

Water Users Given Further Time for Paying Construction Charges of Year

NO ACTION TOWARD COLLECTION WILL BE TAKEN BY GOVERNMENT BEFORE MAY 1 OF COMING YEAR

ONLY NECESSARY TO PAY ONE-THIRD INSTALLMENT AT THAT TIME

A More Complete Interpretation of the Order is Made by the Department of the Interior, in Order to Avoid Any Misunderstanding—The Matter is Taken Up by Klamath Water Users Through Congressmen

The following telegram, relating to building charge payments, has been received from the department of the interior:

Abel Ady—To prevent any possible misinterpretation of the public notice of June 23, 1913, and for the benefit of project managers in carrying out the instructions contained therein, and for the purpose of allaying the fears of water users in respect to the intent of said public notice, Secretary Lane directs the following official statement to be made. The installment of building charges which falls delinquent on December 1, 1913, is reduced to one-third of the installment, and the installment of building charges, which fall delinquent on March 1, April 1 and May 1, 1914, respectively, are reduced to one-third of the installment, but not less than 10 cents per acre in any case.

No proceedings for cancellation on account of delinquencies previous to the dates above stated will be taken until the dates named. The installments which become due on these dates will not become delinquent and payable until the expiration of twelve months thereafter. Kindly acknowledge receipt.—W. A. Ryan, Comptroller.

In order to make perfectly clear its meaning, the local reclamation service officials wired for further information, and today received the following:

Telegram of 10th states that no proceedings for cancellation on account of any delinquencies prior to May 1, 1914, will be taken before that date. December date has no significance with reference to Klamath project.—Ryan.

In reply, Mr. Ady sent the following:

W. A. Ryan, Washington, D. C. Relief order satisfactory. Letters sent Ady by secretary and comptroller. Abel Ady

The question of a proper interpretation of the order issued in June was taken up with the department by Congressman N. J. Sinnott, upon his return to Klamath Falls. Just before the above telegram was received by

Congressman Sinnott, Active in Water Users' Behalf

sent the following: Abel Ady—Presented your telegram to Comptroller Ryan this morning. Under instructions of Secretary Lane he today wired the project engineers a statement covering the manner of payment of charges. Let me know if this arrangement does not give relief.—N. J. Sinnott.

The following statement regarding the ruling is made by Abel Ady, president of the Klamath Water Users' Association:

"This order, as we construe it, suspends until May 1, 1914, action for the collection of construction charges now delinquent. No further extension is authorized for the payment of the operation and maintenance charges of 1913, and that charge should be paid before November 30, 1913.

"All unpaid dues to the Klamath Water Users' Association should also

LIND IS ACTIVE IN MEXICO CITY FOR PRESIDENT

TRYING TO ARRANGE ANOTHER ELECTION

Ambassador is at Work Sounding the Elements of the Dictator, Trying to Learn Their Choice of Candidate for Provisional President, Diaz, Denies Reported Advice to Huerta to Resign Office.

United Press Service WASHINGTON, D. C., Nov. 12.—Another serious attempt on the part of the United States to secure an agreement between warring factions in Mexico is in progress.

It has been learned that Ambassador Lind is in Mexico City sounding the elements of Huerta. He wants to learn the name of candidates who would be suitable for provisional president, and who would meet the approval of the Carranza faction.

In case such action is secured, true negotiations will be started.

This is the chief plan of the administration right now.

Paris, Nov. 12.—Portia Diaz today denied inspiring the cablegrams that advised Huerta to resign.

Huerta's action is no business of mine, he said. If my friends called they acted on their own responsibility, for they never consulted me.

PRISONERS ARE GIVEN JOY-RIDE

SHERIFF LOW ESTABLISHES A PRECEDENT IN THE TREATMENT ACCORDED MEN IN JAIL AWAITING TRIAL

In some penal institutions, it is said, prisoners are fed daily on bread and water; in some they labor industriously fourteen hours a day at such easy tasks as breaking rock, making stoves, etc., while in others they are merely kept in their cells.

Sheriff Low today established a new custom in the treatment of prisoners. He took three of them for a ride in his automobile.

