Dollars to Cut Big Figure in Baseball of Future

BY HAL SHERIDAN
Written for the United Press

NEW YORK, March 26.—All the time they are talking about money! Not having as close acquaintance with the director of the mint as some of those who are exuding huge gobbs of sentiment in the sport field, it is impossible to say here just how much money there is in the world. But most of it is surely being used for other things than backing "soulless corporation" or conducting wars in Mexico.

With the United States treasury put to shame by the Federal League in their claims to wealth, the fight game has kicked in with a slight glitter to match the baseball Midas flash. While a span of two months, or by Maytime, Willie Ritchie will have looked in \$24,000. This amount will represent just two fights. The lightweight champion received a paltry \$14,000 for going ten rounds with Ad Wolgast in Milwaukee recently. He has now accepted terms for another ten-round tango with Jimmie Duffy, Lockport lightweight, and is also to receive a guarantee of \$10,000 for that engagement. From where we sit it is possible to add \$16 and \$10, knowing that it makes \$26; therefore, \$18,000 and \$10,000 must make \$28,000.

As just a little side issue to the money being circulated through sports, Ad Wolgast received \$12,000 for being licked by Ritchie at Milwaukee.

The Federals are still talking money in the baseball field, and organized baseball has put up slathers of coin to keep stars from doing a kangaroo to the outlaws. At the rate talk of dollars and cents has progressed in the race for a place where base hits and fielding once roamed around, we may expect something new in the run of baseball writing this season. For instance, the stories of a game might read:

"The batteries in today's game were valued at \$75,000, the two pitchers drawing \$25,000 each and the catchers \$12,500. Grabber, the \$18,000 second baseman, accepted ten chances without an error, but Manager Goinstky expressed his \$20,000 opinion that he might have taken care of a lot more and still not have injured his glove, which is insured for \$5,000. The game was broken up in the tenth inning after \$15,000 worth of balls had been used, and the umpire estimated that the damage to his voice in arguing with players was at least 30 cents. With two \$10,000 men on base and the \$100,000 infield of the league leaders playing in close, Whoist, recently from the bushes and receiving only \$1,000 a year, surprised everyone by pushing a double out of reach of a \$15,000 right fielder, thereby scoring \$20,000 worth of runners and ending the game. The receipts were," etc., but you know the rest.

Moran to Fight Johnson in Paris

Frank Moran, who is matched to fight Jack Johnson, the so-called heavyweight champion of the world, June 27th, in Paris, has just come back to the United States. Moran is confident that Johnson will fight him, and that the big black will go down. Of course, few contend, perhaps not even Moran himself, that he would beat Johnson in his prime. But the big black has been going a hard pace since he won from Jim Jeffries. He has had some worries, too—in keeping out of jail on very serious charges against him in Chicago. He is not the boxer he once was, and Moran, who is a very strong and fair-

Great Crowd Expected at Moran-Johnson Fight

PARIS, March 26.—It is now a certainty that the heavyweight champion ship fight, between Frank Moran, the Pittsburgh white hope, and Jack Johnson, will be pulled off here on a Sunday, the day of the Grand Prix at Longchamps in June.

Dan McKetrick, the foxy manager of Moran, has everything to gain by picking this, or a similar day, for the match. Johnson is guaranteed \$35,000 win, lose or draw, \$30,000 to be paid to his white wife on the day of the match and \$5,000 in \$1,000 installments for five weeks prior to the fight.

Roth and Maitrot, under whose direction the fight is to be held, also have a guarantee of \$5,000 with a prospective share in the gate receipts. Moran will get a like settlement.

Therefore, the box office will have to take in at least \$45,000 before Danny comes in for a nickie. Over that amount he, Moran and the fight managers will share. But fights in Paris so far have never yielded anything like this sum.

"McKetrick figures this will be the biggest fight France has ever seen, consequently bigger admission will be charged. The battle probably will take place at the Parc des Princesses, a big athletic field, bicycle track and favorite dueling ground, or some other large place, in order to keep all the money which may be offered at the gate. However, Moran is an unknown here, and Johnson is about as popular as the measles; so somebody stands to lose unless the international sporting men here to see the Grand Prix decide to go in strong for 'la boxe.'"

