Deeds, Not Words

Klamath Falls People Have Absolute
Proof of Deeds at Home.

It's not words but deeds that prove
true merit.
The deeds of Doan's Kidney Pills
for Klamath Falls' kidney sufferers
have made their local reputation.
Proof lies in the testimony of
Klamath Falls people.
N. Marchand, Warden ave., Klamath
Falls, Ore., says: "About two
years ago I first noticed symptoms of
kidney trouble. My back pained me
intensely and I was obliged to get up
many times during the night, owing
to too frequent passages of the kid-
ney secretions. Often my back was
so weak that I had to quit work.
Doan's Kidney Pills were finally
brought to my attention and I began
using them. They made my kidneys
normal and removed the pains in my
back. I give Doan's Kidney Pills the
credit for this cure and highly recom-
mend them to other kidney sufferers."

R.R. Commission Writes Kerns

Light Thrown on Delay in Franchising

Before Application Was Made by Company, the Commission Writes Making Some Stipulations

Just why the Kerns Brothers, in-
corporated now as the Keno Power
company, have not made application
for a franchise to operate here as
they intended to is a matter that has
been causing much speculation. Some
have contended that this movement
was for the purpose of inducing the
California-Oregon Power company to
buy their power site on Klamath
river, and others have held that the
California-Oregon Power company
was throwing obstacles in the way of
the application.
It has just come to light that the
railroad commission of Oregon took
the matter up with the Kerns
brothers just a few days before the
day on which they had planned to
make application for a franchise.
Whether or not this communication
caused a change of plans is not
known.

The communication sent the Kerns
brothers by the railroad commission
follows:
"We are advised that you are, un-
der the name of 'Keno Power com-
pany,' actively soliciting customers at
Klamath Falls, Oregon, offering elec-
tric light and power at a certain fixed
rate with 25 per cent discount for
prompt payment.
We wish to say that we have very
great doubt as to the legality and
reasonableness of such a discount pro-
vision, and certainly it will have to
be afforded to every customer alike
upon the same conditions.
The rates that you propose to
make must be evidenced by a tariff
on file with this commission, and the
tariff must contain the contract pro-
visions and no riders or deviations
from the contract will be permitted.
You will kindly make out and re-

turn to this office at your early con-
venience the accompanying prelimi-
nary report form, which is required
of all public utilities to be filed with
the commission for its information.
We send you also copy of the or-
der of this commission with relation
to the filing of tariffs and schedules.
This you will please observe if you
are going to operate as a public util-
ity. Also find enclosed copy of gen-
eral order prescribing the method in
which crossings of wires shall be con-
structed and maintained.
We transmit to you as well a copy
of the Public Utilities act and Uni-
form Classification of Accounts which
electric utilities are required to ob-
serve. Please note that by law ac-
counts of construction are to be kept
in the manner prescribed by the
commission's uniform accounting system.
Kindly acknowledge receipt hereof
and give this your early attention."