The guests were Bob Pettus, M. Clark and Eugene Sexton. All these men have been in the county jail several months, awaiting the December term of court.

STORM EXACTS FEARFUL TOLL FROM SHIPPERS

MORE WRECKS ON GREAT LAKES REPORTED

Winds Sweeping That Section Are Still High, but Boats in Various Ports Are Preparing to Sail—Shipping Interests Conservatively Place the Loss at More Than Two Million Dollars.

United Press Service DETROIT, Nov. 12.—The seas are still very high on the Great Lakes, but most of the vessels held in port by the fury of the storm are preparing to sail.

Shipping interests estimate the loss to marine activities at more than two million dollars. The list of dead will run close to a hundred.

Ten corpses were removed this morning from the wreck of a freighter north of Port Huron.

It is estimated that on Lake Superior alone a million dollar loss resulted from the storm.

The crews of two steamers sunk on the rocks in the various lakes, but none of those are in imminent peril.

United Press Service GOODRICH, Ont., Nov. 12.—Wreckage found along the shores of Lake Huron indicates that the James Carruthers, the largest grain boat owned by the St. Lawrence and Chicago Navigation company, a Canadian firm, has been wrecked.

The Carruthers was a new boat, and sailed from Port Williams on November 5th, with a crew of 22.

United Press Service BUFFALO, Nov. 12.—Superintendent Lloyd of the Mutual Transit company has received a telegram which reports the loss of the steamer Northern Queen on Lake Huron, near Kettle Point, Ont.

United Press Service MENOMINEE, Mich., Nov. 12.—The tug Martin arrived here this morning after a twenty-four hours' battle with the storm. The officers reported that the barge Plymouth, which was being towed off St. Martin Island, Lake Michigan, parted her tow and sunk, with all on board. Seven men were lost, including Deputy Federal Marshal Keenan of Menominee.

"Skeeter Bill" Robbins left today for the Adams ranch, near Merrill, after a short visit in the county seat.

berlain bill, which follows: Mr. Chamberlain introduced the following bill, which was read twice and referred to the committee on public buildings and grounds.

"Be it enacted by the senate and house of representatives of the United States of America, in congress assembled: That the secretary of the treasury be, and he is hereby, authorized and directed to acquire, by purchase, condemnation or otherwise, a site, and cause to be erected thereon, a suitable building, including fireproof vaults, heating and ventilating apparatus, and approaches, for the use and accommodation of the United States postoffice and other federal offices at Klamath Falls, in the state of Oregon, the cost of same not to exceed \$100,000."

LOCAL ATTORNEY MAILED COPY OF CHAMBERLAIN'S MEASURE APPROPRIATING \$100,000 FOR FEDERAL BUILDING

Attorney Rollo C. Groesbeck, who has been working in the interests of a federal building for Klamath Falls, is in receipt of a copy of the Cham-

John P. Mitchel, Anti-Tammany Mayor of New York City

John Purroy Mitchel, who has just been elected mayor of New York city over Judge Edward K. McCall, the Tammany candidate, is about 35 years of age, and is, therefore, the youngest man yet to be elected to that office. Mr. Mitchel is the nephew of Henry D. Purroy, who many years ago organized the county democracy to fight Tammany hall. He is honest, of the

radical type. He is very cold and suspicious. Never has a word been breathed against his integrity. His friends believe he will quickly become a national figure as mayor; his enemies that he will ruin himself by his radicalism. He won the nomination of the fusion party in New York through the backing of President Wilson.

RENEW FIGHTING IN OLD MEXICO; GUNBOATS FIRE

REBELS REPORTED AS CAPTURING CITIES

Tuxpam is the Scene of Fresh Outbreak Between Federal Army and Navy and the Maderist Supporters. Guerrillas Along the Northern Border Are Adding to the Terrors Experienced There Daily.

United Press Service VERA CRUZ, Nov. 12.—The Mexican gunboats Bravo and Seagosa arrived at Tuxpam and are firing on the rebel forces.

More than a thousand Maderistas, well armed, are attacking the city. It is reported that they have repulsed the federal forces.

