

Plants Are Barred as 'Undesirable Aliens'

(Herald Special Service)
 WASHINGTON, D. C., Oct. 28.—To protect fruit growers and farmers of the United States the federal horticultural board of the department of agriculture has declared a quarantine against certain imported plants, fruits and seeds. Some of the most destructive insect and plant diseases to which our cultivated plants are subject have been brought here, according to the board, on stock imported from foreign countries.

Certain fruits from the Hawaiian Islands have been refused admittance from the fact that the Mediterranean fruit fly, not heretofore widely prevalent in the United States, exists in large numbers in the territory of Hawaii. This insect attacks figs, grapes, grape fruit, sweet limes, oranges, peaches and other fruits, as well as certain vegetables, and would be, if it were admitted to the United States, a menace to the fruit and vegetable growers of the country.

Potatoes from Germany, Holland and the British Isles cannot be im-

ported into the United States as long as the quarantine declared in September, 1912, exists against them. This quarantine was decided upon to keep out the deadly plant disease that is called "potato wart," a scourge so dangerous that should it get into our potato-growing districts the effect upon the industry would, according to plant pathologists, be little short of a national calamity.

From Egypt, India and the Hawaiian Islands the United States has been in the habit of importing quantities of cotton seed. The discovery of the pink boll worm in the cotton seed from these countries has resulted in the declaration of a quarantine.

On January 15, 1913, a quarantine was declared against oranges, sweet limes, peaches and some other fruits from Mexico. On February 19, 1913, grape fruit was added to the list of prohibited fruits. The discovery of the existence in that country of a destructive insect known as the Mexican fruit fly was responsible for this action.

CROSSING MATTER SECOND ST. WORK UP TO OFFICIALS CAUSES ARGUMENT

The following communication has been received by the council from J. W. Metcalf, division superintendent of the Southern Pacific, regarding the crossings asked by Mills Addition people:

"This is to acknowledge receipt of your letter of October 16th, with reference to the city of Klamath Falls requesting the opening of Wantland avenue or Oak avenue.

"The matter has been referred to our management and we expect an early reply, and will advise you of their decision as soon as received."

HE IS PROUD OF HIS SPUDS

Frank Corpening, the genial host of the Escondido Inn at the Olene Gap, has an interesting object lesson in potato culture as carried on in the Klamath country. This consists of the products of two hills of potatoes which weigh 32 pounds. From one of the hills was taken one four-pound spud and eight others, all over the average size, and from the other sixteen potatoes of almost uniform size was produced.

Frank is keeping the exhibit where he can easily reach it, and was to the men who cast aspersions on Klamath county soil.

COUNCIL ASKED TO ADOPT RESOLUTION TO ASSURE COUNTY COURT THAT THE BOULEVARD WILL BE BUILT

In order to insure the county court of the city's intention to complete the second street boulevard so as to connect with the proposed county road to Midland and Merrill, a resolution to that effect was adopted. This, however, did not pass without prolonged discussion.

This, it was held, was necessary, in order to have the cost of the connecting highway included in the road bond issue to be placed before the people this fall.

Mayor Nicholas balked at this for some time, holding that it appeared to be a matter binding the city, but not the county.

After explanations were made of different features, the resolution was adopted unanimously.

ENTERTAINMENT A BIG SUCCESS BUILD SAWMILL AT MODOC POINT

FORT KLAMATH SCHOOL FUND ENRICHED OVER \$100 BY RECENT PROGRAM—OTHER FORT KLAMATH NEWS

(Herald Special Service)
 FORT KLAMATH, Oct. 28.—Farmers and stockmen are all preparing for the winter, yet we are having the nicest weather of the season. One can never tell how long the good weather is going to last, though, or how soon the bad weather is going to come.

The school entertainment given at the Fort last week was a big success. It netted the school \$110. This amount will go to the athletic and entertainment fund of the schools of District No. 7.

Frank Burns, Jim Kirkpatrick and Chas. Burns returned a few days ago from a hunting trip on the head of Rogue River. They succeeded in bringing home four very large bucks. The boys were well pleased with their trip.

Frank Neil and family are moving back to Ashland. Mr. Neil has been a resident and stockman of this valley for a number of years. His many friends regret his going.

Town Topics

Are Married Here.

A marriage license was issued today to Joseph Edward Cross and Cecil May Warren, and later in the day they were married by Rev. J. B. Griffith. The couple are well known here. The bride has been residing at Worden for some time, and the groom is a logging contractor.

Preparing for Election.
 Sheriff C. C. Low drove down to Merrill and Malin this morning in his automobile, delivering election supplies to the Valley towns.

Returning to Portland.
 W. H. Murphy of the Blake McFall Paper company, Portland, is in the city for a day or so. Mr. Murphy is returning from a vacation trip to San Francisco.

In From Merrill.
 C. E. Ramsby and family were in from Merrill Sunday to visit the former's brother, E. B. Ramsby.

Go to Merrill.
 Mr. and Mrs. S. Edward Martin and Mrs. J. Frank Adams left today in the former's auto for a trip to Merrill.

E. B. Has the Tags.
 In order to save inconvenience to hunters wishing to ship ducks to other places, Deputy District Game Warden Ramsby has arranged with his father, E. B. Ramsby, for the disposal of the necessary tags. These can be secured from Mr. Ramsby at the court house any day.

