not see him. However, in a case of that kind the word of the umpire is final, and his decision cannot be changed by the referee."

The United States has become the heaviest buyer of South African diamonds.

Mrs. Emmeline Pankhurst Happy As She Sailed into New York Bay

Mrs. Emmeline Pankhurst, the British militant suffragette leader, was happy when she sailed into New York bay on the French liner La Provence, for she did not for a moment believe she would be detained more than a few moments by the immigration authorities at Ellis Island last as she was booked up there by the immigration.

An Open Letter to Taxpayers

By the County Court

We have already said that we would make a campaign for the issuance of bonds to the amount of \$320,000 for the improvement of roads in Klamath County. The preliminary steps toward calling the bond election are already being made, and in the proper time petitions will be circulated. After the election has been called we intend to hold a series of meetings for the discussion of the proposition. The places and dates of these meetings will be announced in advance in order that those who oppose the bonds may have ample opportunity to be on hand to set forth their arguments in opposition. We want the discussion to

New Banker Is Coming

Ex-State Examiner to Invest Here

A change is to be made in the directorship of the First Trust and Savings bank of this city in a few days, when W. H. Bennett, formerly state bank examiner, will take over as interest in the concern. It is understood that he will become vice president of the concern, which earlier in the year merged with the American Bank and Trust company. Just what portion of the stock Mr. Bennett will purchase is not known here at present. As soon as he ar-

rives a meeting of the directors of the corporation will be held, when the matter will be settled in full. The stock that Mr. Bennett is to purchase, it is understood, is part of the interest of P. M. Reidy, the present vice president. The newcomer is well known in banking circles in the Northwest. Previous to accepting the position as bank examiner, he held responsible positions. He resigned as bank examiner to become interested in the local institution.

rive the people may say whether or not they want any more road work done during the next two years. We are so concerned, we have finished road work by the warrant route. We believe that now that the way has been opened, any further road improvements should be made out of the proceeds of the sale of bonds. If the people vote the bonds we will go ahead with road work and give the County a good system of hard surfaced highways. If they decide not to issue the bonds, we will merely finish the work we have on hand and make a small tax for the maintenance of the roads as they stand. We will finish the new courthouse and then we shall have done with our scheme of improvement.

We expect in the next year to call in a half of the present indebtedness of the County and to retire all the outstanding indebtedness within the next two years.

There is nothing in the way now of a same scheme for progress. All that is needed is for everyone to sit still in the boat and row together with his fellow men. No man should rock the boat at this stage of the game. Reputation of County indebtedness must be stopped. It is outrageous for a few persons to say that this County shall not pay its honest debts. We believe that the people are willing to pay their just debts, and public sentiment ought to make it pretty hot for the regulators. On Wednesday morning we shall have more to say about this proposition of repudiation.—Advertisement.

Dance Wednesday. Wednesday evening the Klatawa Club will give the first of its third annual series of dancing parties at the White Pelican hotel. A large attendance is expected.

WHAT THE REDUCED TARIFF MEANS TO US

The new tariff law became effective October 31. The citizen is watching to see if it will reduce the cost of living, and is anxious to know where he ought to look for cheaper prices. The average man, who isn't familiar with tariff schedules would be unable himself to figure out the anticipated cuts on retail prices, on account of the manufacturing costs, overhead charges and other complicated factors which require expert figuring by a specialist. The United Press has been at work on this matter, arranging explanations of the tariff bill for the layman, through the medium of H. P. Goddard, who has been talking with members of the ways and means committee of congress. These will comprise in all about twenty articles, and will appear in the Herald as released. The first is contained in today's issue.

FINE STEERS NET NEARLY \$30,000

DALTON SELLS HERD OF 300 TO OAKLAND MEAT CONCERN FOR \$75.17 EACH—ARE BEING LOADED TODAY

Employees of Will C. Dalton are today loading on the rarer at Midland 250 head of steers for shipment. These were bought by the Oakland Meat company. The price paid for the animals was \$75.17 each. This brings the total value of the herd to \$22,316.25.

The steers are all in first class condition, and like the majority of the cattle fed in the Klamath Basin, are much above the average in appearance from the standpoint of the meat buyer.

Another splendid lot of beef sent out left Saturday, when Louis Gerber shipped 200 head to California. These steers were shipped in from Arizona last spring, and they fattened splendidly in the Horseshy country.

JEALOUSY CAUSE OF MORE MURDER

PROMINENT OAKLAND WOMAN KILLS HUSBAND, SHOTS AT HOUSEKEEPER, AND TRIES TO END HER LIFE

OAKLAND, Oct. 27.—Mrs. Archer Brown, wife of the millionaire son of the late superior judge, attempted to commit suicide yesterday by shooting, owing to jealousy toward Mrs. Marie Miller, housekeeper for a neighbor. Her wound, though, was slight. Following this, she killed her husband and fled from her palatial residence, leaving the tragedy undiscovered. Later she tried to kill Mrs. Miller. This morning she called at her husband's law office and led her husband's brothers to the house to show them the corpse.