Six Americans are in the city.

United Press Service EAGLE PASS, Tex., Nov. 12.—Dispatches state that the constitutionalistas have captured several small towns below Piedras Negras.

Colonel Guardado, in charge of the federals at Coahuila, is reported to have been seriously injured in an engagement.

Bandits are operating extensively all over the state of Coahuila.

BASEBALL TRAIN WILL NOT LEAVE

NOT ENOUGH FANS DESIRED THE TRIP TO MEDFORD TO INSURE THE NECESSARY TICKET SALE FOR THE SPECIAL

Just fifty people in Klamath Falls were anxious enough to attend the big ball game at Medford to put up the cash in advance to secure a special train and a one fare round trip rate. As it was necessary to pay the railroad company for 100 tickets before they would order the special train, the excursion has been called off.

From twenty-five to thirty additional people have telephoned that they wanted tickets, but as they failed to send the money it was impossible to guarantee the sale of the tickets. There is no question but that more than 100 people would have been on hand to take advantage of the special rate, but evidently they did not realize that it takes the cash to secure a special train.

Those who have purchased tickets will be refunded their money on surrender of the tickets at the Herald office. For those who desire to attend the game, a special rate of one and one-third fare has been secured by the Herald. This rate will be \$8.40 for the round trip.

Parties can either take the Sunday morning or evening train. The morning train will reach Medford early in the evening. Those leaving Klamath Falls on the Sunday evening train will make connections with No. 14 at Weed at 3 o'clock. They will arrive at Medford at 7 o'clock Monday morning. These tickets can be secured on the day of departure at the depot.

J. C. Mitchell, a well known stock man, is in from Mt. Dome, Calif., calling on local cattle men.

WILL INSTALL A HEATING PLANT

RECLAMATION SERVICE HEADQUARTERS WILL BE KEPT COMFORTABLE BY A HOT WATER HEATING SYSTEM

A hot water heating system is soon to be installed in the headquarters of the reclamation service. It is expected that this will be completely installed in a few weeks.

With the exception of the White Pelican hotel's mineral spring heat, the plant to be installed by the government is the only hot water system in the city.

in on Business.

James S. Henley was in from the Henley ranch Tuesday, attending to business matters.

SEARCH RECITAL LATER IN WEEK

NOTED CELLIST WILL RENDER A CONCERT AT THE WHITE PELICAN HOTEL FOR BENEFIT OF THE HIGH SCHOOL

For the benefit of the high school athletic fund, Frederick Preston Search, violincelloist, will appear in recital at the White Pelican hotel Saturday evening. Tickets are to be sold by high school students.

Mr. Search is regarded as one of the leading "cello soloists of the nation, despite the fact that he is a very young man. His appearance here is hailed with delight by local musical circles.

Shooters to Banquet

Sportsmen's Association Making Big Headway

Plans were made by the Klamath Sportsmen's Association at a meeting held Tuesday evening for the annual meeting of the association, election of officers and banquet, which is to be held next Wednesday evening at the White Pelican hotel.

The meeting was well attended, and a report of the work accomplished since the organization was received with enthusiasm. The organization is now recognized by the state game and fish commission and the state game warden, and all matters affecting the game of Klamath county

are referred to the association for its recommendation. Had it not been for the association the hunters of Klamath county would not have been able to shoot ducks on the river or at Worden. The association has also been very successful in securing trout for stocking the streams of Klamath county, and in the development of the work on the trout hatchery at Spencer Creek.

The annual banquet to be held next Wednesday will be in line with the big goose dinner recently given by

(Continued on page 4)

Bank Makes Changes

Former State Bank Examiner Is Vice President

At a meeting of the directors of the First Trust and Savings Bank last night, Will H. Bennett was elected vice president of the organization, in place of Paul M. Reidy. Mr. Reidy disposed of a portion of his stock to Mr. Bennett.

Mr. Reidy, although he retires as an officer and a director, still retains stock in the bank. He leaves in a few days for Long Beach, Calif., where he and his family will spend the winter. While away, he expects to go East for a visit with his father.

The new vice president of the bank
