WHY NOT TRY IT?

THE Klamath Chamber of Com-
merce has decided to renew its
efforts in securing more support from
the business interests and merchants
of Klamath Falls. In this connection
the Herald would offer a suggestion,
as well as call the attention of the
people of this city to a few facts.

One of the facts most prominent is
this: It is absolutely necessary for
this city to maintain a Chamber of
Commerce or commercial organiza-
tion, if for no other purpose than to
intelligently and honestly furnish the
necessary information to the thou-
sands of inquiries which are being sent
here from prospective home-seekers
and investors.

Very few people realize the vast
amount of work that is being done by
the Chamber of Commerce of this
city. All of which takes a lot of time.
This time is being given free by a
very few loyal and patriotic citizens,
none of whom receive any direct ben-
efit therefrom, except as the entire
community is benefited.

At present the total membership
only amounts to about 93, and these
93 are raising about \$1,000 a year for
the support of the Chamber.

Instead of a membership of 93, the
Chamber of Commerce should have at
least 500, and our suggestion is that
every active member should take the
field and make a thorough canvass
to secure the necessary membership to
make the Chamber of Commerce of
such strength and power that there
would be no difficulty in securing the
financial support so much needed.

A public organization of this na-
ture should be supported financially
by the members in proportion as their
income or business will justify. A
laboring man, or one whose sole in-
come consists of a salary, may not be
able to contribute \$25 or \$50 to a
Chamber of Commerce. Nevertheless
it is to his interest to be an active
working member of the organization.

Place the membership fee at one
dollar, and let twenty good hustlers
start out and spend a week soliciting
for new members, and by the end of
the week Klamath Falls will have an
organization of such strength that it
will command the generous support
of every business interest in the city.

Co-operation is the method by
which development has been secured
by all successful communities, but it
takes more than 2 per cent of the peo-
ple of any community to make much
of a splash at co-operation. Give the
laborer and the clerk an opportunity
to become a recognized factor in the
work of the organization, at what will
not be a hardship for him to pay, and
the real purpose of the organization
will not be so apt to be misunder-
stood.

Why not try it?

Ulster Volunteers Firing in Squad in Practice

The fourth battalion of the Tyrone regiment of the Ulster volunteer force went out on the Renfurly demesne, Dungannon, the other day to learn how to shoot in actual war. Some 2,000 men had a field day, and this photograph shows a squad firing at an imaginary enemy approaching through the woods in front. For weeks this sort of work has been going on openly in Ulster towns, and the government of Great Britain paid little attention to it. Now the statement is made that no fewer than 200,000 have joined the volunteer force, ready to fight the British army. Even since the trouble has become acute the members of the government have announced that they have had no thought of issuing warrants for the arrest of Sir Edward Carson and other leaders, who organized this force.

State University Site
Is Mapped for Future

(Herald Special Service)
EUGENE, April 1.—Expansion
needs for very many years will be
provided for in the campus block plan
about to be adopted by the board of
regents of the State University.

Whatever buildings are erected
hereafter will go up in that conform-
ity and harmony that characterizes a
number of the larger state universi-
ties.

First of the new structures under
this plan will be the \$100,000 admin-
istration and class room building.
Bids for its construction will be called
in about two months, and it is to be
ready for classes in February, 1915.

The crowded conditions that have
prevailed during recent years at Ore-

gon, however, will be remedied before
the Freshman class enters next Sep-
tember by additions and repairs to
four other buildings, for which \$75,-
000 has been provided.

The new administration and class
room building will give more class-
room facilities in Villard Hall, the
present administration building; and
will free Deady Hall for exclusively
science uses. The development of a
strong pre-medic course at the State
University, and the addition of much
law school work at Eugene, together
with the fast growing number of first
year students, nearly 300 of whom
have come during this college year,
make more room this year impera-
tive.

NOSE AND HEAD STOPPED UP FROM
COLD OR CATARRH OPEN AT ONCE

My Cleansing, Healing Balm Instantly
Clears Nose, Head and Throat—
Stops Nasty Catarrhal Discharges.
Dull Headache Goes.

