of lead; your back hurts or the urine is cloudy, full of sediment or you are obliged to seek relief two or three times during the night; if you suffer with sick headache or dizzy, nervous spells, acid stomach, or you have rheumatism when the weather is bad, get from your pharmacist about four ounces of Jad Salts; take a tablespoon full in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salt is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to flush and stimulate clogged kidneys; to neutralize the acids in the urine so it no longer is a source of irritation, thus ending bladder disorders. Jad Salts is inexpensive; cannot injure, makes a delightful effervescent lithia water beverage, and belongs in every home, because nobody can make a mistake by having a good kidney flushing any time. **BIG EATERS GET KIDNEY TROUBLE**

**TAKE A GLASS OF SALTS BEFORE BREAKFAST IF YOUR BACK HURTS OR BLADDER BOTHERS YOU**

The American men and women must guard constantly against kidney trouble, because we eat too much and all our food is rich. Our blood is filled with uric acid which the kidneys strive to filter out, they weaken from overwork, become sluggish; the eliminative tissues clog and the result is kidney trouble, bladder weakness and a general decline in health. When your kidneys feel like lumps

**THE VERDICT**

After using Crater Lake Flour exclusively during his week of demonstrating at the Baldwin Hardware store, Professor Joseph Becker, the world renowned chef, said: "Crater Lake Flour is the equal of any flour I have ever used."

In his lectures here the Professor called attention to the fact that altitude had much to do with the amount of shortening and baking powder one should use, and that the climatic conditions under which the wheat matured must be considered in obtaining the best results in baking.

We have arranged with Professor Becker for full instructions in the mixing and baking of flour from Klamath grown wheat. This information will appear from time to time in our advertisements in the Herald, making it possible for you to obtain the same splendid results obtained by the Professor.