LOCAL DEMOCRAT IS AFTER PLUM

WELL KNOWN YOUNG ABSTRACTER WOULD ANNEX THE RECEIVERSHIP OF LAND OFFICE IN THIS DISTRICT

George Chastain and Allan Sloan left for Lakeview this morning in the interests of the fight being made by Mr. Sloan for the receivership of the Lakeview land office. Mr. Sloan has the undivided support of the democrats of Klamath county, and this trip to Lakeview is made to get the Lake county democrats in line to assist him in his contest. The present incumbent, F. P. Cronemiller, was appointed under a republican administration, and as a natural course of events his resignation may be asked for almost any day. Rumor has it that a well known member of the Jeffersonian party from Portland has his wires out, leading to this office, and it behooves the members of the party in Southern Oregon to rally to the support of the candidate from this end of the state.

BIG DAY AT THE CHRISTIAN CHURCH

BIG ATTENDANCE AT THE BIBLE CLASS—TWO CONFESSIONS IN THE MORNING AND UNION MEETING IN THE EVENING

Yesterday was a great day in the history of the church in this city. The largest Bible school attendance in the history of the school. The number present was 158. The motto for the next Lord's Day is 175.

The preaching service was well attended and at the morning service two young ladies made the good confession. Elder Harlan will preach five great sermons this week, which all should hear.

Monday—"Home, Sweet Home."
Tuesday—"A Home Run."
Wednesday—"Let Us Alone."
Thursday—"E Pluribus Unum."
Friday—"The Judgment."
At night the union W. C. T. U. meeting was held at the Christian church, addressed by Mrs. Wheeler. Her subject was, "The Double Coronation." Her address was largely to the young men and women. Every chair in the house was taken. An offering was received for the W. C. T. U. work. Mrs. Wheeler is dead in earnest about her work, and a very pleasing speaker, and Klamath Falls will be glad to welcome her again.

MORE DYNAMITE TALK--CHICAGO

CHICAGO, Oct. 27.—It was announced today that the arguments of the convicted Indianapolis union men for appeals will begin Wednesday in the federal court of appeals. The men are charged with illegal transportation of dynamite.

ATTACHE OF THE RECLAMATION SERVICE SAYS THE SATURDAY MORNING SHAKE CAUSED DIRE PANIC IN BAY CITY

Mr. and Mrs. Curtis E. Widdoes and family returned Sunday from San Francisco, where Mr. Widdoes went to meet the family, who have been visiting relatives in Kansas for several months.

The earthquake shock in San Francisco Saturday morning caused panic to reign in many parts of the city, according to Mr. Widdoes.

"The shake came early in the morning, and it was sufficient to awaken the sleepers," he said. "I was awakened by it, but did not realize what the cause was until I heard persons running through the hotel shouting and badly frightened. The shake was sufficient to throw the food from the dishes in some of the cafes and restaurants."

West Says Story Misled

Klamath Farmers in No Danger

The Herald is in receipt of the following letter from Governor Oswald West:

"Referring to an article appearing in your issue of the 14th inst., and stating that the state land board had ordered payment of all notes to the school fund which have been running over ten years, I find that you have been misinformed as to the facts.

"The state land board is not insisting upon the payment of these notes. They may be renewed if the parties so desire. Section 3915 of Lord's Oregon Laws, provides:

EVERYTHING IN CONNECTION WITH THE AFFAIR WAS ARRANGED BEFORE

Light Vote Cast Everywhere—Congressmen Who are Huerta's Henchmen. It is Believed, Will Declare the Election Unconstitutional, Owing to the Fact There Was No Majority, and Huerta Will Continue

MEXICO CITY, Oct. 27.—The presidential election held yesterday proved to be as big a farce as expected. There were no disorderly scenes, though.

In districts where the rebels are in control, the polls were not opened at all.

Federal army officers frequently cast the votes of the soldiers without opening the polls, and elsewhere the soldiers voted as their commanders dictated.

Probably in no place did the vote exceed a fifteenth of the qualified voting strength.

There was no indication of intimidation. This was unnecessary, as it was evident that everything was pre-arranged.

The returns show that less than 5,000 voted in a federal district where there are 80,000 voters.

Nevertheless, it is expected that the congressional candidates approved by Huerta will declare themselves elected, and organize.

The first act of theirs, it is believed, will be to declare the election void because of the lack of a constitutional majority for any candidate. At the same time, they will "request" Huerta to remain in office until another election, which will be held whenever Huerta orders it.

Mr. and Mrs. L. D. Applegate left today for their ranch near Tule Lake, where they expect to spend the winter.

"Daddy" Jess. Jess Hunsacker received a wire from Woodland Saturday morning announcing the arrival of a bouncing big baby boy, weighing 8 1/2 pounds. Mrs. Hunsacker, who is staying at the home of her parents, and the big boy are both doing nicely.

"All loans * * * shall be made for a period of one year; provided, that in case the interest is promptly paid and the security remains unimpaired, the board may, in its discretion, permit the loan to stand for a period of not longer than ten years."

"Upon examination of the record I find that but three borrowers in your county will be affected by the said order of the board, so it is not such a serious matter after all. I think the loans of only four others pass the ten year period during the coming year, and will have to be taken care of through renewal."
