COLOMBIA SENDS MEXICO A NOTE DENOUNCING U.S.

PORFIRO DIAZ MAY BE SUMMONED TO MEXICO

Order Issued Today by Huerta Placing Former Ruler on the Active Army List—Capital Advances Indicate That if Huerta Does Not Resign, He May be Assassinated. Wilson's Message Gets Big Heads

MEXICO CITY, Dec. 3.—The Mexican congress this afternoon received a note from the Colombian government, which in the most positive language hotly denounced American interference in Central and South American republics.

The note urged Mexico to resist such interference. Huerta today issued an order placing Porfirio Diaz on the army's active list. This means he must return to Mexico if Huerta demands it.

Early elimination of Huerta is believed assured. It is apparent that if he escapes assassination he will be forced to resign or be deposed by congress.

Discontent with the regime is rapidly spreading. The Mexican papers printed Wilson's message with huge headlines, contending that as Wilson does not know Mexican conditions, he should not predict Huerta's finish.

DIE LIKE RATS IN TRAP

Ten Cent Lodging House Burns in Boston, Mass.

(United Press Service) BOSTON, Mass., Dec. 3.—Another fire-trap horror occurred in this city at an early hour this morning, when the Arcadia, a five-story lodging house, was burned.

As a result twenty-seven are dead, three are fatally and many are more or less seriously injured, while dozens of men were driven, naked, into the streets, during a bitter storm.

George Adams, one of the injured, died at the city hospital after having been removed there. Mayor Fitzgerald has promised a rigid probe into the conditions of the Arcadia, and threatens prosecution.

The house was a fifteen-cent lodging house, with the beds arranged in narrow tiers in tiny cells for rooms, and at the time of the fire sheltered at least 175 men.

The fire started in one of the lower halls, and shot upwards, cutting off escape by the stairways. It was on the top floors where the rows of bunks were packed closest, and that held the most of the victims.
