

Pittsburgh Is to Help the "Down and Out"

PITTSBURGH, March 18.—Preachers, bankers, educators and sociologists prominent in this city today are backing a movement to care for the "down-and-out," which will place this city on a par in its facilities to help the unfortunate with Chicago, Boston, St. Louis and other large cities.

The plan as outlined contemplates an institute at Market street and Third avenue, with George Trotter of Chicago, brother of "Mel" Trotter of Grand Rapids, as superintendent.

The old Fair building is now situated at that corner, and purchase of the structure is called for by the plan. Either remodeling of that into a modern settlement building or the construction of a new building would follow.

The Union Mission would be abandoned and merged with the new mission, which will be controlled by the Pittsburgh Presbytery. Food and lodging will be afforded those who can pay at small cost, while for those completely "strapped" comfortable quarters, food and employment in workshops connected with the institution will be given.

One large room will be set aside for religious services and a social center. Only the amplification and carrying out of the plan remains to be worked out.

Britain Controls the Chinese Opium Traffic

HONGKONG, March 18.—The British government has set into motion plans for the absolute control of the raising, marketing and sale of opium in the crown colony of Hongkong, on the southern coast of China.

This has been done in an attempt to counteract the deficit of \$2,036,616 Mexican in the budget of 1914. This abolishes the opium farm system, which has been in operation here for years.

By taking over the opium farm, and establishing an official monopoly, the government expects to reap a profit of \$1,579,369 Mexican, which will come within \$500,000 Mexican of wiping out the dreaded \$2,036,616 slump in the government revenues.

Caustic criticism of this plan, which will make the crown colony a trafficker in the pernicious drug for profit, has called forth denials from Claude Severn, the official administering the government, and other officials of Hongkong, who contend that the plan is the best that could be devised under the circumstances.
