

## TO FLOOD COAST WITH CHEAPEGGS, BEEF AND BUTTER

TO BE IMPORTED FROM NORTH-EASTERN CHINA

San Francisco Business Men Planning Refrigerator Ship Line to Ply Between Golden Gate and Northern Provinces of Chinese Republic. Products Said to Be Superior to Those Shipped From Australia.

United Press Service

SAN FRANCISCO, March 21.—A refrigerator steamship line to North-eastern China to provide cheaper beef, butter and eggs for the Pacific Coast was the plan under consideration today by the San Francisco Chamber of Commerce.

Negotiations with this end in view already have been started by a committee of wealthy business men appointed by the organization.

The present plan is to import eggs from the northern part of China. These eggs, it was said, do not come in for the criticisms recently made on eggs brought to California parts from the southern part of the country.

Chamber of Commerce officials declare the Northern China eggs average from four to six to the pound, and are raised under the best sanitary conditions.

The plan also provides for importing beef from cattle raised in the provinces of Honan and Szechuan, which contain many hundreds of miles of the finest pasture.

The Russians, it is said, prefer this beef to the Australian variety. It is probable, according to reports, that the United States troops in the Philippines will be provided from this source during the coming year.

Butter of the best quality, it is said, also may be secured from the Honan and Szechuan provinces. A steamer firm keeps the refrigerating steamer Guthrie plying constantly between that port and Vladivostok with produce.

The lecturer told of the discovery of a natural arch on the rim of Crater Lake nearly equal in size to the Natural Bridge of Virginia, which was found recently by Kiser, the Portland photographer.

Mr. Steel received much applause when he stated that the entrance to the park from the Klamath side would be put in a condition of easy access.

The two will be followed by Francis Quimet, the American open champion, who beat Ray and Vardon, the professional English golfers who came to the United States last year. When the members of the posse searched the dead Mexican, his pockets yielded twenty-two sticks of dynamite, a box of percussion caps, 100 feet of fuse and two automatic revolvers.

## A VISIT TO THIS CITY DECIDED 'EM

AT INVITATION OF A FRIEND THE MAHEUS STOPPED IN KLAMATH FALLS, AND HAVE SINCE MADE THIS THEIR HOME

Four years ago, Mr. and Mrs. Maheu left their home in Watsonville, Calif., for a six months outing at Long Beach. After five months at the beach they concluded to visit Mrs. Maheu's folks at Spokane.

On the train they met a Klamath Falls booster, who persuaded them to visit Klamath Falls on their way to Spokane.

The result of their visit is well known. Mr. Maheu bought property here and has since built a splendid brick building on Main street, and otherwise improved his holdings in the city.

## BALL MAGNATES TO MEET MONDAY

STOCKHOLDERS OF THE BASEBALL CLUB WILL GATHER TO COMPLETE ORGANIZATION AND NAME OFFICERS, ETC.

A meeting of the stock holders of the baseball club has been called for Monday night in the club rooms, in the rear of the Palm Cigar store, at which time a board of directors and a manager will be selected. Harry Ruiz and L. R. Robertson, who had charge of soliciting stock subscriptions, have completed their work, and will make their report at Monday night's meeting.

This pair has done wonderful work, and while they met with no bitter opposition, they did meet with something far worse—a nonchalant apathy, a lack of interest, that would have taken the heart out of men less sanguine and energetic.

With enough stock sold to affect an organization, the selection of directors and manager will be made on Monday night, and with their selection, the getting together of a team will follow in short order.

## 'MISSOURI GIRL' HERE TONIGHT

GREAT INTERMINGLING OF COMEDY AND DRAMA IS TO BE PRESENTED AT HOUSTON'S OPERA HOUSE BY ORIGINAL COMPANY

"Comedy" applied to "The Missouri Girl" is more or less a misnomer. A tragic-comedy is more descriptive of the play than the former. There are heaps of clean comedy in it, but it is not altogether free from tragedy, and when the two are blended happily, the product is bound to be a success.