Funny Bunny at the Temple.
 John Bunny, the Vitagraph comedian, who has caused millions of people to weep and wail in the throes of laughter by his funny antics and facial expressions, will be one of the big features of the bill at the Temple theater this evening. Bunny and Miss Flora Finch play the principal parts in a two reel button-burating comedy, "The Fued," which starts tonight at the local show house.

Here for Club Dance.
 Miss Aimee Wing and Miss Kitty Thompson came down from Eagle Ridge Tavern to be among "those present" at the Klatawa Club dance Wednesday evening, when the club gives the first of their winter series of hops at the White Pelican hotel.

There are two kinds of insurance. Chilcote writes the kind that pays. 635 Main street, phone 66. 16tf

PINE TREE LUMBER COMPANY STARTS PRELIMINARY WORK. INDIAN WOMAN DIES—OTHER RESERVATION NEWS

(Herald Special Service)
 KLAMATH AGENCY, Oct. 28.—There are prospects of another sawmill to be erected at Modoc Point, as workmen are erecting houses in which to store the plans of the Pine Tree Lumber company over the winter. This company is figuring with the government for the purchase of 16,000,000 feet of Indian timber on the west side of Williamson River. The deal involves the right of the company to drive their logs down Williamson River to the proposed mill site. Whether the mill is built or not depends upon the action of the department of the interior in this respect, as some of the Indians are making objections to the use of the river for driving.

Harrison Brown, one of the wealthiest stockmen on the reservation, was down from Yainax Sunday to attend the funeral of Mrs. Nellie Chickaskane, who died Friday afternoon, following a long illness. She was the widow of the late Quimby Chickaskane, who was killed by another Indian on the reservation two years ago. Mrs. Chickaskane is survived by a 2-year-old child, her mother and sisters and brothers. She was known and respected all over the reservation. The funeral was held Sunday afternoon at the Hill cemetery.

Edwin Wilson attended to business matters in Klamath Falls on Tuesday.

Forest Supervisor J. M. Bedford and wife have gone to Klamath Falls on a visit.

Reservation Superintendent H. G. Wilson and Agent Edson Watson went to Klamath Falls Saturday. From there Wilson returned to Roseburg, and Mr. Watson journeyed back to the Agency in his auto.

There was considerable grain threshed on the reservation this year. The greater part of the crop was at Modoc Point, which is the most valuable part of the reservation. Modoc Point boasts of the heaviest yield of oats.

Stonewall Jackson, in addition to being one of the leading speakers on the reservation, is also coming to the front as a fruit raiser. He raised apples at Modoc Point this year that are second to none in quality.

Joe Ball is a Tuesday visitor in the county seat.

COUNCIL ACCEPTS SCHOFIELD GIFT

VOTE OF THANKS IS TENDERED THE DONOR FOR THE BEAUTIFUL FOUNTAIN GIVEN TO THE CITY

A letter from L. M. Schofield to the mayor and council, tendering to the city the tasteful Corinthian fountain now on display in the window of the Baldwin Hardware company, was received and read at last night's meeting. The gift was accepted by the council, and a vote of thanks was tendered the donor.

Mr. Schofield, whose artificial stone is being used in the construction of the new court house, stated in his letter that the fountain is to be installed when or where the council pleases. Several possible sites were discussed, but no action was taken.

Housekeeping rooms, near bridge.

For Sale or Trade

100 acres good land, 6 miles from Falls, 3 miles from Midland, all under ditch; well fenced with woven wire and well improved; 60 acres in alfalfa; deep sandy soil. Price \$60 per acre. Will take a modern house in Klamath Falls, Rogue River Valley or California as first payment, and give easy terms on balance. Above land lies close to school, and in excellent neighborhood. See CHILCOTE 635 Main st. Phone 66

HIS FIRST MUNSINGWEAR

It's always a big event, the first Munsing Union Suit. Not even that distant day, when Billy climbs into long trousers for the first time, is to be compared to it. All his lifetime he can wear Munsing Union Suits, but how he does enjoy the comfortable "feel" of his first nice, soft, form-fitting little Munsing Suit!

And the makers of Munsingwear, they know well enough how tender and delicate Billy's skin is at the age of 18 months, and how easily irritated.

But they've made Munsingwear so soft, so elastic, so well and carefully, that it doesn't irritate anybody's skin, and they've cut and shaped it so perfectly that it FITS, and therefore doesn't bind or bulge or wrinkle or gap open anywhere.

And Mother knows so well that the wash tub holds no terror for Billy's or Papa's or her own Munsingwear, because a Munsing Fit won't wash out. When she goes to buy underwear, she remembers that somewhere she has seen or heard this: "Don't say underwear, say Munsingwear"; so the whole family is comfortably underclothed in Munsingwear the year 'round.

We'll show you Munsing Union Suits for the little folks at 50 cents and up to \$2.50; and for Ladies at 50 cents and up to \$3.50.

This Year's Grain Crop in Klamath County Is Estimated at One Million, Two Hundred Thousand Bushels

One-third more grain has been produced in Klamath County this season than has ever been produced before. This has been due mainly to the fact that we have in the last twelve months had quite an influx of new farmers. Within the next year there will be a great many more farmers coming into this county. This will mean increased business in the city of Klamath Falls. More business houses will be required to cope with the increase of trade. More workmen will have to be brought in. These workmen will require homes to live in. Property values will increase with the increased business. We have some choice locations which can be bought at a reasonable price on easy terms. Why not buy one of these lots, build on it and assure yourself of from 15 to 20 per cent interest on your investment? This is an opportunity to let your money make money. Why not take it? Call at our office for information as to good building locations.
