Largest Boxers in Ring to Meet

Carl Morris, the biggest good boxer tonight in the ring, will meet at Madison Square Garden December 2, in a little later Morris will weigh more than 225 pounds when in condition, and Willard will not be less than 210. The smallest of them is therefore as big as Jim Jeffries.

INTERSTATE RAID BY GAME WARDENS

SIX COAST LEAGUE BASEBALL PLAYERS ARE ARRESTED AS A RESULT OF UNLAWFUL DEER HUNTING

Game Warden Hubbard of Ashland was one of a party of game wardens from Oregon and California that made a notable roundup of out-of-season deer hunters Monday of this week, says the Ashland Record. The raid was conducted jointly by the game wardens on a deserted mining cabin on Dutch Creek, near Hutton, on the California side of the border, and yielded six San Francisco Coast League players as prisoners for violations of the game law.

The ball players established themselves in winter quarters several weeks ago. The wives of three of them, Downs, Clark and Hogan, recently joined them. Hogan was left with the women and the other players were taken to Yreka. Upon their return Hogan will report to the authorities at Yreka. The prisoners say they thought they were so far out of the world that hunting was safe, and admit securing an abundance of game. They take their arrest good-naturedly.

NATIONAL SUFF CONVENTION ON

WORKERS FROM ALL PARTS OF THE UNITED STATES GATHER IN WASHINGTON TO BOOST THE CAUSE

WASHINGTON, D. C., Dec. 1.—Leaders in the fight to enfranchise women from practically every state in the Union gathered here today to attend the forty-fifth annual convention of the National American Woman Suffrage Association. Fully 500 delegates are expected in Washington this afternoon.

The opening session of today was devoted to inspection of credentials and to an all-day board meeting. Tonight the executive committee will hold an important session at the Bellevue hotel, and tomorrow the delegates will attend a suffrage mass meeting at which Dr. Anna Howard Shaw, president of the organization; Miss Jane Addams of Hull House, Chicago, and State Senator Helen Ring Robinson of Colorado will speak. Sunday night there will be a reunion.

Suffragists today declared their belief that the present convention is likely to be one of the last before universal suffrage is adopted. They felt that the earnestness of women's demands for freedom in this country will be impressed upon senators and representatives by this gathering.

Among the prominent women here today are Dr. Anna Howard Shaw, Mrs. Carrie Chapman Catt, Mrs. Medill McCormack, State Senator Helen Ring Robinson of Colorado, Miss Jane Addams, Miss Alice Paul, Miss Lucy Burns.

Courtney, the Cornell rowing coach with a record of twenty-six victories out of twenty-nine races, has resigned.

Today's news today in The Herald.

NEW SESSION CONGRESS STARTS

Sixty-Third Has Many Matters for Its Attention

President Wilson's Message to Be Given Tomorrow

WASHINGTON, D. C., Dec. 1.—With simultaneous taps in the senate and house of the respective gavels of Vice President Marshall and Speaker Champ Clark, congress convened on the stroke of noon today for the regular or "long" session of congress. It faced the most extensive and important legislative program in many years. Because congress has been in practically continuous session since the "extraordinary" session convened on April 10th, usual formality was lacking from the proceedings today. Interest centered upon the appearance tomorrow of President Wilson at a joint session of the two bodies in the house chamber to read in person his annual opening message, or "address." Bustle and excitement of past opening days was not missing today, however. Legally the event marked the advent of the "second" session of the Sixty-third Congress. Practically, the extra session lapsed into the regular session.

- BIG LEGISLATIVE ISSUES BEFORE NEW CONGRESS
Trust regulation.
Currency bill.
Amendment of national banking act.
Rural credits.
Panama Canal tolls.
Woman suffrage.
Train safety.
Philippine independence.
Immigration restriction.
Shipping trust regulation.
Naval program.
Good roads extension.
Federal railroad for Alaska.
Curbing cotton "future" speculation.
"Lobby" investigations.

of the currency measure within sixty or ninety days. The Alaskan railroad bill will come up next Monday in the senate, but will probably be passed over to continue currency discussion. Adjournment of congress December 19th, until January 5th, for the holidays, is planned. Facing congress this winter is an unusually heavy schedule. Twelve regular and several special appropriation bills must be passed. Trust regulation and amendment of the Sherman law will be taken up first by the house judiciary committee, whose investigation has already been authorized. The democratic caucus of the house has also instructed the committee to report a bill to prevent interlocking directorates. Movement for congressional investigation of the copper strike at Calumet, Mich., and the Colorado coal strike was renewed today.

Galleries in both chambers were jammed today. Admission was generally limited to private cards of the members. At the house end of the Capitol the return of over 300 members who have been absent for weeks supported the appearance of a new session. By 11 o'clock members thronged the floor, exchanging greetings.

point committees to notify each other and another to notify the president that the congress had re-assembled. The presidential committee went at once to the White House. Real work of the new session will be launched Wednesday. By special order the senate will then take up the Hetch Hetchy bill, authorizing San Francisco to secure a new water supply from the Hetch Hetchy Valley.

