Coal Miners Seeking an Increase in Wages

United Press Service

PHILADELPHIA, Jan. 30.—Demands for a 10 per cent wage increase for coal miners were to be formulated today at a district meeting of the United Mine Workers of America. Patrick Gilday, district president, was to preside.

In sounding the keynote of the meeting today Gilday declared that the operators, with whom their contracts expire April 1, are practically certain to grant the increases to be demanded.

He predicted that the increases would go into effect by February 1, and that the same wage raises will be granted in other Pennsylvania districts.

The operators today declared that the calling of a convention of the miners for February 24 was done in the hope of forcing a meeting of the wage scale committees of both sides later in the month, in order that when

the present contract expires there will have been a month of disagreement over wages, which, according to the contracts, would give the men the right to strike without automatically breaking the agreement.

Want Dry County

Prohibitionists of Jackson county will hold a mass meeting in the Page theater February 12th, Lincoln's birthday, to nominate a full county ticket for the November election. Prominent temperance workers from every city in the county will be in attendance, and plans mapped out for the campaign for state wide prohibition.

tion. Lincoln's famous prophesy on the liquor question will be read.—Medford Sun.

Jackson County Governor

Southern Oregon has never been represented in the gubernatorial chair, and it looks as if 1914 might be the accepted time. The eyes of the state have been turned to this section the past few months, by the campaign for a state exhibit in Ashland during the Panama exposition, and the magnitude and importance of this section of the state is becoming more and more manifest.—Ashland Tidings

Bank Pays Cost

The United States National bank has again not only proven its faith in Ashland and its future, but has shown its generosity in forwarding the same. Last week the bank assumed the entire expense, amounting to \$250, incurred by the Ashland Commercial Club in sending D. M. Lowe and the Ashland exhibit to the Chicago Land Products show.—Ashland Tidings.

Prunes to Europe

Among the notes of local affairs that were published recently was one that should be of more than passing interest to everyone in this county, and that was the shipment of prunes

from this point to foreign countries. This consisted of eleven car loads—please note we say car loads—and they were sent 3,000 miles by rail over the continent, thence another 4,000 miles over the ocean to their final destination in England, Germany, France and other European countries.—Roseburg News.

The feature of chief interest in connection with the foreign petroleum industry in 1913 was the active prospecting for new deposits.

Women's Woes

Klamath Falls Women Are Finding Relief at Last

It does seem that women have more than a fair share of the aches and pains that afflict humanity; they must "keep up" must attend to duties in spite of constantly aching backs or headaches, dizzy spells, bearing-down pains; they must stoop over, when to stoop means torture. They must walk

and bend and work with racing pains and many aches from kidney ills. Keeping the kidneys well has spared thousands of women much misery. Read of a remedy for kidney ills only that is endorsed by people in this locality.

Mrs. H. M. Beckwith, 814 Oak st. Grants Pass, Ore., says: "I used Doan's Kidney Pills in my old home in Montana, and I have also used them here in Grants Pass. I suffered much from weak kidneys, brought on I think, by impure drinking water. Doan's Kidney Pills have strengthened my kidneys and improved my health."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

Remember the name—Doan's—and take no other.