Try "Ely's Cream Balm."
Get a small bottle anyway. Just to
try it—Apply a little in the Nostrils
and instantly your clogged nose and
stopped-up air passages of the head
will open; you will breathe freely;
dullness and headache disappear. By
morning, the catarrh, cold-in-head or
catarrhal sore throat will disappear.
End such misery now! Get the
small bottle of "Ely's Cream Balm"
at any drug store. This sweet, fra-

grant balm dissolves by the heat of
the nostrils; penetrates and heals the
inflamed, swollen membrane which
lines the nose, head and throat;
clears air passages; stops nasty dis-
charges and a feeling of cleansing
soothing relief comes immediately.
Don't lay awake tonight strug-
gling for breath, with head stuffed;
nostrils closed, hawking and blowing.
Catarrh or a cold, with its running
nose, foul mucous droppings into the
throat, and raw dryness is distressing
but truly needless.

Put your faith—just once—in
"Ely's Cream Balm" and your cold
or catarrh will surely disappear.

A Farmer Told Us

That he could buy FORMALDEHYDE
for a dollar less, per gallon, than we charged.
Investigation proved that the product he
referred to had been diluted with water and
was only HALF STRENGTH. So in re-
ality he was paying a dollar MORE per gal-
lon than our figure.

Besides—if he used the weak Formalde-
hyde—he was taking a chance of a field of
ruined wheat.

Our FORMALDEHYDE is full 40 per
cent in strength, and the price is a dollar per
quart, \$3.00 per gallon.

It is a good plan to buy your drugs at a
dependable store.

Land Buyers Under
Project Are Assisted

The following ruling, just made by
A. A. Jones, first assistant secretary
of the interior, will be of benefit to
those seeking to buy lands under the
Klamath project:

Whereas, Under the provisions of
the public notices and orders hereto-
fore issued in pursuance of the re-
clamation act of June 17, 1902 (32 Stat.,
388), and acts amendatory thereof,
and supplementary thereto, the
charges for building, operation and
maintenance against private lands un-
der the Klamath project, Oregon-Cal-
ifornia, have accrued and accumulat-
ed to such an extent that a consider-
able portion of such lands thereunder
are not being reclaimed and cultivat-
ed; and

Whereas, It is desirable that the
said lands shall be cultivated and re-
claimed at the earliest practicable
date;

Now, therefore, in pursuance of the
provisions of the reclamation law,
and in particular of the act of con-
gress approved February 18, 1911 (36
Stat., 902), public notice is hereby is-
sued as follows:

All water right applications filed in
the year 1914 for private lands under
the Klamath project shall be accom-
panied by the portions of installments
for operation and maintenance which
have accrued against the said lands,
and the first full installment on ac-
count of the charges for building and
maintenance \$3.75 per irrigable acre
shall be due on May 1 of each suc-
ceeding year until fully paid.

Nothing herein contained shall pre-
vent the acceptance by any water user
under the Klamath project of the ben-
efits of any legislation now pending

Accurate information about the
Klamath Basin. See Chilcote, 625

IRRIGATIONISTS
TO MEET ON 9TH

CALL FOR MEETING AT DENVER
HAS BEEN GIVEN BY SECRE-
TARY LANE—CO-OPERATIVE
WORK TO BE TALKED

(Herald Special Service)

WASHINGTON, D. C., April 1.—
Secretary Lane has called a confer-
ence on the general subject of the ir-
rigation of the arid West to meet in
Denver on the 9th of April, and has
requested the governors of Arizona,
California, Colorado, Idaho, Montana,
Nevada, New Mexico, Oregon, South
Dakota, Utah, Washington and Wy-
oming to send to this conference those
who are interested in the further ex-
tension of irrigation in the West.

This conference will be devoted
especially to the consideration of
methods of co-operation between the
states and the federal government
in the building and managing of irri-
gation projects and in considering the
ways and means of financing such
work.

