Rare Act Secured for Star Theater

"It came high, but we gotta have it," says John V. Houston, in speaking of the new act which will appear at the Star theater the rest of the week. This is Butler & Lyons, genuine cowboy fiddlers, and the highest priced independent attraction on the road today. This clever pair of boys are the real article as plainmen, and their "musical round-up" brings vivid pictures of memory to those who have slept under the stars, taken their meals around a "chuck wagon" and stayed in the saddle twelve hours daily for their "forty and found." They have a number of musical novelties to spring, and their manipulations are far from the ordinary. Their cowboy dance is a big number in itself.

Many Contests for Oregon Boys, Girls

(Herald Special Service)

SALEM, Jan. 22.—The department of education with the aid of the Oregon Agricultural college, has planned organizing in every school district of the state, boys' and girls' industrial clubs. A bulletin, outlining the plan in full, and giving details, will soon be ready for distribution in the districts.

Each club is expected to take up one or more of the projects named below, the choice of the project depending upon the work which is of greatest interest to the community in which the club organized. The following are the industrial club projects suggested by this department for this year:

- 1—Boys' corn growing contest.
- 2—Boys' potato growing contest.
- 3—Girls' canning contest.
- 4—Girls' cooking and baking contest.
- 5—Boys' and girls' poultry contest.
- 6—Girls' sewing contest.
- 7—Boys' pig feeding contest.
- 8—Boys' and girls' gardening contest.
- 9—Dairy herd and management.
- 10—Manual arts contest.

The Agricultural college has promised to assist in preparing bulletins giving expert advice to the children as to how best to produce the different things named in these projects, such as bulletins on potato growing, etc. These will be distributed through the clubs, and will be of value to parents as well as to the children.

The work of organizing the clubs will fall largely upon the county school superintendents, working through the teachers.

The University of Oregon, the Oregon Agricultural College and the Oregon Normal school have promised to send out men in addition to the field workers from this office to help the superintendents in this work.

The state fair board has appropriated to this department \$1,000 to be distributed among the boys and girls as prizes at the state fair. The board has also promised us \$500 to be used to entertain two boys from each county for the whole week of the fair.

The boys will be under the most careful supervision, and will make a study of every department of the fair, including especially the poultry and the stock judging.

In addition to this, it is expected to send the ten children who stand highest in the state contest to the Panama exposition at San Francisco.
