

Miners and Troops in Armed Warfare

SEEK TO UNITE WESTERN WORLD FOR ALL TIMES

WILSON THIS HOPES TO PREVENT WARFARE

President and Secretary of State Plan to Eliminate Every Vestige of Dollar Diplomacy From the Dealings...

United Press Service WASHINGTON, D. C., Oct. 28.—President Wilson and Secretary of State Bryan plan to work out a policy of interest to all the nations...

Every vestige of dollar diplomacy is to be entirely eliminated. The Monroe doctrine will be maintained throughout.

This is the interpretation that was placed on Wilson's utterances at Mobile. He is determined to avoid intervention, if possible.

The president realizes that the situation is tense, but says if he is forced to act the United States will withdraw as soon as possible.

In his proclamation, Wilson states that he does not intend to seize any territory, should he order the troops over the border. This puts him in a position where he can command the support of both parties in congress if he must use force.

Dispatches indicate that Huerta may attempt to declare Gambia as president and Blanquet vice president. If so, this would further complicate matters.

Wilson will return tomorrow from Mobile. Following his arrival it is expected that he and Bryan will arrange a definite declaration of the policy of the nation.

Would Better Conditions

NEW YORK, Oct. 28.—With delegates present from all sections of the country to discuss sociological and practical questions relating to the settlement of conditions under which girls in the United States work...

Inspect the Klamath Dam

Officials Will Investigate the Salmon Shortage

Camp Meets Tonight

Ewauna Encampment No. 46, I. O. O. F., meets tonight in regular session. Visiting Patriarchs invited.

Make a Hurried Trip

Mr and Mrs. George Deal of Langell Valley made a hurried business trip to the county seat today.

FRANK SILVIES DIES THIS A. M.

WAS PREPARING TO LEAVE FOR EUROPE TO VISIT HIS FORMER HOME—CONDUCTED FISHING RESORT ON WILLIAMSON

Frank Silvies, whose resort on the Williamson River is known to anglers in all parts of the West, died this morning at his home.

At about 10:30 this morning Mrs. Silvies called Dr. Hamilton of this city, stating that Mr. Silvies was seriously ill, and asking him to call on the sick man.

The deceased had about completed arrangements to pay a visit to his father and his home in the old country when he was taken sick.

Coroner Whitlock went to the Silvies home to prepare the body for interment. The time of holding the funeral has not been arranged.

WOULD HAVE CITY MONEYS DRAWING SOME INTEREST

MATTER DISCUSSED BUT NO ACTION TAKEN

Rogers Suggests Placing of Sinking Fund Money Under a Time Deposit Certificate—Matthews Suggests a Two Per Cent Daily Balance Arrangement for the Other Municipal Treasury Funds.

Moneys in the city's sinking fund, which are gradually accumulating for the payment of bonded indebtedness, should be placed under time deposit, so they could be drawing interest, says Councilman Leslie Rogers.

Councilman Matthews of the Second Ward also suggested the 2 per cent daily balance plan for the other city money. This is the plan used in connection with the county money throughout the state.

It was agreed by councilmen that these plans would during the year add no mean sum to the treasury. No definite action was taken in either case, however.

HIGH SCHOOL TO PLAY AT MERRILL

LOCAL ELEVEN WILL TRY HARD TO GET VENGEANCE FOR LAST YEAR'S TRACK MEET RESULT IN THIS ENCOUNTER

The Klamath county high school football team will go to Merrill Saturday for a gridiron contest with the Merrill high eleven. The formation will be practically the same with the Klamath county high as when they played Ashland here last Saturday.

Garrett was slightly bruised up in the last scrimmage, but will be in shape by Saturday. Others on the team were marked about the face and hands, but none seriously.

No word has come from Merrill as to the strength of their eleven, and the locals may run up against a tougher proposition than they are expecting. Quite a number of rooters are going down with the team.

Sight-Seeing and Fishing

Fred Houston autoed out to Klamath Hot Springs Sunday with a party of young people bent on seeing the country and trying their luck with rod and reel. They visited the big dam being built by the California-Oregon Power company, viewed the Narrows from Topsy grade, lunched at the Klamath Hot Springs hotel and hooked a few specimens of the funny tribe.

The world is consuming more than 1,000,000 gallons of kerosene every day.

ELECTION BOARDS NAMED FORWARDS

IN FIFTH, JUDGES AND CLERKS WILL SERVE AT BOTH THE BOND ELECTION AND SPECIAL ELECTIONS

The following election officials were named by the council last night for the city hall bond election soon to be held:

First Ward Judges—F. L. Armstrong, H. E. Mouser and C. H. Whitrow. Clerks—H. C. Telford and R. J. Sheets.

Second Ward Judges—John Fountain, J. A. Houston and Dr. Martin. Clerks—E. W. Gowen and W. R. Slough.

Third Ward Judges—W. Frank Arant, J. J. Machl and Arthur G. Lewis. Clerks—Perry O. De Lap and Geo. Hiehn.

