EAST AND MIDDLE WEST ARE IN GRIP OF STORM

SPORTSMEN'S CLUB PLANNING TO PROVIDE NEEDY PEOPLE WITH THE BIRDS FOR THANKSGIVING DINNER

HUNTER SAVIDGE FORMULATES SPLENDID PLAN FOR THE LOCAL SHOOTERS

President of Organization Plans a Big Duck and Goose Shoot by Members of the Association, and the Distribution of These Choice Game Birds to People Who Are Not in a Position to Buy Turkeys.

"Thanksgiving birds for all" is the latest campaign to be taken up in Klamath Falls.

This idea is one that will be presented at tomorrow night's meeting of the Klamath Sportsmen's Association by Hunter Savidge. Coupled with the pleasure of a shoot, he puts the replenishing of otherwise depleted herds.

The plan outlined is for the members of the Sportsmen's Association to go for a big duck and goose shoot before Thanksgiving.

The birds killed will then be distributed to families whose tables would otherwise be sans birds. A wild duck or goose, in the minds of many, ranks ahead of any other form

Hunter Savidge

of delicacy. Members of the club are very enthusiastic over the project. Some further advise distribution of other things that go to make up a Thanksgiving repast.

A meeting of the organization will be held tomorrow evening. At this time plans will be outlined for the club's annual meeting, which will be held the succeeding Tuesday.

A big banquet is to be one of the features of the annual meeting. Officers will also be elected at that time.

HILL WILL NOT VISIT KLAMATH

EMPIRE BUILDER AND PARTY ARE OBLIGED TO ABANDON THEIR PROPOSED TRIP HERE AND RETURN EAST

James J. Hill, railroad builder, and his party of financiers and railroad men will not visit Klamath Falls, as they expected. Instead, they will return at once to the East.

This information was received by Secretary Wyde of the Klamath Chamber of Commerce, in response to a telegram sent the Portland Commercial Club. Urgent necessity for the presence of the party in the East by the 15th is given as the reason for the change of plans.

Attention, Game Warden.

L. M. Schofield and his superintendent Billy Conzelman, went fishing Sunday, and caught two ducks. They had no gun, so the supposition is they caught the duck with a baited hook. The solving of the mystery of the two ducks is up to the game warden.

Lodge Meeting.

Klamath Lodge No. 77, A. F. & A. M. will meet tonight in regular stated communication.

Spanish Queen and Newest Baby

This is one of the few photographs taken of the new royal baby of Spain, born last June. He is Prince Juan.

ROAD PROGRESS AT CRATER LAKE

GENERAL SUMMARY IS PREPARED BY U. S. ENGINEERS IN CHARGE OF THE CONSTRUCTION DURING THE SUMMER

Work by the government upon Crater Lake roads during the season of 1913 is thus summarized:

Camp No. 1, located on Sand Creek, comprising sixty men, in addition to temporary roads, constructed 24,500 The Bible school attendance reached 165, with an offering of \$4.58.

Mrs. Esson, state Bible school superintendent, will visit this city next Sunday, and deliver some addresses on Sunday school work. She comes as an experienced worker, and all interested in the Sunday school should hear her.

The new motto for attendance is 200. The Christian Endeavor is pulsating with new life. The membership is increasing, while the rooms are crowded at each service.

Firmen's Hall Next.

Tickets for the Thanksgiving Eve Ball by the Klamath Falls Volunteer Fire Department are being prepared, and will soon be out. A six-piece orchestra will furnish music for the dance.

TRAINS DELAYED, WIRES DOWN ALL OVER THE EAST

SEVERAL CITIES ARE ISOLATED BY STORM

Delegates to Conventions Scheduled for Today at Columbus, Ohio, Are Delayed in Passenger Trains Several Miles From That City—Loss in Michigan Has Already Passed the Half Million Mark.

United Press Service

COLUMBUS, O., Nov. 10.—As a result of a thirty-six hour snowfall, steam and electric roads are stalled all over the state and electric wires are crippled.

Cleveland, Akron and other cities are completely isolated.

Thousands of delegates to the anti-Saloon League national convention and the minor baseball league meeting are delayed in their trains from here.

The average snowfall throughout the state is from 8 to 10 inches.

United Press Service

PITTSBURG, Nov. 10.—A heavy snowstorm is sweeping the entire East. It started early Sunday. This morning there was a fall of eleven inches. This breaks all previous November records.

