Will Camp at Sacramento to Get Hopyard Rioters

United Press Service SAN FRANCISCO, Feb. 11.—The "Go-to-Washington" army of the unemployed today perfected plans whereby they will hold peaceable demonstrations to persuade Governor Johnson to pardon Suhr and Ford. Railroad Men Who Want Higher Rates

George A. Post, president of the Railway Business Association, has come forth against the bill of Representative Esch, which requires the substitution of steel cars for wooden cars on all railroads.

This position is upheld by Newman Erb, president of the Minneapolis and St. Louis railroad. He insists that it is impossible for the railroads to increase their facilities out of earnings or surpluses.

"I have reached the conviction that rates must be increased to enable the railroads to meet part of their requirements from surplus earnings and improve their credit to enable them to obtain the means necessary to meet the transportation needs of a growing country."

His railroad reports a surplus of \$452,000 for the year ended June 30, equivalent to 7.6 per cent on the preferred stock, compared with a deficit the previous year of \$477,000.

In these days of big libraries it seems odd to spread the news that a collection of books at Princeton has been brought up to eight volumes. But they are all early books on Amerigo Vespucci, which makes a big difference.

According to the plans outlined, "General" Charles Kelly, commanding the army, will march with 3,000 men to Sacramento next week. At Sacramento they intend to camp until Johnson pardons the pair, whom the marchers desire to have accompany them to Washington, D. C.

BOWLING TOURNEY STARTED IN EAST

STARS FROM MIDDLE WEST AND FROM CANADA ARE ENTERED FOR PRIZES—"DODO" BALL IS BARRED OUT

United Press Service MINNEAPOLIS, Feb. 11.—From Iowa, Wisconsin, Minnesota, the Dakotas and Canada bowling teams congregated here today for the opening session of the International Bowling Association which will hold forth until February 22.

There is far more interested manifested in the congress this year than ever before, and the contests today attracted big galleries. The crowds are having marked effect upon the contestants, as the officers of the association are trying out a plan never before attempted—that of giving back in cash prizes every cent of the gate receipts.

From the looks of the initial gallery, the players are coming in for fat prizes this year, and all of them have set in with a determination to break records.

The "dodo" ball is barred. Those who planned to put one over on the officials by using the shot-filled sphere will be caught in the act by the scales that have been ordered installed.

Many bowlers brought their families for the session, and women were everywhere evident among the enthusiasts.

Senator Oliver Beards Pastor

Senator George T. Oliver of Pittsburgh accepted the challenge of the Rev. Charles E. McClellan, issued a short time ago, that Pennsylvania had no senator whom he might call to his pulpit. He went into the pulpit, that in the Fairhill Baptist Church, and gave definite answers to seventeen questions by the pastor. The senator was cheered by the congregation, which is largely made up of persons living in the textile district of that city.

He said the laboring man should organize to gain by proper means the best wages their employers could afford to pay; that employers and employees should submit to arbitration before strikes were declared; that good wages could be paid only when business was prosperous; that he feared the democratic tariff would cause industrial depression, and that all that could be done was to "wait and see."

The congregation applauded when the senator declared in favor of local option, and again when he came out for woman suffrage. He disclaimed any connection with the Oliver steel mills in Pittsburgh, and added that no matter what might be the conditions in the mills "it is not fair play to charge it against me."

"The attacks against the owners of the plant," he added earnestly, "are mendacious and malicious. I dare say that if I were not in public life nothing would be said about them."

The senator announced that he would not be a candidate for re-election. The initiative and referendum recall he denounced.

On Vacation. Dr. Warren Hunt left today for a short vacation with friends near the Agency.

Cross Upper Lake Ice

Two Women Make Daring Trip to Get Delayed Mail

Unable to remain any longer on an Upper Klamath Lake homestead without hearing from their relatives and friends, with the letters piling up for them in the Klamath Falls postoffice, Mrs. Rose Torrey and Miss Maud Nail, two Klamath women who are homesteading near Odessa, crossed Upper Klamath Lake on the ice Tuesday, and catching a stage at Algoma, came on into town.

From Odessa, whence they started, Mrs. Torrey and Miss Nail walked fifteen miles. The greater part of this distance represents their hike across the frozen surface of the lake.

The woman stated that they have contemplated the trip to town for some time, but have been halted by misgivings as to the thickness of the ice. After a wait of five weeks for mail, they became desperate, and made their trip. Since the Upper Lake was closed to navigation there has been no mail service to Upper Lake points. Only when some homesteader happens to come to town is there any possibility of mail reaching the people there.

Before he went before the court the newspaper men asked if he wished to make a statement to them. He sent back a note penned as follows: "Beyond this Vale of Tears, There is a life above. Unmeasured by sight of years; And all that life is Love."
