EAT LESS MEAT IF BACK HURTS

TAKE A GLASS OF SALTS TO
FLUSH KIDNEYS IF BLADDER
BOTHERS YOU—DRINK LOTS
OF WATER

Eating meat regularly eventually
produces kidney trouble in some form
or other, says a well known author-
ity, because the uric acid in meat ex-
cites the kidneys they become over-
worked; get sluggish; clog up and
cause all sorts of distress, particu-
larly backache and misery in the kid-
ney region; rheumatic twinges, se-
vere headaches, acid stomach, con-
stipation, torpid liver, sleeplessness,
bladder and urinary irritation.

The moment your back hurts or
kidneys aren't acting right, or if blad-
der bothers you, get about four
ounces of Jad Salts from any good
pharmacy; take a tablespoonful in a
glass of water before breakfast for a
few days and your kidneys will then
act fine. This famous salt is made
from the acid of grapes and lemon
juice, combined with lithia, and has
been used for generations to flush
clogged kidneys and stimulate them
to normal activity; also to neutral-
ize the acids in the urine so it no
longer irritates, thus ending bladder
disorders.

Jad Salts cannot injure anyone;
makes a delightful effervescent lithia-
water drink which millions of men
and women take now and then to
keep the kidneys and urinary organs
clean, thus avoiding serious kidney
disease.

"Marriages Founded on Platonic Love", Says Miss Katherine Grey

"Are marriages founded on platonic
love justifiable?" Katherine Grey, the
accomplished and intellectual actress,
was asked. Miss Grey is the star of
"The Rule of 3," a new farce, in
which she manages two ex-husbands
and one real husband. She does it
successfully.

"Am I really the first man you ever
loved?" demands her third husband.
"Of course you are," she replied.
"The love with the other two was
purely platonic."

"The question whether or not platonic
marriages are justifiable is not
the important question," said Miss
Grey. "The important fact is that
most of them are platonic, on the
part of the brides, at least. It doesn't
make any difference whether they are
or are not justified, whether they con-
tinue."

"Most women," she continued,
"wed for a home and independence of

their parents or guardians, for a
chance to be some one in a world of
their own. They like their husbands,
of course. They pick out the kind
of men they can like. But most of
the love is on the part of the hus-
bands. The brides make a great pre-
tense of love. Some of them do love;
others learn to love after they have
been married—if the husbands are
gallant enough to make them learn.

"In Europe there isn't even the pre-
tense of love, most marriages being
settled by parents. Girls don't see
enough of their fiancés before mar-
riage to learn to love them unless it
is a case of love at first sight. Some
of them learn to love their husbands
later, and some learn to love other
women's husbands."

Miss Grey spends her leisure hours
reading Kant and Hegel, dotes on
Lamartine, and adores Huysmans.
But Miss Grey sees nothing in this to
surprise one. According to her own
Hegel, life is a system of contraries,
and for a thing to be true its opposite
must also be true.

OLD-TIME COLD CURE— DRINK HOT TEA!

Get a small package of Hamburg
Breast Tea, or as the German folks
call it, "Hamburger Brust Tee," at any
pharmacy. Take a tablespoonful of
the tea, put a cup of boiling water upon
it, pour through a sieve and drink a
teacup full at any time during the
day or before retiring. It is the most
effective way to break a cold and cure
grip, as it opens the pores of the skin,
relieving congestion. Also loosens the
bowels, thus breaking up a cold.
Try it the next time you suffer from
a cold or the grip. It is inexpensive
and entirely vegetable, therefore safe
and harmless.

RUB RHEUMATISM FROM STIFF, ACHING JOINTS

Rub Soreness from joints and muscles
with a small trial bottle of
old St. Jacobs Oil

Stop "dozing" Rheumatism.
It's pain only; not one case in fifty
requires internal treatment. Rub sooth-
ing, penetrating "St. Jacobs Oil" right
on the "tender spot," and by the time
you say Jack Robinson—out comes the
rheumatic pain. "St. Jacobs Oil" is
a harmless rheumatism cure which never
disappoints and doesn't burn the skin. It
takes pain, soreness and stiffness from
aching joints, muscles and bones; stops
sciatica, lumbago, backache, neuralgia.
Linger up! Get a 25 cent bottle
of old-time, honest "St. Jacobs Oil"
from any drug store, and in a moment
you'll be free from pains, aches and
stiffness. Don't suffer! Rub rheuma-
tism away.

Panama-Pacific Sets Record

Exposition to Be Ready Before Date of Opening

A Year Before Date Set, Buildings Were Over 80 per Cent Finished--San Francisco Is Jubilant

United Press Service

SAN FRANCISCO, March 13.—The
Panama-Pacific Exposition will be
completed eight months ahead of its
scheduled opening—February 20,
1915. This was the promise made
here today by its directors.

San Francisco has just turned her-
self loose along the two-mile water-
front of the nearly completed "en-
chanted city." She filled the entire
day and part of a night with jubila-
tion, sports, a naval display, races,
oratory, grand opera and bombardment
of cannon, because she had made
another world-wide record.

The jubilee was celebrated amongst
the nearly completed towering pal-
aces with their marbled domes and
their half completed parks and gor-
geous gardens. And it was called
forth by the certainty that everyone
of the mammoth exhibition palaces—
each one covering from five to ten
acres—and every lake and fountain
and avenue and garden and all the
minor palaces of the exposition will
be completed and ready for occupancy
just eight months before the opening
day. The record which the hustling
Californians have broken is this: The
Panama-Pacific Exposition will be
ready, not merely on time, but long
before; and since no other world's
fair has been ready till long after-
wards, this was considered reason-
ably plenty for its creators to jump up
and crack their collective heels to-
gether.