United Press Service

WASHINGTON, Nov. 10.—Practically the entire country west of the Mississippi is stormbound, from Florida to New England.

Heavy snowstorms are reported, especially in Virginia, Southwestern Pennsylvania and Maryland.

Killing frosts are reported in Georgia, South Carolina and as far south as Florida.

This morning there was a 68-mile gale at Buffalo.

Winds, driving before them sleet, snow and chilling rains, are reported all along the Atlantic seaboard.

ON HIS WAY TO HAWAII ISLANDS

Win McCoy, who has been in the employ of the Gordon & Baldwin Auto company the past summer, left this afternoon for San Francisco, from which port he will sail soon for Honolulu to spend the winter.

Mr. McCoy will return to Klamath county in the spring, and has been engaged by Gordon & Baldwin for next summer.

Fraudulent Methods in Alfalfa Seed Sale

WASHINGTON, D. C., Nov. 10.—Recent investigations by the department of agriculture have revealed the fact that large quantities of ordinary alfalfa seed are being offered for sale under the name of Grimm. It has also been found that large quantities of alfalfa raised under irrigation are being sold as northern-grown dry-land seed.

In cases of some of this seed it was found that it was not even domestic seed, but was wholly or in part imported Turkistan seed. This practice of selling other seed for Grimm results in the farmer paying from 40 cents to \$1 or more per pound for seed which would otherwise sell from 12 to 20 cents a pound, and inasmuch as the ordinary seed is not as hardy as Grimm, the first severe winter may kill the entire crop.

The original Grimm alfalfa sown in Carver county, Minn., has undergone a natural cross with the common variety which, together with its exposure to numerous severe winters which have eliminated the weaker plants, has made it one of the hardiest of our commercial strains. The seed was produced originally in Minnesota, but talks of the true variety since grown in Dakota, Montana and Idaho indicate that these lots are all of equal value and are quite as hardy as those grown in Minnesota.

As it is difficult to detect substitutes for Grimm in the seed, the farmers are urged to buy Grimm only from reliable dealers, and, as far as possible, to trace the seed back to its source. In many cases the retailers are not deliberately perpetrating a fraud, as they have purchased this seed for Grimm and sell it in the belief that it is Grimm.

This seed has become very popular in regions of cold winters, and is now used not only in the Northwest, but in the East, particularly in northern New York and New England. Similarly it is found that in the dry land regions where the winters are severe and there is little snow fall and comparatively little moisture the northern alfalfa seed grown in cold regions on dry land is especially useful. Much of this seed comes from Montana, and it is found that unscrupulous dealers have been taking seed raised under irrigation in that state and selling it as Montana dry-land alfalfa seed.

BASKET SOCIAL A BIG SUCCESS

MORE THAN A HUNDRED DOLLARS RAISED AT CARR SCHOOL.—PROGRAM, DANCE AND RACE WERE FEATURES OF AFFAIR

(Herald Special Service)

MALIN, Nov. 10.—One of the most successful affairs of the kind ever held in this section was the basket social at the Carr school house Saturday night.

Twenty-three baskets were sold by Auctioneer Baker, and a total of \$117 was realized thereby. Of this sum \$10 was contributed by Laton Stev-

ens, the Beau Brummel of the reclamation service.

The evening's entertainment opened with a well rendered literary program, after which came the auction. The remainder of the evening was spent in dancing.

A race between Kinney & Sullivan's two mules pulling a wagon and seven men and A. Kalina's team hauling a freight-laden wagon was a feature of interest to those on their way to the entertainment.

Kinney & Sullivan caught up with the freight wagon on the way to the school house, and a race for the school commenced. Just as the mules were about to gain the lead somebody in the freight wagon waved his hat, and the long-eared steeds ran into a ditch.

The front axle of the wagon was broken, and Kinney, Sullivan, Laton Stevens, Jack and Jim Corkery and Ed Probst were scattered along the road for a distance of a hundred yards. None were injured.

MANY ATTEND THE SERVICES

MORE THAN A HUNDRED PRESENT AT THE PREACHING SERVICES—BIBLE SCHOOL SUPERINTENDENT TO VISIT

The services at the Christian church Sunday were very encouraging. There were 170 present at the preaching service and one accession to the church.

feet of permanent road from the east entrance to the park to the crater's rim at Sand Creek Notch. This road next year will be resurfaced.

