JAPAN LEADS IN WHITE SLAVERY

INFLUENTIAL NIPPONENSE PAPERS START A BIG CAMPAIGN, SAYING NOTORIETY IS RUINING THE NATION

United Press Service

TOKIO, Oct. 28.—That Japan leads all nations in open "white slavery" is the charge of the Japan Mail, which states that there are more than three million girls and young women in the public houses of prostitution in Japan. Thoughtful, intelligent Japanese have been considerably aroused by the campaign of Professor Hiranuma of the Waseda University against this evil.

Professor Hiranuma recently declared that the "Geisha is ruining Japan." Little can be done, however, as long as the government gives such public houses a concession and license to do business.

It is pointed out that Japan is obtaining a world wide reputation for immorality. Bishop Cecil, in Tokio, has published protests in the Jiji Shimpo and Kokumin, received by him from his church people in Singapore and other cities in the Malay Straits, against the flooding of those places with immoral Japanese women.

The desire is expressed that the English and Japanese governments get together and agree upon a plan by which the admission of such women in the Malay cities will be made next to impossible.

HOCKIN ACCUSED CHIEF DYNAMITER

ATTORNEY FOR DEFENSE LAYS BLAME ON HIM AND CLASSES HIM WITH THE McNAMARAS AND McMANIGAL

United Press Service

CHICAGO, Oct. 28.—In the arguments in the case of the leaders of the Ironworkers Union Appeal from the decision some time ago of the federal circuit court at Indianapolis, which court pronounced them guilty, and imposed sentences in the federal penitentiary at Fort Leavenworth of various times of confinement, Attorney Chester Krum today scored H. S. Hocking most severely, and labeled him as a dynamiter of the stripe of John and James McNamara and Orly McManigal. He asserted that only Hocking and the McNamaras, beside McManigal, knew of the dynamiting plots, and that the other accused ironworkers were innocent and ignorant of the crimes.

Mrs. Hockin was present at the court, and listened to the arraignment of her husband without emotion.

The defendants will conclude their arguments this afternoon, and Prosecuting Attorney Miller will reply, either this afternoon or tomorrow morning.

South for the Winter.
W. S. James, who leaves this evening for Los Angeles, has been busy all day bidding goodbye to as many of his friends as he could talk with. Mr. James will probably return in the spring, as he usually spends the winter months in Southern California or Arizona and the summer months in Klamath county. He owns considerable property in this city and, it is rumored, there are other "interests" that will draw him back.

SOX-GIANT TRIP A COSTLY JAUNT

WILL CARRY SEVENTY-FIVE PEOPLE—THE EXPENSES WILL BE ABOUT \$1,500 EACH—PLAY AT MEDFORD SOON

A ten-day stopover is allowed on the tickets being sold for the Herald special baseball excursion to Medford. These tickets are retailing at \$6.30, good for the round trip, and can be secured at the Herald office.

The tickets are being sold with a proviso that if a hundred are not sold the money will be refunded. This advance sale is being made to assure the railroad company that a special train is needed to take Klamath Falls fans to see the Giants and White Sox play at Medford Monday, November 17th.

Seventy-five people will go on the round-the-world tour being made by the New York Nationals and the Chicago Americans.

President Comiskey of the Chicago club has announced that there will be fifty in his party when the steamer sails from Vancouver November 19th, and the Gotham delegation will number twenty-five.

Each tourist's fare will amount to at least \$1,500, but there will be countless minor expenses in addition. One-half of the check to cover the transportation of the globe-circling crowd from Vancouver to Port Said has been delivered into the keeping of the steamship company, which has contracted to carry the seventy-five tourists to the Far East.

Several weeks ago the first installment, \$11,200, was paid by President Charles A. Comiskey of the White Sox and Manager John J. McGraw of the Giants. At a second meeting of these baseball men on September 16 another check was written for \$11,200. On October 10 the third and last payment of \$23,400 was made, the total amount, \$45,000, to be applied toward the expenses of the party to Port Said.

That this colossal undertaking is one in which a fortune must be expended to carry out the plans laid down by the promoting forces is evident from the fact that both Comiskey and McGraw will be prepared to write additional checks for \$100,000 more to defray expenses from Port Said through the last laps of the world tour.

Fifty-five great irrigation projects, involving nearly 10,000,000 acres of land, are under consideration for India.

Baltimore Bride, Millionaire's Son

Rumor had it when Miss Frances S. Dixon, the Baltimore belle, wedded Childs Frick, son of the Pittsburg steel millionaire, that he had settled on the couple \$12,000,000, and had now given \$1,000,000 to the bride. Now Mr. Frick makes denial. He did not give his son any such sum. But he did hand the bride a plain envelope before the ceremony. Inasmuch as she didn't open it before leaving on her wedding trip, no one except Mr. Frick knows its contents at this time.

Mrs. Dixon, it has been said, was one of the most beautiful girls of Baltimore society. Her family has long been known in the highest social circles of the city.

Wife Swallows Diamond
During a quarrel with her husband, Mrs. Joseph Faulkner of Tulsa, Okla., swallowed a diamond valued at \$600 to prevent her husband taking it. He threw a brick at her, and he was arrested and placed under bond.

Husband and Wife on Jury
At Spokane, Wash., W. E. Pengelly and wife were both called to sit on the jury with her husband, saying that she had promised to "love, honor and obey" him, consequently would do his bidding. Superior Judge W. A. Huke refused to sustain the objection.

Here to Visit.
Mrs. C. F. Shepherd of Ashland and son, Cale Shepherd, are here visiting their son and brother, E. T. Shepherd, of the Piano Depot.

An extensive industry is being developed in the north of England, at Middlesborough, based on the utilization of blast furnace slag. Several companies are now engaged in the work, and apparently successful.

"If we were strong enough to overpower the police it would be a fairly simple matter to enter a minister's house, and the cabinet which does not care about a private citizen who has had his property destroyed would soon take notice of a more personal annoyance.

"Cabinet ministers have always advised us to make ourselves extremely disagreeable, so of course we must, and as it seems clear that the vote can only be won by force, it is for us to be drilled. We could have got into Downing several times recently if our people had only known how to keep together, and once we had got there who knows what would have happened."

This Year's Grain Crop in Klamath County Is Estimated at One Million, Two Hundred Thousand Bushels

One-third more grain has been produced in Klamath County this season than has ever been produced before. This has been due mainly to the fact that we have in the last twelve months had quite an influx of new farmers. Within the next year there will be a great many more farmers coming into this county. This will mean increased business in the city of Klamath Falls. More business houses will be required to cope with the increase of trade. More workmen will have to be brought in. These workmen will require homes to live in. Property values will increase with the increased business. We have some choice locations which can be bought at a reasonable price on easy terms. Why not buy one of these lots, build on it and assure yourself of from 15 to 20 per cent interest on your investment? This is an opportunity to let your money make money. Why not take it? Call at our office for information as to good building locations.