Fourth Ward Judges—G. W. White, Robert Alexander and S. E. Owens. Clerks—A. J. Lyle and J. H. Potter.

Fifth Ward Judges—J. Lindsey, John Stout and Hird Loosley. Clerks—Alex Nozler and Fred Buesling.

These officials will also serve at the special election in the Fifth ward to choose a successor to Councilman W. O. Hixon.

WILL SURVEY FOR 2d ST. BOULEVARD

FIELD AND ENGINEERING DATA WILL BE PREPARED THIS FALL BY CITY ENGINEER UNDER INSTRUCTION FROM COUNCIL

Engineering work in connection with the Second street boulevard is to be attended to this fall, in order to allow an early start on the improvement work next year.

This work by City Engineer McLean will determine what property will be affected, probable cost of the work, etc. After this, viewers will be named to determine the damages and benefits resulting from the improvement.

The matter was brought up by Fred Melhase and E. R. Reames at last night's meeting of the council. They asked early action on the matter, and guaranteed the payment of the engineering cost.

This proposed highway will skirt Lake Ewauna to the city limits, affording a driveway for local people. At the city limits the boulevard will be met by a county road extending to Midland and Merrill via the fair grounds.

BIG GRAIN CROP IN YONNA VALLEY

PROMINENT RESIDENT OF THAT SECTION SAYS THERE WAS NO FRONT DAMAGE TO SPEAK OF, EITHER

Yonna Valley and vicinity harvested one of the biggest crops in its history, according to Albert Burgdorf, a prominent resident of Dairy, who is here attending to business matters.

HOTHEADS IN COLORADO CAMPS PRECIPITATE MATTERS WITH A FIGHT AGAINST THE STATE MILITIAMEN

member of one of the companies owning threshing outfits which operated there. This outfit and one other did all the work in the valley.

"The yield was much heavier than usual this year, but the exact amount has not yet been determined," said Mr. Burgdorf.

Mr. Burgdorf, "and very little of the crop was damaged by frost.

"Although this was a record yield, the last of the grain was threshed last Friday, which is nearly a month earlier than usual. This was possible on account of the ideal October weather Klamath county is enjoying."

SAINT CLOUD IS AGIN THE HOUNDS

ATTEMPTED MASTICATION OF THE COMMODORE'S BEST JEANS DRIVES HIM TO CUDGEL PATCH WITH A KNIFE

By LORA KING

SHIPPINGTON, Oct. 28.—Where is the dog warden of this city?

I have been bitten twice today by low-born pugilistic, bugle-eyed, pot-licking mongrel dogs. In both cases the owners said their dogs did not bite—perhaps chewing will sound better, for my starboard pant leg is tattered proof that they did something of the kind.

It makes little difference what your dogs are, be they Brown Leghorn, Jersey or Berkshire. It behooves you to look after them when you see a tall gentleman coming down Ninth street, because, take it from one who knows, he is going to cart along as ballast a slippery elm club some day.

These dogs may be favorites—but I'm something of a favorite, too, at my own home.

Takes a Step for Power

Council Adopts Resolution of Much Importance

In order to assure the government that the city will figure with the department of the interior regarding the furnishing of power from the government's West Side canal, a resolution declaring that intention was adopted at last night's meeting of the council. This will make possible the engineering work.

The resolution follows: Whereas, The city of Klamath Falls is contemplating the acquisition or construction of municipal water works, one of the plans under consideration requiring power for pumping, and

Whereas, The city has also under consideration the acquisition or construction of a lighting plant, including the generation of electricity for commercial power purposes; and, Whereas, The feasibility of all these plans for betterment of public conditions and health depend on economical generation of power; and, Whereas, There is a magnificent amount of water for power passing over the rapids in this city, unused, controlled by the reclamation service of the United States, and it is believed that the government would be

RIFLES AND MACHINE GUNS ARE BROUGHT INTO PLAY BY ANGERED STRIKERS

Later in the Day Leaders Are Able to Convince the Men of the Futility of Armed Resistance—Although Firing Continued Several Hours, the Casualties on Both Sides Will Not Be Serious.

United Press Service

LUDLOW, Colo., Oct. 28.—Word has been received that martial law has been proclaimed in the coal strike district at the tent colony.

Hotheads predicted that this meant that the governor had sided with the operators in openly advocating the defying of the militia and burning the mines.

At daybreak the strikers fired simultaneously at the Berwind and Hastings, where the guards are virtually besieged. The guards replied with the machine guns, but the range of the guns was too long to do any execution.

One striker was wounded in the thigh. A wild rumor that fifteen guards had been killed cannot be confirmed and is discredited.

Later the strikers marched to Deluga and attacked the guards there. The strikers are sullen and desperate, while the women are openly advocating resistance. The slogan is "run the militia out of Colorado."

At 2 o'clock most of the strikers had returned. There is still some firing in the hills, but the battle is practically over. Two strikers have been wounded, but not seriously.

The casualties among the guards is unknown, but is not supposed to be serious.

The leaders have regained control of the men, and the strikers are disarming under their directions.