Camp No. 2, from the lake, working toward Steel camp, graded a mile or more, brushed and cleared several miles and surfaced half a mile in sections to test the materials and grades of rock, to ascertain the best surface for adoption.

The 6 1/2 miles of road extending from the southeast entrance of the park to Sand Creek Notch, or properly known as Kerr's Notch, passes by the picturesque pinnacles in Sand Creek, which form a veritable "Garden of the Gods." The road has no sharp curves, and 1 per cent grade is the steepest.

Next Tuesday Is Apple Day—Eat Lots of Them

(Herald Special Service)

CORVALLIS, Ore., Nov. 10.—"If every person in Oregon eats one apple on Apple Day, November 18th, we shall consume twelve carloads of apples that day," said Professor C. I. Lewis, head of the horticultural department, Oregon Agricultural college, in answer to the question of how best to celebrate the day.

"And should we see that each person is supplied with one box of apples, we should have removed one-half of the Oregon crop from the market this year.

"In buying apples be sure to get the varieties that are fit to eat. Such varieties as Ben Davis and Gano are not suitable for fall use, and we should look for such as the Jonathan, Grimes Golden, Delicious, Wagener, Ortley and Spitzenberg, which are in good eating condition at this time.

"We can increase the consumption

of apples in the United States only by educating the public to know the best varieties.

"In our homes let us try a new recipe for preparing the apple. There are 197 ways announced in papers and booklets for preparing and serving apples. Try one or more of these ways.

"The hotels are planning special apple menus and the restaurants should be asked to offer cooked apples in many forms. And every train that comes into Oregon on Apple Day should be supplied with fruit, thus advertising to the tourist the wonderful qualities of our apples.

"Apple Day has been celebrated in the East, and most encouraging reports come from Rochester and Buffalo. More apples were sold and consumed on that day than ever before, and a great stimulus has been given the use of apples."

KLAMATH DISPLAY IN S. P. OFFICE

KLAMATH DEVELOPMENT COMPANY PREPARING A COMPREHENSIVE EXHIBIT FOR FLOOD BUILDING, SAN FRANCISCO

Klamath county's products are to be further advertised. The Klamath Development company has arranged to have a display in the offices of the Southern Pacific in the Flood building, at San Francisco.

Frank Guilford is collecting the various products. He is being assisted by Secretary Wyde of the Chamber of Commerce. Any specimens submitted will be gratefully received.

A meeting of the Cascade Club will be held tomorrow afternoon at the home of Mrs. Fred B. Bremer, on West Main street.

Laborites Are at Seattle

Federation Has Many Questions to Be Settled

SEATTLE, Nov. 10.—Labor chiefs from the entire country gathered here today for the thirty-third annual convention of the American Federation of Labor. Headed by President Samuel Gompers, they prepared for a two weeks' convention in which vast problems will be discussed, union jurisdiction settled, and a president elected. Officials of the Federation today predicted Gompers' re-election. Opposition, if it arises this time, will be inconsiderable, the chiefs believe.

The chief jurisdiction dispute is likely to be that of the steam shovel men, who for some time past have had internal trouble over the proper membership for their organization. Other minor disputes are expected to be settled without particular trouble. Minimum wage legislation, especially for women, will be one of the biggest problems before this session. The labor chiefs, believing that the minimum wage for women workers is a proper solution of low pay at this time, will urge that the Federation go on record in favor of it.

'Sheriff' Morley Isirate

Wants to Testify; Threatens to Tell McReynolds

The following is an extract from a Los Angeles despatch in the Oregonian relating to the trial of Dr. John Grant Lyman of the Panama Mail company, accused of using the mails for fraudulent purposes: "F. W. Morley, acting sheriff of Klamath Falls, Oregon, who helped recapture Lyman after his escape from an Oakland hospital two years ago, and to whom, it is alleged, Lyman offered \$2,000 for an opportunity to escape, made a formal demand on Edward A. Regan, special prosecutor, that he be permitted to testify at once and return to Oregon to attend to urgent business.

"Regan refused, and Morley threatened to appeal to Attorney General McReynolds at Washington." It is a well known fact here that there is anything but friendship between Morley and the sheriff's office here. Morley has acted in the capacity of a special officer during the last year, but this has always been in connection with the office of District Attorney Irwin.

"Morley has no connection at all with the sheriff's office," said Sheriff Low today. "If he has any right to style himself acting sheriff it did not come from me, and the article in the Oregonian was the first I knew of it."
