

TIMELY ARRIVAL OF FURS

This morning's express brought us a shipment of Elegant

Furs

direct from the Annis Furriers of Detroit so you need not fear the cold.

This shipment of Beautiful Furs allows you a greater selection from which to choose than has ever before been possible in Klamath county. Our motto of buying the best is well known, and in buying our winter Furs we made an extra effort to please our customers by not only buying the best, but buying a greater variety, giving you in fact, an absolutely complete line to make your selections from.

We have Beaver, Japanese Mink, Leopard Coney, Kit Coney, Civit, Badger, Blue and Gray Wolf, Red, Black and Silver Fox, Persian Lamb and many others. These come in taupes, browns, blacks and mixed.

The Dressy Appearance and exceptionally Fine Quality of these

Furs

will insure their ready sale, so you had better get yours at once.

The Stilts Drygoods Company

"WHERE THE LADIES SHOP"

Dental Office Moved.

I have moved my dental offices into rooms 9 and 10 of the White-Madrox building.

21-2t FRED WESTERFELD.

Arrival of Family.

Miss Dorothy, Miss Marjorie, Miss Jessie and William Weeks arrived in Klamath Falls Wednesday night to join their father, Henry J. Weeks, who recently purchased a home at the corner of Grant and Third streets. Miss Dorothy and Miss Marjorie will assist their father in establishing the Weeks Card Abstract System in Klamath county. This is a system originated and perfected by Henry J. Weeks, and now being used by many counties in the United States.

Basement Storage

Parties desiring frost proof storage will do well to consult me.

16-6t h&r W. S. SLOUGH.

There is Only One Best Company

I am well pleased with my three policies in the Mutual Life. I have one policy in another company, which was taken the same day and on the same plan. I did not receive a dividend from this other company until the end of the second year, and then it was not as large as the Mutual Life paid the first year, and it has never been as large.—L. C. Milam.

F. M. PRIEST, Agent.

No Inland City Has Started Out Under More Favorable Conditions as Has Klamath Falls

We have a lumber industry which alone is sufficient to support a city of one hundred thousand. We have enough first class agricultural land to make ten thousand 100-acre farms, much more than is keeping up some of the large cities of the Middle West. We have a fast growing dairying industry which will eventually make Klamath county the largest producer of dairy products in the state. Then we have our railroads, now under construction, which will, when completed, make this city the heart of a vast network running north, south, east and west. Klamath Falls will grow, property values will double before you realize it. Buy now. It means money to you.