One year before its opening day,
the \$50,000,000 show place was a
little more than 80 per cent finished.
The first of the gigantic buildings to
be completed was the palace of
machinery—the largest wooden
building ever constructed. Its com-
pletion was celebrated last December
by the first indoor aeroplane flight
ever made, when Lincoln Beachey
flew the length of its 1,000 foot
naves, under its roof of Pompeian
red. The next building to be com-
pleted was the huge palace of edu-
cation and social economy. This will
be followed by the completion early
this month of the palaces of agri-
culture, varied industries and mines
and metallurgy. These already are
roofed and domed and the Travertine
marble coating of the exterior
walls finished.

The palaces of manufactures.

It Is Your Kidneys?

Don't Mistake the Cause of Your
Troubles.

Many people never suspect their
kidneys. If suffering from a lame,
weak back or aching back they think
that it is only a muscular weakness;
when urinary trouble sets in they
think it will soon correct itself. And
so it is with all the other symptoms
of kidney disorders. That is where
the danger often lies. You should
realize that these troubles often lead
to dropsy or Bright's disease. An
effective remedy for weak or diseased
kidneys is Doan's Kidney Pills. Res-
idents of this vicinity are constantly
testifying.

Mrs. Grace Skeeters, 6 W. Jack-
son St., Medford, Ore., says: "I can
recommend Doan's Kidney Pills
highly for kidney complaint and pain
and stiffness in the back. They re-
lieved me when I had these troubles.
I have been well ever since."
For sale by all druggists. Price 50
cents. Foster-Milburn Co., Buffalo,
New York, sole agents for the United
States.

Remember the name—Doan's—
and take no other.

Klamath County Abstract Co.

ABSTRACTING

MAPS, PLANS, BLUEPRINTS, Etc. KLAMATH FALLS, OREGON

transportation, food, products and
liberal arts will be finished not later
than June 1st. Last to be completed
will be the two most beautiful struc-
tures of all—the crystal palace of
horticulture, with its glass dome, 152
feet in diameter—the largest dome
in the world—and the palace of fine
and cement, will extend in semi-lunar
form nearly a quarter of a mile along
a forest-bordered wilderness of lake.

Under the dome of this building
and dominating the whole display
of statuary, will be the first statue
ever erected to Motherhood, the con-
tribution of the Pioneer Mothers As-
sociation of California. This build-
ing will house the largest loan col-
lections of paintings, mostly modern,
from Europe and America, ever as-
sembled at an exposition.

It was estimated today that 40,
000 exhibitors will be represented in
these various exhibit palaces. Three
times as much space for displays from
all over the world has been applied
for as the eleven palaces can accom-
modate. No exhibit not manufactur-
ed or produced within the past ten
years will be received in competition
prizes.

It is planned to make the exhibit
unique in many respects. For ex-
ample, practically all the exhibits,
even including those having to do
with education, social economy, labor,
horticulture and factory products,
will be displays of living processes—
working models—a sort of labora-
tory for the fourteen millions of visi-
tors who are expected to come as
students to this universal university.

Up to date, thirty-four foreign na-
tions have elected to be represented
officially by pavilions and compre-
hensive exhibits; a greater foreign
representation than any previous ex-
position has been able to boast.

The vast interest aroused in the San
Francisco celebration is shown by the
fact that every American nation be-
tween the Arctic ocean and the south
pole will be represented by buildings
and displays—Argentina leading all

the rest with an appropriation of \$1,
000,000.

Even nations so distant as Turkey,
China, and Japan will spend the
enormous sum of \$700,000 each on
their displays. France, which let
down her Panama Canal construction
plans, showed her sporting blood
by appropriating \$500,000 to par-
ticipate in the celebration.

Thirty-five states of the Union al-
ready have decided to erect buildings.
Others are soon to take similar ac-
tion.

LOOK OUT! IT'S FRIDAY AND THE THIRTEENTH

United Press
NEW YORK, March 13.—For
the second time in the first three
months of the year 1914, this
mundane sphere today was con-
fronted with that hideous hor-
dox and ogre, Mr. Friday-the-
Thirteenth.

There will be one more
chance this year for the hoodoo
to get in his deadly work—on
Friday, November the Thir-
teenth.

In 1913 there was but one
Friday of the fifty-two which
fell on the thirteenth of the
month. That was Friday, Janu-
ary 13th.

Next year, 1915, there will
be but one Friday, the Thir-
teenth, when the hoodoo day
comes in August of that year.

The convicts on the prison farm at
Jackson, Mich., raised 1,500 bushels
of onions, 2,500 bushels of parsnips
and 2,000 bushels of carrots on a
total of six acres this year.

There are two kinds of insurance.
Chilcote writes the kind that pays,
625 Main.

EXPERIENCE COUNTS

In every line of business experience is what makes efficiency. It
is with great pride that we can truthfully state that the different
departments of our business are managed by men of experience.
Experienced buyers, experienced butchers, experienced cutters,
experienced salesmen and experienced deliverymen—all combine
to give you the benefit of their efficiency. Think this over when or-
dering your supplies for the table.