REACH'S 1914 GUIDE IS OUT

THIRTY-SECOND ANNUAL COMPLETE IN EVERY WAY, AND MUCH ATTENTION GIVEN TO WORLD'S SERIES CONTENTS

The 1914 Reach American League Guide—the official handbook of the great junior major league—has just made its ever-welcome appearance, thus ushering in one more baseball season; a function which is fulfilled each spring for thirty-two consecutive years.

The book gives a complete review of the American League's thirteenth crucial season as a major league; complete records and averages of the American League 1913 race and players; a graphic story of the American League's successful and victorious part in the memorable post-season world's championship series.

The National League race of 1913 is also fully treated, and exhaustive averages of the National League players are furnished, together with portraits of the leading players in the 1913 season; and especially designed action pictures of all 1913 National League teams in the order in which they finished.

The 1913 world's series is made the great special feature of the 1914 Reach Guide. In this Guide is given the official account of all the wonderful games in the Athletic-New York series of 1913, together with the official scores and averages, all from the pen of Editor Richter, who was the official scorer of the world's series by appointment of the national commission.

The Guide also contains the most important requisite to give it official stamp and public value, namely, the revised and correct new uniform playing rules code for 1914.

KILBANE LONG IN THE WAGERS

BOTH THE CHAMPION AND DUNDEE SAY THEY ARE IN FINE FETTLE FOR TONIGHT'S BOUT TO SETTLE TITLE

United Press Service
PHILADELPHIA, Pa., March 26.—Johnny Dundee, clever little fighter though he is, today had to be content with the short end of the betting for his fight tonight with Featherweight Champion Johnny Kilbane of Cleveland.

Both men today claimed to be in the very best of condition, and both issued the usual statements claiming victory by a wide margin.

The battle is scheduled to go six rounds, and experts today said it will go that limit. Kilbane and Dundee already have met twice. Dundee is to get 30 per cent of the gross receipts, while Kilbane is working on a guarantee. The seat sale has been enormous.

TENNIS CLUB TO BE FORMED SOON

PROPERTY CLOSE TO MAIN AND FIFTH STREETS IS PROMISED. MANY OLD-TIME STARS ARE TO JOIN

Following the announcement that property suitable for two double tennis courts, close to the business center, could be secured for the club being talked of, interest among the racket wielders has increased. Already sufficient people have become interested to insure the success of the club.

Among these are members of the old Klamath Tennis Club. There are also some newer residents, who, like the old stars, have shone in tournaments elsewhere.

A meeting will be held in a short time to take up organization, preparation of the courts, and other matters.

LOTS OF SPEED IN HIGH SCHOOL TEAM

"INSIDE BASEBALL" DEVELOPMENT IS INJECTING ALL SORTS OF PEP INTO THE STUDENTS' PLAY

The high school baseball team is one of the big surprises of the year. Heretofore baseball has played second fiddle to other forms of sport in high school athletics, and no one really thought of a baseball team of championship calibre.

The practice games indulged in by the aspirants for positions on the team has demonstrated that the 1914 team is some team, and will undoubtedly cut quite a chunk of ice in county school circles.

Captain Noel is instilling inside ball, and already team work is a noticeable feature. At bat, the boys show up strong and confident, using their heads as well as their bats.

Bunting, place hitting, sacrificing and signal work is included in the daily practice.

Manager Hales and Captain Noel are confident that the team will defeat every team in the county this season.

URGE DR. MORROW TO MANAGE TEAM

MEETING OF THE STOCKHOLDERS WILL BE HELD WEDNESDAY EVENING FOR CHOOSING DIRECTORS, ETC.

Before the week is out every stockholder in the baseball club will have received a written notice to attend a meeting at the Chamber of Commerce rooms Wednesday evening, April 1st. This meeting is of the greatest importance, and every stockholder should make it a point to be present.

A board of directors and a manager will be selected at this meeting. Arrangements will also be made for putting the grounds in shape.

The condition of the ground at present makes practice practically out of question, and one of the very first acts of the directors should be toward having the diamond leveled and smoothed so that the players would not be endangering their lives every time they fielded a ball.

The management of the team will very likely be in the capable hands of Dr. E. V. Morrow, as players and fans alike have urged him to accept the position.