That is why "The Missouri Girl" has been so popular all over the United States for several years.

There is just sufficient of serious matter in it to afford a pleasing contrast to the farcical side.

Really funny incidents are numerous, and perhaps it is as well that the audience is afforded a breathing spell at times for the crisis and counter-sentiment of the play.

To the play's success the great characters of "Eke" and "Daisy" contribute much of the comedy. They carry most of the burden of the production, but while these two are outstanding, other characters of the play are equally excellent, and, on the whole, the cast is well balanced and sustained.

The company will present this play here tonight and tomorrow night.

## 'HAM' IN TOILS OF FEDERAL MEN

COLORED CHARACTER ARRESTED LAST NIGHT ON CHARGE OF BOOTLEGGING—HEARING TO BE HELD MONDAY

J. W. Hamilton, or "Ham," the senegambian bootblack, is again in trouble, with a bootlegging charge hanging over him. He was arrested last night on a federal warrant, charging him with selling liquor to Indians.

Following his arrest Ham was placed in the county jail. He will be given a hearing before United States Commissioner Ferguson Monday morning. William Timms, porter at the Hotel Hall, has obtained permission to appear for the prisoner, and Hamilton has also been consulting W. J. Shaver.

Ham has been arrested before on similar charges, but in every instance he has been acquitted. This time, say Federal authorities, there is an unbeatable case against the colored man.

Deputy United States Marshal Fuller came in from Portland last night with a warrant for Ham's arrest, and with Patrolmen Walker and Wilson he went to Ham's cabin last night.

When Ham came to the door, badly frightened, he fondled a revolver, which was taken away from him as soon as he refused to drop it.

## Toledo Minister Will Censor Prize Fights

TOLEDO, Ohio, March 21.—There will be no feecing of the public through crooked prize fights by crooked fight promoters in Toledo henceforth; and Rev. Aaron E. Jones, pastor of St. Mark's Episcopal church is the man who will be personally responsible for straight fighting and clean prize ring sport here.

Dr. Jones has just been appointed head of the municipal boxing commission by Mayor Keller, for two reasons. The first is that Dr. Jones is an enthusiastic fight fan as there is in the city, and as such knows the game from first to last.

The second reason is that Dr. Jones is mentally, temperamentally and physically THE man for the place. He believes thoroughly in boxing, if it is properly supervised—and he declared

## MEXICAN AFFAIR BEING SOLVED SAY OFFICIALS

HUERTA MAY TAKE FIELD AND ROJAS THE CHAIR

Bryan Has Received Full Details of Interview Obtained by Ambassador Lind, But Will Not Make It Public. Huerta Rewards Commander Who Killed One Hundred and Fifty Men Who Would Desert.

United Press Service

WASHINGTON, D. C., March 21.—The state department has received a full report of a conference lasting for over three hours between Ambassador Lind and Mexican officials, but will not disclose the details.

Secretary Bryan, however, admitted that the report contained what may ultimately prove a foundation for the settlement of the Mexican problem, but farther than that would say nothing.

Secretary Bryan is considering the proposals made by Mexican Secretary of State Rojas, but what the outcome will be cannot be foretold.

It is believed that one of the proposals is to the effect that Huerta take the field, leaving Secretary Rojas in charge of the country, and that at the next Mexican election that Huerta be allowed to become a candidate for the presidency.

United Press Service

United Press Service

MEXICO CITY, March 21.—Huerta today gave unqualified approval of the execution of 150 men at the Jofetta garrison. He praised Colonel Castro, who ordered the execution, and it is understood that he will be rewarded with an important post in the north.

Vice President Blanquet fears that Colonel Arguelles and 1,600 federal soldiers have been captured near Monclova and executed, in retaliation for the Jofetta affair.

Colonel Arguelles and his command have disappeared entirely since they were detailed to trail a detachment of rebels who wrecked an oil train near Tampico.
