COMMISSIONERS' WARRANTS ARE AMONG THOSE THAT ARE UNDER FIRE

Attorneys for Lumberman Allege That Hagelstein and Merrill Are Not Entitled to Mileage—Business Firms Furnishing Supplies to Poor Farm and Local Physicians Are Involved, Also.

An attack upon warrants issued at the January term of the county court was filed this afternoon by R. N. Day, through Attorneys Kuykendall & Ferguson. The members of the county court are defendants in this.

A total of \$1,645.48 is affected, and warrants to this amount are alleged to have been issued for voluntary indebtedness.

The warrants issued for supplies to the county poor house are attacked. These were issued mostly to local business firms. The salary of William Meener is also under fire.

The suit also seeks to have declared invalid the warrants issued to County Commissioners Guy Merrill and John Hagelstein. These are for salary and mileage, and the plaintiff contends that they are not entitled to mileage.

County Health Officer Merryman was issued a warrant for \$100 for salary for November and December. This is also objected to. The bill of Dr. F. M. White for 170 services rendered Fred Sperry, injured while working on the court house, is held to be invalid.

Dictator Said to Be in Field

Late Advices Say Huerta Is Leading Vain Defense

United Press Service

MEXICO CITY, Feb. 10.—President Huerta is not at the National Palace, and his family has left the city. Members of his cabinet deny that he has fled to Chapultepec for safety, and intimate that the dictator is at the front, leading his troops.

Himself a graduate of the Mexican military academy, Huerta is a skilled campaigner. He has the confidence of his federal troops, and with him leading they will make a much more effective stand against the onslaught of the rebels.

The reticence with which Huerta's whereabouts is spoken of by members of his cabinet is thought to indicate a fear that if it was known that he was absent from the capital, some sudden revolt would break out here, and make the rebel entry still easier.

The constitutionalist army is gradually closing in on Mexico City.

Will Fight Dissolution

Coast Would Not Have Railroads Divorced by Court

WASHINGTON, D. C., Feb. 10.—Headed by President Newton Lynch of the San Francisco Chamber of Commerce, a group of prominent business men from San Francisco, Los Angeles and other California cities, called upon Attorney General McReynolds this afternoon, and appealed for an indefinite delay in filing the suit to dissolve the merger between the Southern Pacific and Union Pacific.

McReynolds intimated that his mind was already made up in this matter.

At tonight's meeting of the Klamath Chamber of Commerce, the members will take up the matter of a petition to be sent to Washington, protesting against the dissolution suit.

It is held that this would greatly hamper the vast development work possible by the combined forces of the roads.
