**RECLAMATION SERVICE ACTIVE THERE. MOVE TO ENLARGE SCHOOL DISTRICT. OTHER ITEMS OF INTEREST.**

(Herald Special Service)

**MALIN, Nov. 7.**—The work on the reclamation ditch is nearing completion. The work has been more thorough than at any time since its construction.

C. M. Kirkpatrick and family visited at H. E. Wilson's last Sunday. Mr. Kirkpatrick and Mr. Libby are running a successful dairy on the Libby ranch.

Not much interest was taken in the recent election. Only thirty-one votes were cast in the Malin district.

Arthur McKoen has moved from Steele Swamp and is now living on the Kattenbom ranch.

An effort is being made to enlarge the boundary of school district No. 35 by taking a part from the Malin district.

W. W. S. Adams and family are touring California. Mr. Adams was formerly a merchant at Malin.

Rev. Ahlson of Merrill filed his regular appointment at Shasta View

November 24. He contemplates a revival service beginning at that place about November 9th.

Tom Woods, living on a quarter section of the reserve, has a young orchard that produces excellent fruit. The soil is also well adapted to raising fine watermelons and potatoes.

## Is It Your Kidneys?

Don't Mistake the Cause of Your Troubles.

Many people never suspect their kidneys. If suffering from a lame, weak back or aching back they think that it is only a muscular weakness; when urinary trouble sets in they think it will soon correct itself. And so it is with all the other symptoms of kidney disorders. That is where the danger often lies. You should realize that these troubles often lead to dropsy or Bright's disease. An effective remedy for weak or diseased kidneys is Doan's Kidney Pills. Residents of this vicinity are constantly testifying.

Mrs. Grace Skeeters, 6 W. Jackson St., Medford, Ore., says: "I can recommend Doan's Kidney Pills highly for kidney complaint and pain and stiffness in the back. They relieved me when I had these troubles. I have been well ever since."

## LETTERS FROM THE PEOPLE

I have been studying carefully the articles on "What the Tariff Will Do for Us," which have been running in your paper for some time, in an effort to find out where I and my kind of people will come in for the benefits of the new tariff law, and have come to the conclusion that your correspondent hit the nail on the head in last Wednesday's issue, when he starts his article by saying, "While the whole trend of the new tariff law upon the American 'market basket' is toward cheapening the cost of wares, it is extremely doubtful if much real benefit will be felt by Mr. Common People when he goes to the grocery store," and further on he intimates that the small margin by which some articles could be reduced will likely be kept by the jobbers, wholesalers and retailers, presumably to buy bacon and beans, so it will not be available for the working class for buying gasoline for their automobiles. Sugar, he says, may be 1 1/2 cent cheaper by 1914—unless the American sugar refining companies get their trust perfected by that time and give us the surprise of our lives by raising it that much when we had fondly hoped they would put it down. The statement with which your correspondent opens his article, coming as it does from a staff writer for the United Press, will no doubt be a keen disappointment to the many working people who voted for Wilson and who believed that the Democrats headed, or at least seconded by the great "commoner," would bring them relief.

It will be a severe shock for those working men and women who with their hard earned cash helped August Belmont and Thos. F. Ryan to finance the Democratic campaign. The only people who will not be disappointed are the Socialists, for "happy is he who nothing expects and nothing gets."

They said long before election that a change from one old party to another could not possibly help the workers of the nation.

The last few years have been strenuous ones for the working folks. Work has been scarce in many parts of the country, and the cost of living so high all over that it has been a struggle with the majority to make ends meet, let alone put by anything for the proverbial rainy day, which is sure to come. Of course, it is some satisfaction to a man out of a job to remember that "our" railroads have in the last twenty years made a net profit about three times as much money as has been coined in the United States, but if we should still have some misgivings about a hard winter, with no work and no credit, he should keep in mind that the corporations in this country, for the fiscal year just ended, "earned" \$3,302,000,000 above all expenses.

When the industrious housewife goes to the store to order her groceries she may sigh at seeing many things which she would like to have but can't afford, she should cheer herself with the thought that this country yearly produces \$150,000,000 worth of goods which the American people can't consume and for which

## This Year's Grain Crop in Klamath County Is Estimated at One Million, Two Hundred Thousand Bushels

One-third more grain has been produced in Klamath County this season than has ever been produced before. This has been due mainly to the fact that we have in the last twelve months had quite an influx of new farmers. Within the next year there will be a great many more farmers coming into this county. This will mean increased business in the city of Klamath Falls. More business houses will be required to cope with the increase of trade. More workmen will have to be brought in. These workmen will require homes to live in. Property values will increase with the increased business. We have some choice locations which can be bought at a reasonable price on easy terms. Why not buy one of these lots, build on it and assure yourself of from 15 to 20 per cent interest on your investment? This is an opportunity to let your money make money. Why not take it? Call at our office for information as to good building locations.

markets must be found elsewhere. Did I say, can't consume? Perhaps can't afford to buy would be nearer right.

Now, there are only two things which you working people need to have done. One is to give you the power to exercise your right to work. The other is to keep the capitalist from robbing you of what your work produced. You will never get any of those while you are voting the capitalist class into office. You must not expect the good folks to give up their profits, while the sweet thing is coming their way to the tune of \$3,302,000,000 a year. People do not commit suicide while in such prosperous condition. Neither is the Socialist going to lead you out of bondage. They would not want to if they could, for if you can be "led" out by one party you can be led back by another; but the Socialists would like to have you study popular government, so that when the time comes, when you and the rest of the workers

can stand the pressure no longer, you will know what to do and how to do it.

You had better begin to think these things over now, or perhaps you prefer to wait till your backbones are worn a few blisters on the stomach? JOHN AUSTAD

Room and Board by Week or Month, \$1.00 PER DAY  
Table Board, \$6.00 PER WEEK  
Two Meals a Day, \$4.50 PER WEEK

A limited number of men can now obtain quarters at this place. Lack of room makes it impossible to accommodate more than a few more in addition to those who now make this their home, but there is room for a few. The first applicants will be the fortunate ones. The Oregon House is the most home-like place in Klamath Falls, and it isn't necessary to say a word about the table.