Reports from the senate and house "lobby" investigating committees are expected soon. Reform of the national banking laws, as an adjunct to the currency bill, also got under way today. Other legislation of minor importance includes control of river floods, establishing an armor plate factory by the government, the "seamen's labor" bill, the "militia pay" bill, creation of a special army aviation corps, proposed impeachment of Federal Judge Speer of Georgia, negotiations of a new Niagara Falls treaty and the abandonment of several navy yards.

Final preparations for receiving President Wilson tomorrow were made. The scramble for cards of admission for the president's third personal appearance, reviving a custom over a century old, was in full blast. It was certain that the president would deal principally in his "address" with necessity for regulation of giant corporations. Today practically the only business transacted by the senate and house was to ap-

Before the house rules committee Wednesday hearings will be begun on the question of organizing a special "woman suffrage" committee of the house. The hearings will probably last three days, with the "antislavery" given their innings. The "administration" currency bill will be taken up by the senate late this week or early next week. The senate will vote December 5th on the Hetch Hetchy bill, and then probably take up the currency bill. Prospects are for passage

even until September.

And Some Say Times Are the Hardest Ever

(Herald Special Service) WASHINGTON, D. C., Dec. 1.—Diamond importations into the United States made their highest record in the calendar year 1913. The value of diamonds and other precious stones imported during the current year will approximate \$7,000,000, this being the first occasion on which the total has crossed the \$50,000,000 mark. Twenty years ago, according to the

official figures of the bureau of foreign and domestic commerce, department of commerce, the total imports of precious stones were but \$11,000,000. In 1902, \$28,000,000, and in 1913, approximately \$57,000,000, the estimate being based upon the known figures for the nine months ending with September, which are 30 per cent in excess of the highest record heretofore made.

These totals necessarily include imitations of precious stones, which now form about 2 per cent of the total, but were not separately shown prior to 1912. The latest official figures show for the nine months ended with September importations of \$11,500,000 of uncut diamonds, against \$7,500,000 in the corresponding months of last year; of diamonds cut but not set, \$23,500,000, against \$15,000,000 in the corresponding period of last year; of all precious stones, \$42,500,000, against \$22,000,000 in the corresponding months of last year.

These figures justify the estimate of approximately \$57,000,000 as the value of the importations of this class of articles in the year which ends with this month. The people of the United States are the world's largest importers of diamonds for permanent ownership, and they, according to a statement by Mr. George F. Kunz, in the Encyclopedia Americana, own practically half the diamonds of the world.

IF KIDNEYS ACT BAD TAKE SALTS SAYS BACKACHE IS A SIGN YOU HAVE BEEN EATING TOO MUCH MEAT, WHICH FORMS URIC ACID. When you wake up with backache and dull misery in the kidney region it generally means you have been eating too much meat, says a well known authority. Meat forms uric acid which overworks the kidneys in their effort to filter it from the blood, and they become sort of paralyzed and laggard. When your kidneys get sluggish and clog you must relieve them, like you relieve your bowels; removing all the body's urinous waste, else you have backache, sick headache, dizzy spells; your stomach sours, tongue is coated, and when the weather is bad you have rheumatic twinges. The urine is cloudy, full of sediment, channels often get sore, water scalds and you are obliged to seek relief two or three times during the night. Either consult a good, reliable physician at once or get from your pharmacist about four ounces of Jad Salts; take a tablespoonful in a glass of water before breakfast for a few days, and your kidneys will then act fine. This famous salt is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to clean and stimulate sluggish kidneys, also to neutralize acids in the urine so it no longer irritates, thus ending bladder weakness. Jad Salts is a life saver for regular meat eaters. It is inexpensive, cannot injure, and makes a delightful, effervescent lithia water drink.

NOSE AND HEAD STOPPED UP FROM COLDS OR CATARRH OPEN AT ONCE

My Cleansing, Healing Balm Instantly Clears Nose, Head and Throat—Stops Nasty Catarrhal Discharges. Dull Headache Goes. Try "Ely's Cream Balm." Get a small bottle anyway. Just to try it—Apply a little in the Nostrils and instantly your clogged nose and stopped-up air passages of the head will open; you will breathe freely; dullness and headache disappear. By morning, the catarrh, cold-in-head or catarrhal sore throat will disappear. End such misery now! Get the small bottle of "Ely's Cream Balm" at any drug store. This sweet, fragrant balm dissolves by the heat of the nostrils; penetrates and heals the inflamed, swollen membrane which lines the nose, head and throat; clears air passages; stops nasty discharges and a feeling of cleansing soothing relief comes immediately. Don't lay awake tonight struggling for breath, with head stuffed; nostrils closed, hawking and blowing. Catarrh or a cold, with its running nose, foul mucous dropping into the throat, and raw dryness is distressing but truly needless. Put your faith—just once—in "Ely's Cream Balm" and your cold or catarrh will surely disappear. (Paid Advertisement)