Secretary Lane will be represented
by several members of his staff, in-
cluding those most familiar with ir-
rigation matters, and invitations have
also been extended to the representa-
tives of financial interests interested
in the flotation of irrigation bonds
and to the representatives of Carey
act projects.

The raising, planting and upkeep
of the trees which so beautify the
streets and boulevards of Paris are
under the direction of the prefecture
of the department of the Seine, in
which Paris is situated.

Notice Inviting Proposals to Purchase
City of Klamath Falls Improve-
ment Bonds.

Sealed proposals will be received
by the undersigned until Monday,
April 13, 1914, at the hour of 1
o'clock p. m. of said day, at the city
hall in the city of Klamath Falls, Ore-
gon (at which time and place propo-
sals to purchase will be opened and
considered), for the purchase of \$17,-
252.70 City of Klamath Falls, com-
mon improvement bonds, payable ten
years from date of issue, bearing a
rate of interest not to exceed six per
cent per annum, interest payable semi-
annually, principal and interest pay-
able at the office of the treasurer of
said city or at the fiscal agency of the
state of Oregon, in New York, prin-
cipal and interest payable in gold
coin of the United States of America.
Said bonds will be issued in denom-
inations not exceeding \$500 each,
and numbered from one to 10,000, in-
clusive.

Said bonds are issued under ordi-
nance No. 219 of the City of Klamath
Falls, Oregon.

Said bonds are issued for the pur-
pose of providing funds to pay a por-
tion of the cost of improving Sixth
street from the westerly line of Kil-
lock avenue to the easterly city limits
including intersections.

Said bonds will be sold to the high-
est bidder for cash, and for not less
than par value and accrued interest.

Each proposal to purchase said
bonds must be accompanied by a
check for five per cent of the amount
of the proposal, and certified by some
responsible bank, payable to the or-
der of the undersigned. Proposals
must be sealed and endorsed, "Propo-
sal to Purchase Improvement
Bonds."

The common council of said city re-
serves the right to reject and all bids
and proposals to purchase such
bonds.

Said bonds will contain a provision
to the effect that the city reserves the
right to take up and cancel such
bonds, upon payment at any time of
the face value thereof with accrued
interest to date of payment, at any
semi-annual coupon period, at or after
one year from the date of such bond
or bonds.

A. L. LEAVITT,
Police Judge of the City of Klamath
Falls, Oregon.
Dated at Klamath Falls, Oregon,
March 11, 1914. 13-30t

IF KIDNEYS AND
BLADDER BOTHER

TAKE A GLASS OF SALTS TO
FLUSH OUT YOUR KIDNEYS
AND NEUTRALIZE IRRITATING
ACIDS.

Kidney and bladder weakness re-
sult from uric acid, says a noted
authority. The kidneys filter this
acid from the blood and pass it on
to the bladder, where it often re-
mains to irritate and inflame, caus-
ing a burning, scalding sensation,
or setting up an irritation at the
neck of the bladder, obliging you
to seek relief two or three times
during the night. The sufferer is
in constant dread, the water passes
sometimes with a scalding sensa-
tion and is very profuse; again, there
is difficulty in voiding it.

Bladder weakness, most folks call
it, because they can't control urina-
tion. While it is extremely annoying
and sometimes very painful, this is
really one of the most simple ail-
ments to overcome. Get about four
ounces of Jad Salts from your
pharmacist and take a tablespoonful
in a glass of water before break-
fast; continue this for two or three
days. This will neutralize the acids
in the urine so it no longer is a
source of irritation to the bladder
and urinary organs, which then act
normally again.

Jad salts is inexpensive, harmless,
and is made from the acid of grapes
and lemon juice, combined with
lithia, and is used by thousands of
folks who are subject to urinary dis-
orders caused by uric acid irritation.
Jad Salts is splendid for kidneys and
causes no bad effects whatever.

Here you have a pleasant, effor-
tescent lithia-water drink which
quickly relieves bladder trouble.
